WOMEN'S CLUBS.

Mr. Roosevelt Says a Good Word For Them.

Ex-President Roosevelt is in favor of women's clubs. He said so to the members of the Ladies' Literary club of Grand Rapids, Mich., whom he addressed recently.

"The woman's club," said he, "serves a high purpose. I believe in equality between men and women. If the club is a good thing for the men it is a good thing for the women. If the club interferes with the home it is bad. If the club life of you women makes for intellectual development it is a potent factor in placing the home on a higher plane.

"The purpose of the women's clubs should be intellectual development for the homemaker—the mother. Your children will respect you more if you keep your brains active. Earn the respect of your children by your mental activity.

"After having traveled abroad much recently I have concluded that America is the greatest home builder of this age. In our race development the women are beginning to realize that, while they perhaps must bear the greatest share of the burden, their husbands also must be decent."

There will also be recitations and vocal selections. There will be a fishing pond, and lunches will be found in boxes at the end of the string, and in these boxes with the lunches will be secured in this manner, as there will be one for the lady and one for the gentleman. A general invitation will be given to all.

COLTON. The showers of rain we are having now are quite welcome to the farmers.

Carl Dahlstrom has been out from Portland visiting his parents at Colton.

V. S. Dix was hauling potatoes from E. Berglund's for his brother, I. O. Dix.

Mr. W. E. Bonney returned from Oregon City, where he has been on jury the last week.

Mr. and Mrs. Will James are making preparations to leave for Alaska soon.

On Saturday evening a pleasant little surprise was given on Mr. and Mrs. I. O. Dix, who have returned from Shubel, at their home in Colton. The evening was devoted to games and music which were followed by a taffy pull. Those present were as follows: Misses Hazel Freeman, Nellie Vallon, Pearl Stromgreen and Malvina Ball, Messrs. Walter Cox, Adolph Freeman, Philip Putz, Ben Marshall, Oatis Vallon, Robert Putz, Marie Freeman and Stanford Cox. The young folks departed at a late hour, everybody saying that they had enjoyed themselves.

ISN'T it nice to go into a grocery and find all just as you would like it to be?

Polite and pains-taking clerks—everything bright and cheerful—willingness to deliver your purchases promptly—a respectful, smiling welcome from the proprietor. All around the grocery you find the same delightful attention. And the value of the goods is the finest—designed, in fact, to secure and retain your custom.

Such is an honest grocery—this grocery. Our first aim is to DESERVE your trade. It is YOUR grocery. Come in and let us serve you.

The following are some of our specials this week: Fancy oranges, Fresh tomatoes, Rhubarb.

J. E. SEELEY CORNER 9TH AND MAIN STREETS

Fred Hottman, of Highland, hauled a load of fence posts from Geo. Wallace's, at Bee Hills, last week.

STONE. This is the second day of May and finds us having a nice refreshing rain, which was badly needed.

Many of the residents of Stone are suffering or have been afflicted with the measles, and those not having suffered from the malady have been afflicted with a severe attack of influenza or pneumonia.

Mr. Carr's family are the last to be suffering with measles, and the members of his family are all getting along nicely under the care of Dr. Hugh S. Mount, of Oregon City.

The school will close here this week, making a six months term. From the present indications it has been a knowledge session. There was a man years ago who had the privilege of a choice in riches or knowledge.

He chose knowledge, and our young people, who have been laboring for the past six months with their studies, show they have received more knowledge in these six months than some of the old fellows have learned in the past 70 or 80 years.

Grant Mumpower has started up his pocket sawmill and is flashing out the lumber as fast as some of the sawmills that are operated occasionally.

William Mumpower has charge of getting out the stone here for the culverts to be used for road construction by Mr. Jagger, who has charge of the work in Clackamas County. It is hoped that Clackamas County will come to the front in road construction.

One of the superintendents of the O. W. P. Company was in this vicinity recently with a crew of surveyors. They crossed the Clackamas bridge here. The superintendent claimed that they were surveying for way of transmission of electric power, but claimed they were taking a grade of the road also.

The trustees of the Home Oil Company has at last struck hard stone and a crevice that turns the drill to one side is crooked and it is hoped that the drillers and the board of directors of the company might strike some plan to overcome the difficulty.

There is an old gentleman who comes here from Portland, and who is interested in the well, says that where he came from cement is made and the hole is filled with this and will tend to keep the drill straight. If this is true it would be cheaper than blasting. Your scribble simply mentions this statement.

The Clear Creek Creamery is one of the means of bringing the price of butter down to 24 cents per pound. Mr. Smith, the butter maker, could not prevent the price from decreasing.

D. W. Simmons will preach at the church on May 7. All are cordially invited to this service.
