Woman's World

Mrs. Raymond Robins of the Women's Trade Union League.

MRS. RAYMOND ROBINS.

The biennial of the National Women's Trade Union League, to be held in Boston June 12, draws attention to the fact that trade unionism is making great strides with the woman who toils. It is due to the interest and the agitation of such women as Mrs. Raymond Robins that women's unions are now on a substantial basis.

Washington, June 8.—That the steel trust does 90 per cent of the American exportation business in iron and steel and that its factories turn out 50 per cent of the total output in these lines was the testimony today of E. H. Gary, chairman of the directors of the United States steel corporation, when he resumed the stand before the House committee investigating the industry. In discussing the international steel agreement Gary said:

"My idea is that an interchange of opinion might bring equilibrium to the world's trade. I do not want anyone to think we are going to have a secret agreement. There is no secret about it. I would like, unless it is improper, to bring about an international association at whose meetings there could be a friendly interchange of opinions benefiting all."

He denied that there was any agreement regarding rails, adding: "If it could be shown that one existed and our subsidiaries were involved, I would see to it that it was cancelled."

Gary denied that any agreement existed whereby certain interests parceled out the business to various countries. He said at the time of the consolidation of the American Steel and Wire Company, the National Tube Company, the American Tin Plate Company and the American Bridge Company, they were not competing.

Hulls Improve Pea Soup. It is a waste of good material not to make pea soup every time you have peas for dinner. When they are boiled much of their value is left in the water, and when this is thrown away you do not get more than half of the good of them, and soup is always an excellent beginning for a dinner. To make it after the peas are shelled, wash the hulls and put them to cook in cold water that does not more than cover them. Let them simmer a while till they look "faded," then throw away and put the peas to boil in the same water. When done, dish them as usual. They are improved by the additional favor given by the hulls. Then add some good milk to the water and thicken it slightly with about a tablespoonful each of butter and flour rubbed to a paste, and season with salt and pepper. When peas are too old to be good, use them to thicken the soup by putting them through a colander. It is true of any boiled vegetable that much of its value stays in the water in which it was cooked; and any one of them can be made into soup in the same manner as the peas.

Labor Asks Initiative. SPRINGFIELD, Ill., June 8.—Governor Dineen has been petitioned by union labor to include the initiative and referendum in his call for a special session of the Legislature, soon to be issued, as matter to come before that body.

Thread is made on a foundation of the sheer linen, which is worked over with buttonhole stitch. When the pattern is completed the unworked linen is cut away. A heavy lace like the point de venise can be worn with heavy or sheer fabrics, combining as it does the light and heavy workmanship. Collars of the venise lace are especially popular. Poinc de France or French point resembles greatly the venise point on which it is believed to have been modeled. King Louis XIV.—who was a great admirer of beautiful laces, brought a number of the best Venetian lace makers to France and established a school, the workers in which laid the foundation for the present colonies of French lace workers.

A round collar and a handkerchief border of venise point lace are shown here.

Tea Leaves. Tea leaves are utilized for removing dust from carpets in every household, more or less, but they should be thoroughly washed beforehand and they will leave a stain upon all that they come in contact with. Tea leaves are also useful for scouring bedroom water bottles when they show signs of discolorment.

Boys on Long Jaunt. NASHVILLE, June 8.—On route to the Kansas wheat fields, where they will work during their vacation, five Lewisburg, Tenn., college boys left here today, about. J. E. HEDGES LEAVES FOR YALE. Attorney Goes to Attend Reunion of Class of 1891.

J. E. Hedges left Thursday for New Haven, Conn., to attend the reunion of the class of 1891, of Yale College. Mr. Hedges has not been back to the university since he was graduated. This will be the twentieth anniversary of the class, and the attendance is expected to be unusually large. Mr. Hedges will be gone five weeks, and while much of his time will be spent in New Haven, he will visit New York, Boston, Washington and other cities in the East.

Restaurant Etiquette. It is the custom when dining at a restaurant for a woman to precede a man when going to the table, but it is not uncommon for the man to go first, and good taste and common sense will probably make the latter the rule.

A man card is given to the woman as well as to the man, but she has nothing to do with ordering the dinner unless the man asks her to make some selection. Even then she should not do much suggesting.

If her escort asks her to choose a salad or her own sweet she should do so without hesitation, as she should answer any question frankly before the food has been ordered. After the order has been given she should refrain from suggestion or criticism.

If she wishes the waiter to give her a fork or any other small article that may be required through the meal she is not to ask the waiter for it, but to tell her escort that he may send for it. A woman is not supposed to give a waiter any order, but to act in all ways as though she were in a private house.

On leaving the table the woman follows or precedes the man, as she wishes. She should put on her gloves before leaving the table.

ANGELS TAKE ONE FROM M'CREDDITES. DELHI PITCHES GOOD BALL AND HAS SUPERB SUPPORT—SCORE 4 TO 2.

PORTLAND, Or., June 8.—(Special.)—Los Angeles today turned tables on McCredde's aggregation, winning four to two. It was a good game, but not in a class with the two preceding ones.

Delhi pitched better ball than Seaton and although Portland got to him in two innings, he was never in a serious predicament.

Dillon's men began tallying in the second and annexed one in each of the two successive innings and one in the ninth. The Beavers garnered one in the fourth and repeated in the fifth. Portland made the only misplay of the game.

The results Thursday were as follows: Pacific Coast League—Los Angeles 4, Portland 2; Vernon 7, Oakland 2; Sacramento 5, San Francisco 2.

Northwestern League—Vancouver 8, Portland 5; Spokane 10, Seattle 3; Tacoma 6, Victoria 3.

National League—Chicago 4, Brooklyn 1; New York 4, Pittsburg 3; Philadelphia 8, Cincinnati 4; St. Louis 4, Boston 2.

American League—Detroit 8, Philadelphia 3; Washington 4, Cleveland 2; St. Louis 11, Boston 5; Chicago 7, New York 2.

WOOD SUGGESTS ARMY SERVICE FOR BOYS. CHIEF OF STAFF PROPOSES ENLISTMENTS OF SIX MONTHS.

WASHINGTON, June 8.—To popularize the army, to interest a class of persons who heretofore have been attracted only to the commissioned grades, and to extend the benefits of military training to the purpose of General Wood, chief of staff, in proposing to Congress a novel scheme for six months' enlistments. It is his belief that many high-school boys and graduates of colleges may be enticed by the promise of a short taste of military life to enlist for that period who would not care to abandon the business careers they have mapped out, as would be the case in a five years' term.

Youngsters of high intelligence should easily be able to ground themselves in the military practices in six months' hard work, and the benefit to be derived from the setting up drills and regular habits of life at a formative period would tend to physical development. With these reasons in mind, General Wood is urging public discussion of the subject, with the expectation of pressing the legislation upon Congress at the regular session next winter.

MILLIONAIRE SHOT DOWN. (Continued from Page 1.) below the heart. The shooting was done with a 41-caliber double-barreled derringer of foreign make. The shock from the heavy bullet was great and the loss of blood profuse.

Miss Verge was taken from the Emergency Hospital to the city prison, where she was held pending the outcome of Kohl's wound. She was in a highly hysterical state tonight, saying she did not know why she had shot her former employer. The maid was brought to this country from Paris by Mr. Kohl's mother for her daughter-in-law.

BOAT EXCURSIONS START NEXT SUNDAY. SEASON FOR STEAMER TRIPS TO PORTLAND BEGINS EARLY.

The Yellow Stack Line has announced that the Sunday schedule between Portland and Oregon City will be made effective on next Sunday, the steamer Oregon being the first to make the trip. She will make three trips each Sunday, leaving Portland at 9 o'clock in the morning, again at 12 o'clock, and the last trip at 3 o'clock in the afternoon. The Oregon will leave Oregon City at 10:30, 1:30 and 5 o'clock.

Later, when the Willamette recedes so that the Pomona can not continue to Corvallis, the daily schedule will be rearranged so that both will travel only to Salem, and then the Pomona will go on the Oregon City route Sundays. The freshet has provided an abundance of water on the Lower Willamette, but its influence is not being felt on the upper reaches, that part of the stream being governed by melting snow at the headwaters. The steamers can continue to ply there until it drops to about 2.5 feet. The steamer Oregon has been granted special excursion licenses that permits 370 persons to be carried Sundays. Through an arrangement with the Portland Railway, Light & Power Company, excursionists can travel one way by steamer and in the opposite direction on the electric line.

John D.'s Check Not Negotiable. BERKELEY, Cal., June 8.—Visitors of the invasion of Berkeley by the families of Rockefeller and Taft were rudely shattered today when Edward Lynn, real estate agent, found that two checks, one for \$250 signed by "Mrs. John D. Rockefeller," and the other for \$500 signed "Mrs. William Howard Taft," were not negotiable. The first check was given Lynn by a woman as a deposit on 200 acres of land in North Berkeley. When the same woman appeared later with a check purporting to be signed by the wife of the President, Lynn started an investigation.
