VOL. 1—No. 149.

OREGON CITY, ORE., FRIDAY, JUNE 30, 1911.

PER WEEK, 10 CENTS

EXPRESS ROBBERS ESCAPE ON TRAIN

BLOODHOUNDS ON TRAIL OF OUTLAWS LOSE SCENT AT COW CREEK SIDING.

PIECES OF STOLEN MAIL RECOVERED

Several Posses Searching For Bandits Who Robbed Southern Pacific Flyer—Tramps Are Searched.

GLENDALE, Or., June 29.—Bloodhounds today took the scent of Oregon express robbers from pieces of mail found along the track, and trailed them to Cow Creek siding, where the scent was lost.

The posse of officers and citizens returned to Glendale tonight, bringing the bloodhounds with them, the dogs having lost the scent entirely at Cow Creek siding. The opinion seems to be that the outlaws boarded through train No. 221 at Cow Creek and came south on it, dropping off before the train stopped here and evading the officers who searched the train at this place.

Mountain Hunt Abandoned. The dogs will be used here tomorrow morning in an effort to pick up the scent here to determine if the robbers came here on a freight train. The search in the mountains has been abandoned, investigators being convinced that the robbers did not escape in that direction.

All tramps arriving on trains here are being searched and questioned by Government officials.

It is now thought that the outlaws boarded a train at this siding, as both an eastbound and a westbound freight train passed there shortly after the robbery and both stopped at Cow Creek. Many tramps boarded both trains there.

The Cow Creek Canyon outlaws are believed to be the same men who held up the Shasta Limited at Yoncalla June 16.

Mountains and canyons surrounding the scene of last night's hold-up are full of men searching for further trail of the outlaws.

Posses Search for Men. A special train left Roseburg last night carrying a force of deputies heavily armed. Another posse left Glendale about the same time, headed by the County Constable.

W. H. Redfield, a pioneer settler of Cow Creek Canyon, who has spent his life in the mountains and knows every foot of country between Cow Creek and the Coast, left with another posse armed with rifles. Bloodhounds in charge of a Postoffice Inspector from Portland, arrived on the scene this morning and will attempt to pick up the trail of the criminals.

WEST NAMES DIMICK ON ROAD COMMITTEE

SALEM, Or., June 29.—(Special)—Governor West has appointed Grant B. Dimick, of Oregon City, a member of a committee to devise means of cooperating with the Governor's office in the employment of convict labor in the construction of a public highway between Salem and Portland. Ex-Mayor Rogers is also a member of the committee.

C. T. Prall, president of the Oregon Association for Highway Improvement, suggested in a letter to Governor West that when the road between Salem and Portland is completed by the use of convict labor, it be named the "Capital Highway." In replying, Governor West said he was in full accord with the highway movement, and believed that a good road built between the two cities would serve as an inestimable value.

"As this road will pass through three counties—Marion, Clackamas and Multnomah—I have named a committee from each county," wrote the Governor. "This office will be pleased to cooperate with the committee and will give every assistance to bring this work to a successful conclusion."

Are in for a surprise

When you come to see the special Fourth of July display of five wearables for men and young men we have made. For you will find that the quality of our merchandise goes up like a rocket, while the prices are like the proverbial stick within reach of everybody.

Coroner Fox to Resign; Will Move to Portland

DR. T. J. FOX.

Dr. T. J. Fox, coroner of Clackamas county, plans to move to Portland on July 5, where he will continue the practice of medicine. Although he regrets leaving Oregon City the opportunities in the metropolis are such that he feels it his duty to go there. He has connections in Portland which will be of advantage to him in his practice. Dr. Fox became coroner on January 1, and has made a capable official. He has many friends in the city and his decision to leave is regretted by all of them. The County Court will appoint his successor. Dr. Fox is considered one of the best physicians in the county and has a large practice.

BRIDGE CLUB IS ENTERTAINED.

Last Meeting Until October at Home of Mrs. Dan O'Neil.

Mrs. Dan O'Neil and Miss M. L. Holmes entertained the Wednesday Afternoon Bridge Club at their home, Rose Farm, on Wednesday afternoon. This will be the last meeting of the club until October. The decorations were very pretty, consisting of roses and marguerites. Refreshments were served during the afternoon. Bridge was the main feature of the afternoon. The prizes being won by Mrs. E. S. Baker, Mrs. J. N. Wisner and the consolation prize by Mrs. M. D. Latourette.

Those present were Mrs. C. O. Latourette, Mrs. M. D. Latourette, Mrs. May Bollaack, Mrs. E. S. Baker, Mrs. E. P. Rands, Mrs. W. E. Pratt, Mrs. J. N. Wisner, Mrs. Nieta Backus Lawrence, Miss Ella Williams, Miss Marjorie Caulfield, Mrs. E. A. Chapman, Mrs. L. L. Porter, Miss Lulu Spangler, Miss Nell Caulfield.

SAWDUST CASE IS POSTPONED.

Frank Davenport to Have Hearing on July 7.

The trial of the case of the State against Frank Davenport, owner of a sawmill at Ames, on a charge of throwing sawdust in Bull Run, was postponed in Justice of the Peace Samson's Court until July 7. Several residents of the neighborhood have complained that the sawdust in the stream was a nuisance and killed the fish. The case is being prosecuted by Recorder Stipp.

Cary Estate Valued at \$1,000. The estate of Florida Rogers Cary has been filed for probate. Her son, R. W. Cary has been appointed administrator. The value of the estate is \$1,000. It consists of stock in the Estacada Mercantile Company. E. W. Bartlett is the attorney.

HINES DENIES HE RAISED SLUSH FUND

LUMBERMAN ACCUSED OF AIDING LORIMER FINANCIALLY PUT ON STAND.

WASHINGTON, June 29.—Edward Hines, the millionaire Chicago lumberman, who, Clarence S. Funk swore, had raised \$100,000 as a "slush fund" to "put Lorimer over," took the stand today before the Senate Committee which is investigating Lorimer's election as United States Senator from Illinois. Hines was expected to be the star witness for the defense.

Hines, describing his career, said he left school when he was 14 years old and took a job at \$10 a month. In 1892 he formed the Edward Hines Lumber Company, when he was 47 years old. He said he had resided in Lorimer's district for nine years and had known the assailed senator for 18 years. He denied that he drank to excess.

In 1906, said Hines, he lent a lot of decorated wagons for a Lorimer parade and supported Lorimer for Congress in 1906 and 1908, "because Lorimer was a protectionist Republican."

"In March, 1908," continued Hines, "I telegraphed to Lorimer from Chicago recommending A. C. Bartlett, of Chicago, for Senator. In April I saw Lorimer here and he said the factions would not unite on Bartlett. I did not visit Springfield while the Legislature was in session."

"In April Senator Penrose asked me if the Illinois Legislature would adjourn without making a selection of a United States Senator. I promised to find out. Both Congressman Mann and Bartlett said Lorimer could advise me."

"Lorimer said the situation was indefinite, but he was going to Springfield, where he might learn what the prospects were."

ACK AT THE OLD STAND.

OGLE MINE ONE OF WORLD'S RICHEST

GOLD, SILVER AND LEAD ORES ARE FOUND THROUGHOUT LEDGE.

DEVELOPMENT IS ALMOST FINISHED

Vast Mountain is Thought to Be Filled With Valuable Metals—Smelting Plant is Planned.

Thomas B. Fairclough, one of the directors of the Ogle Mountain Mining Company, who was in the city Thursday, declared that the development of the mine had advanced sufficiently to indicate that the entire mountain was rich in gold, silver, lead and other ores. He said that there was no doubt as to the richness of the ore, and that the development would soon reach a stage so actual mining could be started.

A tunnel paralleling the principal ledge of gold ore has been made from the bottom of the mountain to the center, and several lateral shafts piercing the ledge have been provided. In every one of these gold, silver, lead and other valuable ores have been found, which shows that the ledge extends across the mountain. There seems to be no end to the ore, and there is every reason to believe that the mine will prove one of the most profitable in the United States.

Ore was taken from the ledge at the top of the mountain many years ago and stored in a large bin. After being exposed to the air several years it was put through the stamping system and gave large gold yields. When the ore that had been stored in the bin was exhausted more was mined, but this did not prove so valuable, giving such a small yield that it did not pay to mine it. The mine was abandoned, but later it was found that the tellurium in the ore had prevented the gold and quicksilver used in the separating process from amalgamating. It was then decided to develop the mine thoroughly and install the smelting system, which would get all the gold and other metals out of the ore. The plant will be installed at the base of the mountain and the ore will be brought through the tunnel for smelting.

FUTILE SEARCH MADE FOR DRESSED MAN

FELLOW FRIGHTENS RESIDENTS OF WEST OREGON CITY—THOUGHT CRAZY.

A man, supposed to be crazy, who had divested himself of his clothing, was hunted all night in West Oregon City. The fellow was first seen on the road leading to Bolton by William Wilson, the hardware dealer of this city. The man ran when he saw Mr. Wilson approaching in his automobile. Later he appeared at the window of a residence and frightened the occupants. The fellow carried his clothing under his arm.

Several residents of the city started a search for the man, but were unable to find him. He is supposed to have escaped to the woods.

CLUB TO EXPLAIN WHY MONEY IS SPENT

MEETING OF SUBSCRIBERS TO PROMOTION FUND WILL BE CALLED.

The Board of Governors, of the Commercial Club, which has charge of the raising of the fund, will in a few days call a meeting of the subscribers for early in July. The object of the meeting will be to inform the subscribers to the fund for advising what has been accomplished by the money, and to receive suggestions for the work for the coming year. That many persons have been attracted to the county through the efforts of the publicity department of the club is proved daily by the callers at the new Promotion Building. It also assured that the establishment of the office on the street will aid the work. Persons who did not know where the old office was located have no trouble in finding the new building. There are about fifty subscribers to the advertising fund, and it is expected that many more will subscribe the coming year.

OFFICERS INSTALLED BY WOMAN'S CLUB

MORE ACCOMPLISHED DURING PAST YEAR THAN EVER BEFORE.

At a special meeting of the Women's Club the officers recently elected were installed, and the string ones made their reports for the year. The reports showed that the club had accomplished more the past year than ever before. The beautifying of McLoughlin Park and the installing of the fountain in the park constitute part of the important work of the club.

The following are the new officers: Mrs. D. Caulfield, president; Mrs. O. D. Hoy, secretary; Mrs. M. M. Charman, financial secretary, and Mrs. S. S. Mohler, treasurer. The following committees were appointed: Calendar Committee—Mrs. M. Beard, chairman; Mrs. George H. Harding, Mrs. D. C. Laourette, Miss M. Barlow, Mrs. B. Zumwalt and Mrs. H. E. Straight.

Auditing Committee—Mrs. Emma Jones and Mrs. E. Rands. Civic Improvement—Mrs. J. W. Norris, Mrs. C. G. Miller and Mrs. S. S. Mohler.

HUNTLEY BROS. CO.
THE REGULAR STORE.

Chautauqua Engages Noted Chorus Director

W. H. BOYER.

W. H. Boyer, who has been engaged as musical director of the 1911 session of the Willamette Chautauqua Assembly, which starts next Tuesday, has long been recognized as a leader in Northwest musical circles, and has no equal on the Pacific Coast as a chorus director. He is now director of the choir of Trinity Episcopal church, and is tenor soloist in the Temple Beth Israel, Portland.

Mr. Boyer will direct what will probably be the most notable concert of the entire season, on Sunday afternoon, July 16. The cantata, "The Death of Minnehaha," will be given, along with vocal solos and selections by a popular Portland quartet. This cantata, by Colerige-Taylor, is one of the finest ever produced on a Chautauqua platform, and will no doubt draw an immense throng of people as many of the best vocalists of Portland will be heard on that afternoon.

Mr. Boyer will conduct classes in vocal music every morning during the session. He will render a vocal number Sunday afternoon, July 30, and has engaged several pleasing soloists who will sing during the Assembly, their names and dates appearing on the daily program.

MISS KELLY IS RE-ELECTED.

Young Woman From Kansas Chosen Canemah School Teacher.

Miss Elizabeth Kelly has been re-elected principal of the Canemah school, and Miss Lucile Rickabaugh, who recently arrived here from Lebanon, Kansas, has been elected primary teacher. Mrs. Anna S. Hayes, of Gladstone, has been selected musical instructor, instructions to be given twice a week. This is the first time in this city that a musical instructor has been employed by the board of directors. Mrs. Hayes was for some time instructor at Monmouth, and she is an excellent musician.

PRICE BROTHERS TO HAVE NEW STORE.

Price Brothers will open a general furnishing goods house at Woodburn the first of July with H. R. Price, of San Francisco, as manager. The Cochran building, a brick structure, has been thoroughly renovated, and this has been leased by the firm. It is the intention of Price Brothers to have one of the most up-to-date business houses in that city.

WIRE VICTIM GIVEN \$100 AND EXPENSES

HAROLD HENRICKSEN, HURT ON BRIDGE WILL NOT FILE SUIT.

Harold Henricksen, the young painter who, while painting the suspension bridge several days ago, received an injury from an electric wire and fell to the bridge about 30 feet below, was allowed \$100 by the Portland Railway, Light & Power Company, and Earl A. Clark, the contractor for whom he was working. The young man's medical and hospital bills will be paid by Mr. Clark and the Power Company. Henricksen, being only nineteen years of age, H. L. Hull was appointed his guardian, and Gordon E. Hayes was the attorney.

MOTHER OF 13 DIES OF HEART DISEASE

FUNERAL OF MRS. LIZZIE SMITH TO BE HELD THIS AFTERNOON.

Mrs. Lizzie Smith, who had been ill for two weeks with heart trouble, died at the family home at Canemah Thursday. The funeral services will be conducted at the home at 2 o'clock this afternoon. The interment will be in the Canemah cemetery. Mrs. Smith's maiden name was Lizzie Phillips. She was born in Massachusetts, December 7, 1836, and was 74 years of age at the time of her death. She was married seven years ago, settling at Canemah.

TEACHERS' CORPS FILLED BY BOARD

MISS L. E. KUNS AND G. E. TODD ELECTED TO HIGH SCHOOL POSITIONS.

SEPTEMBER 18 DAY SET FOR OPENING

Suit Filed Against Contractors Who Failed to Complete High School Building—Bursy Company Also Defendant.

With the election of two high school teachers, the board of directors of the city schools Thursday night completed the corps of instructors for the coming year. The directors also fixed the date for the opening of the fall term, and discussed matters relative to the furnishings of the new High School building, which will be completed within a fortnight.

Miss Lola E. Kuns, of Portland, and Miss G. Evelyn Todd, of Cleveland, O., were chosen as instructors in the High School. Miss Kuns holds a Bachelor of Science degree from Minerville College, where she was graduated in 1907. Her teaching experience covers 21 months, of which the last 13 months has been in the Silverton High School. She has taught bookkeeping, has had a complete course in commercial work and is capable of handling science or mathematics in the High School.

Graduate of Otterbein. Miss Todd was graduated from Otterbein University at Westerville, O., in 1907, with a degree of Bachelor of Arts. She has taught two years in high school and was employed last year in Scappoose, Or. She speaks German and French and will be assigned to languages. Miss Todd has also specialized in mathematics, embracing algebra, geometry and trigonometry.

The city schools will open on Monday, September 18. Assignments of teachers will be announced July 11. The directors Thursday night concluded to lay a concrete floor in the basement of the Eastman building. The basement in that building is used as a winter playground for the students and the dirt floor has made it very unpleasant and unsanitary. Cement walks around the high school building will not be constructed this year. The grounds will be given a chance to settle thoroughly and in the meantime temporary wooden walks will be laid. It is planned, however, to eventually have cement walks leading to the building from all sides of the block.

CONTRACTORS ARE SUED.

Suit was filed in Portland yesterday in behalf of the school district against Kelly & Mahoney and the American Surety Company, for more than \$2,000, as it has cost the district about this sum over and above the contract price, to complete the building. Kelly & Mahoney were the original contractors, and after realizing that they would probably lose money on their contract, they stopped work, and the directors were compelled to proceed with the construction. The American Surety Company bonded the contractors for \$7,000 and the directors now propose to force either the contractors or the bonding company, or both, to disgorge.

THE WEATHER.

Oregon City—Showers today; southwesterly winds; light to moderate. Oregon—Showers today; southwesterly winds; light to moderate.

BURGLARS, SEEN IN YARD, FLEE POLICE

MEN, WITH DARK LANTERN, DETECTED ON FARR PREMISES.

Two burglars were surprised in the yard of the home of the late J. W. Farr, First and John Adams streets, early last evening by a member of the police force. The burglars were seen and were approaching the house when they were detected. One of the burglars telephoned for the police, and the other fled. The police searched the yard and found a number of articles of value. The burglars have been seen in the neighborhood of the Farr premises.

Henricksen, it is said, had been warned of the live wires, and that while he was working over these that he came in contact with one wire charged with 3,000 volts. The accident was witnessed by two men at the rear of the bridge, the contractor, who was working near and Mrs. Doh Mel drum, of this city. Mrs. Mel drum was nearer to the man than anyone on the bridge. She started forward to a short distance when the man fell at her feet. He struck heavily on his back, and had narrowly escaped going over the edge of the bridge into the river. The man was carried to the office of Drs. Carl and Meisner, where he was soon revived and taken to the Willamette Hospital.
