## MILLIONAIRE SHOT DOWN BY WOMAN

C. F. KOHL, SAN FRANCISCO CLUB MAN, VICTIM OF WIFE'S FORMER MAID.

## PISTOL IS CONCEALED IN HER DRESS

Suit Had Been Dismissed in Which Woman Charged Kohl With Malicious Persecution.

SAN FRANCISCO, June 8.—C. Frederick Kohl, clubman and millionaire, was shot and probably fatally wounded today by a maid, Adele Verge. The girl was formerly employed by Mrs. Kohl.

The shooting took place at the entrance corridor of the Grand Building, in which the Superior Courts are housed and where Mr. Kohl had gone as a witness in a suit recently brought by Miss Verge against him and Frank A. Miller, a hotel manager of Riverside, for \$70,000 damages for malicious persecution.

The suit which led to the tragedy was the outgrowth of an incident at the hotel in Riverside, where the Verge girl quarreled with a chauffeur. The maid was dismissed from Mrs. Kohl's service and arrested at the instance of Mrs. Richardson, housekeeper of the hotel, on a charge of insanity. After being imprisoned four days, she was discharged by the insanity commission.

She came to San Francisco and after a few weeks here filed suit against Kohl and Miller for malicious persecution, alleging in her complaint that they had driven her from several positions by hounding her with private detectives, who told her employers that she was insane. Yesterday the suit was called and a motion on behalf of Mr. Kohl for a nonsuit was granted.

Mr. Kohl and Miss Verge departed from the building in the same elevator. Mr. Kohl stopped at a cigar store in the entrance to light a cigar and Miss Verge left the building. Suddenly drawing a revolver from the folds of her dress, she turned and fired at the physician at a distance of a few feet. As he staggered into the arms of bystanders, the woman fled up Market street. James Leonard, the owner of the cigar stand, and Frank Graham, Kohl's chauffeur, overtook her and, taking the pistol away, turned her over to Detectives Sullivan and Gaurhan.

Mr. Kohl was hurried in an ambulance to the Central Emergency Hospital, where he was examined by Dr. Tillman, who said the wound was just

**A SHE-MORMON KICK.**  
Miss Patella Cook of Salt Lake City hands the Mormon Church one in the solar plexus. She claims increased privileges for every Mormon woman and demands the right to seal to herself as many husbands as she feels able or willing to support. She has been rebuked for sauciness but from here it looks as if it were only some of that well known sauce for the goose being prepared for the gander by a clever cook. If Patella gets across with this reform—but what's the use?—it's against the Constitution of Utah, anyhow!

## OREGON POSTMASTERS LAUD POSTAL BANKS

ASTORIA DEPOSITS MORE THAN \$111,000 DURING ONE MONTH.

The postmasters of Oregon at Thursday's session of the convention in Portland urged that postal savings banks be established in every post-office. The fact that a postal bank is to be started in Oregon City on June 26 lends additional interest to the proceedings.

F. J. Carney, postmaster at Astoria, read a report showing that since the postal savings bank was opened in connection with his office on May 1, \$11,170 have been deposited, 135 individual accounts having been opened. Mr. Carney called attention to the fact that the money that flowed into the office was not drawn from the banks, but was taken from the "ash barrel or the stocking" and that hence it meant just that much additional money in circulation.

"I believe, however," said Mr. Carney, "that the limit should be raised, or multiplied by five, so that instead of limiting a depositor to \$100 a month, it should be \$500, with a total deposit of \$2500 instead of \$500. Of course, it is possible to convert every \$500 deposit into savings bonds, so that one is not deprived from depositing more than \$500, but I think business would be very much facilitated were the limit raised to, say \$2500, with a limit of \$500 on monthly deposits. But, at any rate, the system is a good one and should have been adopted 25 years ago."

Others spoke very strongly in favor of the savings bank.

## OGLE MINES ARE RICH IN GOLD AND SILVER

PRESIDENT FAIRCLOUGH ENTHUSIASTIC OVER RECENT DEVELOPMENTS.

John B. Fairclough, president of the Ogle Mountain Mining Company, who was in Oregon City Thursday, declared that developments at the mines in the past three weeks had been of the most encouraging nature. He said that gold, silver and lead ore had been found in large quantities and there was every reason to believe better results would soon be obtained. The main tunnel which runs parallel to the big ledge and pierces the cross-ledge has been bored 1400 feet, and each day better paying ore is found. The company's present policy is the development of the mine, but it is thought that the work of operating will be begun in several months. The greatest difficulty that has been encountered is obtaining the proper machinery for the mining. Experts are now at work on this, and it is believed that they will soon solve the problem. Machinery different from any ever used before will be necessary for the successful mining of the metals. Mr. Fairclough brought several specimens of the ore with him, and it is his intention to have them assayed.

## BANKER'S WIFE SEEKS \$30,000 DAMAGES

MRS. HEYLMAN, HURT IN COLLISION, SUES P. R. L. & P. COMPANY.

Mrs. Fannie L. Heylman, wife of W. A. Heylman, a prominent banker of Estacada, through her attorneys, George C. Brownell, D. C. and C. D. Latourette, on Thursday filed suit for \$30,000 damages against the Portland Railway, Light & Power Company for personal injuries. The plaintiff alleges that she was permanently injured in a head-on collision of the defendant company's cars on August 23, 1910, near Boring.

Mrs. Heylman asserts that she was a passenger on one of the cars, which was coming in this direction, when the collision occurred. She says that she was thrown against the seats and sides of the car, sustaining injuries to her chest, body and spine. As a result of the injuries, the plaintiff alleges, she was confined to her bed several weeks and paid physicians and nurses \$300. The company is charged with negligence. Mrs. Heylman asserts that her injuries are of a permanent nature.

## OREGON CITY TO HAVE NEW LIGHT SCHEDULE

MANAGER OF P. R. L. & P. COMPANY PROMISES TO MAKE UNIFORM RATES.

The following letter has been received by The Enterprise:

"Editor The Oregon City Enterprise, Oregon City, Oregon.

"Dear Sir: My attention has been called to some editorial comments in The Enterprise purporting that this company has discriminated against Oregon City in the matter of light and power rates.

"If I do not know who imparted such ideas to The Enterprise, certainly not I, nor any authorized official of this company, as far as I can ascertain.

"The facts are these:

"For some time we have had our engineers investigating and preparing the basis for a new schedule of light and power rates—a matter which, because of the many variable factors that enter, is not so simple as it might appear. This revision was not influenced in any way by competition or politics, but is part of what we believe to be sound business management. Just as soon as we are in a position to announce the new rates, we shall have them apply uniformly to all parts of the system served by us.

"Trusting The Enterprise will give this prominence, as it did the statements which elicited this letter, I am,

"Yours very truly,

"E. W. HILD,

"General Manager."

## TRUE BILL FOUND AGAINST DOUTHIT

BROTHER OF TREMBATH'S VICTIM IS CHARGED WITH ASSAULT.

The Grand Jury Thursday indicted John Douthit, on a charge of assault and battery. The indictment was the result of Douthit's having attacked Harry W. Trembath, deputy water bailiff, in a Main street barber shop several hours after Trembath had shot and seriously wounded Douthit's brother, Alex Douthit. Trembath was indicted a few days ago on a charge of assault with a dangerous weapon. The deputy water bailiff still asserts that he did not intend to shoot Douthit when he passed the former's watch house at the falls of the Willamette in a skiff early Saturday morning. He declares that he believed Douthit and his partner in the boat had violated the fish laws, and when they refused to surrender upon his command, he shot to mark the boat for identification. Douthit, however, declares that he heard no order to stop, and that he had not been fishing. He says he rowed past the watch house to see if two other men he saw pass in a skiff were not violating the laws.

PORTLAND, Or., June 8.—(Special.)—With more visitors in the city than ever before the climax of festivities of the week of gaiety was reached today. The city is simply bulging over with the multitudes which have been attracted here from every point of the compass by the brilliant pageantry.

Excursion trains, specials and regular trains, with greatly augmented equipment, delivered the rush of Festival visitors at a pace that the City of Roses never has known before. Boats and electric lines struggled with the task of handling the unprecedented throngs, while the hotels and other places for lodging and entertainment have been strained to their capacity.

In all Portland's history there never has been such a representation of distinguished guests as there were in the city today at the apex of the carnival glory.

For today's program, the Festival displayed to the world of visitors the finest tribute that the West has ever paid to man's most noble friend, the horse. The parade was participated in by every section of the Pacific Northwest and conducted under the auspices of the Portland Hunt Club and the Riverside Driving Association. The finest of animals, drawing the smartest of equipages to be found anywhere in this part of the country, with one another in the contest for the costly trophies which has been hung up.

Quality of exhibition rather than quantity was the watchword of the parade management and at the same time the line of decorated turnouts.

## BRIDGE FINISHED; IS GOOD AS NEW

BIG SPAN GIVEN THOROUGH OVERHAULING AT COST OF \$4,000.

## WOODWORK OF STRUCTURE RENEWED

Foot Travel Not Interfered With During Repairing, and Vehicle Traffic is Halted But Little.

Work was finished Thursday on what was virtually a reconstruction of the suspension bridge, and it is now pronounced to be in as good condition as the day it was built. All the woodwork on the historic structure was renewed and the sustaining towers at the Oregon City end were raised several feet. Th work was done by Clarence Simmons, the contractor, at a cost of \$4,000. Bids for painting the bridge will be let by the County Court probably today.

The historic bridge was built twenty-seven years ago, and for many years, if not at present, was the longest suspension bridge West of the Rocky Mountains. It has been for years a famous place of vantage for tourists to view the falls of the Willamette, and the beautiful scenery in all directions.

Despite the fact that all the flooring, beams and the railings were renewed, Mr. Simmons so arranged the work that travel on foot was not interfered with, and three hours was the longest period that vehicle traffic was halted. To any one familiar with the large amount of traffic over the bridge this would seem like an almost impossible feat. More than 125,000 feet of new lumber was used in repairing the bridge. The cables were found to be in good condition, and it was not considered necessary to renew them. New caps will have to be put on the water pipes which cross the bridge, the old ones having been removed in repairing the structure.

County Judge Beatie, after an examination of the bridge Thursday, declared that it was as good as new and that it would last many years. It has been repaired several times, but the present one is the most thorough overhauling the bridge has had since it was constructed.

East Portland took over the reins of Festival tonight in the second superb pageant of the day, when military and civic organizations paraded on Grand avenue.

Ten thousand men, stirring quick-steps, gay uniforms and veritable clouds of incandescents made up an imposing feature, one that takes rank as a distinctive event of the Rose Festival. It was Portland's most pretentious parade of this kind.
