BILL CUTTING DUTY ON WOOL PASSES

TWENTY-FOUR REPUBLICANS VOTE WITH DEMOCRATS FOR MEASURE.

ALL AMENDMENTS ARE THROWN OUT

House Devotes Almost Five Hours To Debate—Underwood Keeps Forces Well Together.

WASHINGTON, June 20.—The House of Representatives by a vote of 221 to 100 today passed the Underwood wool tariff revision bill, providing for a reduction of the duty on wool and woolen goods. Twenty-four Republicans voted with the Democrats for the passage of the measure and one Democratic Representative, Francisco, of Ohio, voted against it.

Many amendments were offered and voted down, the only one adopted being a slight change in phraseology. Almost five hours were spent by the House in debate under the five minute rule.

Votes To Re-Submit Lost. Immediately preceding the final vote, a motion offered by a Representative of New York, that the bill be resubmitted to the ways and means committee, with instructions that it await a report from the Tariff Board on the woolen industry before making final report of the bill, was voted a vote of 189 to 118.

Representative Underwood, chairman of the ways and means committee and in charge of the bill, kept his forces well together in his opposition to all amendments. He proposed with one exception that the party when the bill is passed.

Representative Gray, of Oregon, offered an amendment to place the wool on the free list, instead of resubmitting a duty of 20 per cent ad valorem, and commit the bill to the committee with instructions that manufacturers be reduced to 20 per cent ad valorem. This was lost.

Insurgents Support Bill. Representative Murdock, an insurgent Republican, who finally voted for the bill, proposed several amendments placing certain grades of wool on the free list. His purpose in these amendments, he said, was to give the American people protection from the worsted trust by making free those articles which enter into the manufacture of trust-controlled woolen products.

The Republicans who voted for the bill were Representatives Anderson, Anthony, Campbell, Davis of Minnesota, French, Haughton, Helgeson, Jackson, La Follette, Lenroot, Lindbergh, Madison, Miller, Morse, Murdock, Nelson, Norris, Rees, Sloan, Steenerson, Stephens of California, Volstead, Woods of Iowa and Young of Kansas.

Four dogs were taken from the pound Tuesday by persons who will give the animals good homes. Two were obtained by city residents and the other two went to the country.

RAMBO DIES AFTER LONG ILLNESS

POPULAR YOUNG WOMAN STRICKEN WITH PNEUMONIA AFTER ACCIDENT.

Miss May Rambo, a well-known and popular young woman of this city, died at the home of her foster parents, Mr. and Mrs. William Rambo, of Sixth morning, after an illness which started in February, when she fell, injuring her spine. Miss Rambo was recovering from her injuries when she was stricken with pneumonia, and everything was done for her, but without avail.

Miss Rambo was a young woman of Idaho, March 17, 1891. Her parents, Mr. and Mrs. Charles Hammer, died soon after her birth, and she was adopted soon after by Mr. and Mrs. Rambo, and spent most of her life in this city, where she had a host of friends, who were shocked by her death. She leaves besides her foster parents, one brother, Jay Hammer, of this city. Her only sister, Mrs. James Skillman, died about a year ago in Colorado.

Miss Rambo was a young woman of sunny disposition, and made friends by her sweet manner. She was accomplished, being one of Oregon City's young musicians.

KING GEORGE GIVES FINEST BANQUET IN ALL HISTORY.
LONDON, June 20.—The most regal banquet palace of king or emperor ever witnessed, and a gorgeous Shakespearean ball under the auspices of noted society leaders, stand forth as shining features of the second day of Coronation week. The banquet in Buckingham Palace tonight was a scene of imperial grandeur, so far as the assemblage of royal and eminent personages and the setting of costly magnificence and beautiful decorations could make it.

SUSPECT IN HILL TRAGEDY PURSUED

SUSPICIOUS CHARACTER ASKS WAY OVER MOUNTAINS TO EASTERN OREGON.

Sheriff Mass is still devoting most of his time to the search for the slayer of the Hills at Ardenwald Station, but the clues are not encouraging. It is now believed that the fiend left the country immediately after committing the crime.

Reports that a man acting suspiciously and inquiring the way to the Barlowe road into eastern Oregon was seen near mouth of Bull Run have given new life to the hunt.

Telephonic instructions were sent out by Sheriff Mass and Stevens to head the man off, at Aschoff's near Marimont, if he passes there. Deputy sheriffs left to cover the country about Bull Run in an effort to locate the suspect.

The peculiar feature about this latest suspect is that he should be inquiring the way to the Barlowe road at a point about 12 miles south of Troutdale. If the man intends going into eastern Oregon or The Dalles the natural thing for him to do would be to follow the O-W-R & N. tracks up the river and not attempt to make the difficult and rough trip over the mountains on the Barlowe road.

A report reached Sheriff Mass' office that the man had stopped at a farm near the mouth of the Sandy. He was about 5 feet 10 inches tall, weighs 170 pounds, was of ruddy complexion, with a 10 days' growth of beard on his face. He carried a small canvas pack on his back. The only detail of his clothing that could be remembered was a pair of corduroy trousers.

Reports were also received Tuesday that a strange man was seen Monday night at Elwood. He disappeared, however, before he could be questioned.

CLARK RE-CAPTURED BLAMES BAD WHISKY

PRISONER WILL HAVE TO WORK ON FOURTH FOR RUNNING AWAY.

Harry Clark, Oregon City's one-time model prisoner and excellent street sweeper, who disappeared fifteen days before his term of service had expired, is back on the job, and blames bad whisky for his unceremonious departure. Chief of Police Shaw early Tuesday morning heard that Clark was at the Indian camp and went after him. The fugitive declared that a friend bought him several drinks, and he wandered away while under the influence. He told the chief that when he came back, and explained and decided to come back, and final consideration when he was re-captured.

Clark had been such a faithful worker that it was decided not to punish him for running away further than to subtract the days he was absent from his sentence. As a result he will have to celebrate the Fourth by sweeping the streets.

BABY DRINKS DEADLY POTION; RECOVERING

MASON KELLOGG'S DAUGHTER SWALLOWS CLEANING LIQUID.

Mabel Kellogg, the two-year-old daughter of Mason Kellogg, of No. 1112 Taylor street, is in a serious condition as the result of swallowing a fluid, intended for cleaning clothing. The child was playing in the kitchen while Mrs. Kellogg was cleaning the clothing. The latter's attention was attracted to addition upon the glass, and hardly had she set the glass, containing the liquid upon a chair, when Mabel had it to her lips. Mrs. Kellogg called Dr. Stuart at once, and after working with the little girl for several hours, he said he believed she was out of danger. Her mouth and throat were terribly burned, and she suffered a great deal.

Mr. Kellogg, who was in the southern part of the state in connection with his mining business, was summoned. He said Tuesday night that his daughter had spent a restful day, and that no fear was entertained regarding her. The liquid was a solution of concentrated lye, muriatic ammonia and salts of tartar.

MRS. MOFFETT HAS PROWLER ARRESTED

SUSPICIOUS MAN CAUGHT AS HE IS ABOUT TO ENTER FREIGHT CAR.

A man who gave his name as Nick Miller, and said his home was in Portland, was arrested last night by Constable Brown at the home of J. W. Moffett in West Oregon City. Mrs. Moffett saw the man acting suspiciously near her front gate, and notified Policeman Cook over the telephone. West Oregon City, being outside the jurisdiction of the local police, the policeman summoned Constable Brown, who made the arrest.

The man was prowling around an empty boxcar when arrested. He refused to give any information concerning himself except that his name was Miller and his home was in Portland. He had more than \$2, and looks as if he is a laborer. He will be closely questioned by the police.

CUPID'S CAPTIVES AIDED BY FRIEND

L. A. NOBEL TAKES COUPLE TO HIS HOME TO BE MARRIED.

Emily Hewett and Peter Hefty, of Oak Grove, were married Tuesday at the home of the Peace Samsom at the home of L. A. Nobel, in this city. Mr. Hefty and Mr. Nobel have been friends for several years, so when the former and his fiancée arrived in this city he hustled up his friend to be a witness at the wedding. Then Mr. Nobel suggested that the couple go to his home for the ceremony, which was accordingly done. Mr. Nobel had no previous knowledge of Mr. Hefty's intention to become a benefactor, so was agreeably astonished when the latter and his bride-to-be called on him and explained circumstances.

William Grimsenthwaite, one of the well-known farmers of Beaver Creek, was in this city on Saturday.

CROPS DAMAGED BY HEAVY FROST

POTATOES AND TOMATOES SUFFER IN MANY PARTS OF COUNTY.

GRAPES ARE GIVEN BIG SET-BACK

Peaches and Other Fruit Too Far Advanced to be Affected—Foliage of Wild Ferns Virtually Killed.

Farmers, who came to the city Tuesday, said that the heavy frost of Sunday night did considerable damage to grapes, potatoes and tomatoes. Other vegetation suffered, but not so severely. The reports indicate that the frost was general in the county, and vegetation in all parts suffered.

The most serious damage was probably done at Meldrum and Springwater, the grapes being severely damaged. The damage at Elvill was also severe.

Molalla Damage Slight. In the Molalla country, although the frost was heavy, the damage was slight. In some places where the potato sprouts had just come through the surface there was some damage, but the sprouts were virtually killed by the frost. Peaches and other fruit are too far advanced to be affected.

Old residents of the county declared that the frost was one of the severest ever known this time of the year. The farmers, not expecting the frost, were entirely unprepared for it.

Frost Is General. The frost was general throughout the central part of the state, and reports from other sections show a greater damage. It was so unexpected that even the weather bureau did not give any warning. The same frost two or three weeks ago would have destroyed the peach crop and greatly damaged other fruit. Vegetation that was damaged will grow again, but in some instances the developing will be delayed.

BIG CLASS PREPARED FOR TEACHERS' QUIZ

MORE THAN FORTY INSTRUCTED MY MESSRS. TOOZE, FREEL AND BOWLAND.

More than forty teachers received instruction at the summer school conducted by Superintendent of City Schools Toose and Messrs. Freel and Bowland, which has just come to a close. It is understood that a majority of the teachers will take the examination for county school teachers which starts today at the Court House under the supervision of Superintendent of County Schools Gary. A number of them have been inquiring as to whether Messrs. Toose, Freel and Bowland would organize another class to instruct in manual training and domestic science. Mr. Toose announced Tuesday evening that he and his associates would be too busy to take up the work. Mr. Toose will deliver a course of lectures on school administration at the Oregon Agricultural College in July, and Mr. Freel will go to Corvallis to take a course in manual training.

Sutton, wealthy citizen, of Hood River, Or., was held to be in contempt of court today by Superior Judge Graham for taking his two children outside of the state in defiance of the order of the court, and the children were given into the custody of their mother, Mrs. Ethel Sutton Montgomery, of Berkeley, for the next four months.

Sarah Mildred Willmer

Sarah Mildred Willmer will be one of the entertainers at the Willamette Valley Chautauqua, which starts at Gladstone on July 4. Persons who heard Miss Willmer read "The Sign of the Cross" last year are enthusiastic in their praise of her ability. She will read "La Samaritane" (the woman of Samaria) at 8 o'clock on the evening of July 12.

Secretary Gary on Tuesday received a letter from Senator Borah, of Idaho, in regard to his speaking at the Chautauqua on July 8. The Senator wrote, as he had telegraphed, that he accepted the invitation on condition that Congress adjourned in time for him to arrive here.

TAVERN OWNER IS CALLED AUTO SPEEDER

AUGUST ERICKSON SUMMONED BY CHIEF OF POLICE FOR HEARING.

August Erickson, proprietor of a tavern about a mile from the city on the Clackamas river, has been ordered to report here and stand trial for automobile speeding. Erickson and a party of friends are accused of having gone through Main street Monday at a rate of forty-five miles an hour. City Attorney Story was complained to about the alleged speeder, and Chief of Police Shaw telephoned to Erickson that he was wanted for a hearing.

Persons who saw the automobilist say that they went through the city at a reckless rate of speed, and that a serious accident might have resulted. Erickson is well known here and in Portland. It is probable that he will come to the city today for the hearing.

POPULAR MOLALLA GIRL IS MARRIED

MISS EMMA A. VICK BECOMES BRIDE OF P. B. HAWLEY, OF FOREST GROVE.

MOLALLA, June 20.—(Special.) A pretty home wedding took place at the home of Mr. and Mrs. J. H. Vick on Sunday, when their daughter, Emma A. Vick was married to Philip B. Hawley, son of Dr. and Mrs. B. Hawley, of Cottage Grove. The Rev. Jacob Elmer, uncle of the bride, of Portland, officiated.

In the presence of the relatives of the bride and bridegroom and a few intimate friends the young couple appeared at 11 o'clock in the strains of a pretty wedding march, rendered by Miss Lula Elmer, cousin of the bride, and stood under a canopy of evergreens where the ceremony was performed. After congratulations and good wishes were spoken the bridal party sat down to an elegant repast.

The young couple left amid a shower of rice and good wishes for Cottage Grove where they will make their future home. Mr. and Mrs. J. H. Vick started Tuesday for an extended trip through the Eastern states to visit relatives and friends.

The Masons conducted the services at the Temple as well as the Mountain View cemetery. The floral tributes were beautiful, among them being one from the Masonic order. The remains of Mr. Shannon were laid beside those of his wife who died many years ago.

GAS IS PROMISED CITY WATER

DR. BEATIE, PROMOTER, QUITS PROFESSION, TO PUBLISH ENTERPRISE.

\$150,000 WILL PROVIDE SERVICE

Capitalists in Los Angeles and Portland Eager to Finance Project—Local Capital Will be Welcomed.

That Oregon City will be supplied with gas in a year was the announcement made Tuesday, by Dr. A. L. Beattie, who was recently granted a franchise to lay pipes throughout the city by the City Council. Dr. Beattie has given up his dental practice, and will devote his time to financing the new enterprise, building the plant, and to a commission business in which he has an interest.

Dr. Beattie estimates that it will cost \$150,000 to lay the mains and build the plant. That he will have no trouble in financing the business is shown by letters from Portland and Los Angeles capitalists who have offered to put up all the money necessary.

Local Capital Welcomed. It is Dr. Beattie's intention, however, to give Oregon City residents a chance to become interested in the project, although the most of the money probably will come from outside sources.

That there is a big demand for gas in this city is evidenced by the large number of inquiries received as to the time the service will begin. Several persons have told Dr. Beattie that they have deferred buying new ranges, although the old ones are out of repair, in the hope that they will soon be able to cook with gas.

Corporation May be Formed. Although Dr. Beattie has not decided definitely to incorporate a company this will probably be done to simplify the financing of the enterprise. He says in case incorporation is decided upon it will be so arranged that persons who desire to become interested may do so.

It has not been determined whether the gas will be made from coal or oil.

WASHINGTON, June 20.—Statements in the Senate by Senator Heyburn, of Idaho, that "whatever we have taken from England has been taken at the point of the bayonet," produced a tense moment in today's debate on Canadian reciprocity. Senator Heyburn's remark, which he later explained extended, only to government acquisitions, was challenged by Bacon as a "grave matter," in view of the arbitration negotiations with England.

"We have more to enjoy than from all the rest of the world put together," said Bacon.

Mr. and Mrs. Charles O. Morris, prominent residents of Mackburg, were among the Oregon City visitors on Saturday.
