Support the manufacturers of your home city first, last and all the time, and you will help yourself to prosperity. But if your local factories cannot supply your wants, insist that the merchant carries "Made in Oregon" goods from other Oregon sources to supply your needs.

Home prosperity depends upon home industry, and state-wide prosperity will be greater if factories selling "Made in Oregon" goods are patronized by the local merchants.

PORTLAND, Or., June 10.—(Special)—In a game filled with heavy hitting Portland today beat the Angels by a score of eight to two. Portland got busy with Thorson in the first inning, though it was his own wild heave of a ball in the effort to catch Rodgers at third, which allowed him and Ryan to tally in the opening inning.

Dogs Have a Prominent Place In New York's Police Parade

Photos by American Press Association.

Nearly a score of dogs are attached to the New York police department, and they had a prominent place in the recent annual police parade. Each of the canine guardians of the peace was held in leash by a blue-coated policeman, but such restraint was hardly necessary, for the dogs marched along as sedately and as proudly as the bipeds.

WOOLGROWERS ARE EAGER FOR AGENCY

WILLAMETTE VALLEY PRODUCERS WANT DEPOT OPENED IN PORTLAND.

Willamette Valley woolgrowers who were in Oregon City Saturday, said they favored a co-operative selling agency and depot for their produce established in Portland, on something of the same principle as the warehouse maintained by the National Woolgrowers in Chicago.

Further than protesting the selling end of the wool industry, the woolgrowers also decided that they were entitled to produce the wool which was used at Portland. At present it was estimated but 20 per cent of the fleece taken there is a Valley product.

People who "Invest" in enterprises promising abnormally large returns are usually disappointed. They fail to get the interest they expected and the control of their money passes to others. The money saver should take no chances with the promoter. When you deposit your money on a Time Certificate or in the Savings Department of this bank, it remains under your control, and earns a sure and steady rate of interest. There is no depreciation in this kind of an investment. The sooner you begin, the sooner will you be in possession of a growing balance.

LIVE STOCK MARKET. The Portland Union Stock Yard Company reports as follows: Receipts for the week have been as follows: Cattle 593, calves 90, hogs 1733, sheep 6790, horses and mules 21. Owing to the scarcity of supplies in the cattle division, prices stiffened up somewhat the last of the week. One prime load of good steers brought \$6.40, while several loads brought \$6.25. While these prices are not as high as those obtained before the slump, shippers realize that it is now time for grass cattle and corresponding lower prices. The cow market remains steady to strong with beef qualities at \$5.50, medium \$5 to \$5.25. There is a good market for light, well finished veal, one lot bringing \$7.75 and another of sixty head \$7.50. The price of best light hogs continue to advance about a nickel a week, top now quoted at \$6.90 with steady demand. A good many stockers were on the market, prices ranging from \$7.00 to \$7.25, owing to quality. Heavy hogs are selling from \$5 to \$6 with marked tendency on the part of the buyers to discriminate against this class of swine. Mutton appears to be greatly in demand, buyers easily keep pace with the heavy receipts. Lambs showed a slight fluctuation this week, one lot bringing \$6.60, several lots bringing \$6 to \$6.25, though the majority of sales were at previous quotation of \$6.50. Best wethers are in demand at \$4.25, ewes \$3.25 to \$3.50, mixed lots \$2.00 to \$4.00. Demand for draft horses continues good and the record of sales for this week is encouraging.

Following sales are representative: 23 Steers 1295 4.35, 78 Steers 1160 4.30, 85 Steers 1175 4.30, 26 Steers 210 2.75, 60 Calves 221 1.75, 4 Bull's 1280 4.30, 2 Bulls 1575 4.30, 531 Lambs 67 4.25, 377 Wethers 102 3.40, 274 Ewes 92 3.50, 604 Culls 81 3.50, 20 Cows 1070 4.00, 15 Cows 955 4.00, 30 Cows 946 4.00, 76 Cows 130 4.00, 140 Hogs 200 4.00, 180 Hogs 195 4.00, 216 Hogs 225 4.00, 6 Hogs 225 4.00, 2 Drafters 2800.00 4.00, 2 Drafters 175.00 4.00, 2 Chunks 100.00 4.00.

Commercially the Panama Canal Is a Failure. By Sir IAN S. M. HAMILTON, Adjutant General of British Army. As a soldier man I am very proud to see such a great work as the Panama canal being SUCCESSFULLY carried out under military supervision. As a stupendous task for humanity to accomplish it ECLIPSES the building of the Egyptian pyramids by the pharaohs. IN BUILDING THE PANAMA CANAL AMERICA IS CARRYING OUT A GREAT ALTRUISTIC JOB. FOR I DO NOT BELIEVE THE WATERWAY WILL EVER PAY COMMERCIALLY. Then, again, look at the enormous army of laborers along the canal who are fed every day by the commissary department just like an army in the field. There is nothing edible to be had along the works from Colon to Panama, and every morning a train leaves with so many thousand eggs, so many pounds of bread, butter, meat, vegetables and provisions of all kinds to supply the commissaries at the various points along the line, and they arrive on time somehow, and the people are all well fed and cared for by this WONDERFUL ORGANIZATION.
