#### RAILROAD IS LAUDED

(Continued from Page 1.)

It will not be long before the road is an actuality.

#### Merchant Praises Work.

John Adams, the drygoods and clothing merchant declared that a good showing had been made by the promoters for the amount of money that had been spent.  
"The grading is also of the best," said Mr. Adams. I was greatly astonished. The road is certainly being constructed most economically. It will certainly be a good thing for the county and Oregon City. Several persons since the trip Friday have announced that they will take stock in the enterprise. The residents of the territory which the road will most benefit should take all the stock possible. It will add greatly to land values. I am sure all who have subscribed for stock would be willing to take more if they could see the work that has been accomplished.

"I am delighted with the work that has been done," said Frank Jaggard. "I think the grading is being accomplished economically. The road will be of great benefit to the farmers in the territory it traverses. The promoters deserve credit for what they have accomplished."  
Mr. Levitt enthusiastic.

J. Levitt, the Main street merchant, was one of the most enthusiastic over the progress of the work. He said that he was certain the road would soon be built.  
"I wish I had lots of money to put in the enterprise," continued Mr. Levitt. It is certainly a fine chance for an investment. That the road will pay from the start there is no doubt."

All others who were seen were delighted with the work and spoke in the highest praise of the promoters, and untiring efforts of the enterprise roadmaster. "I think the grading is being accomplished economically. The road will be of great benefit to the farmers in the territory it traverses. The promoters deserve credit for what they have accomplished."  
More than 75 persons attended a meeting Saturday night at Liberal in the interest of the railroad. Addresses were made by G. B. Dimick, Frank Busch, W. A. Huntley, J. B. Eby, F. M. Swift, Robert Snodgrass, Dr. Morie and James Nelson. All present were enthusiastic over the outlook for the railroad, and several residents of the neighborhood subscribed for stock. More than \$15,000 has been subscribed by persons living in the vicinity of Liberal. Grading will be started on this part of the road in about a month.
