ADDRESS BY TWO GIRLS CAPTIVATES

Governor Hanley, of Indiana, Delivers Address on "The Spirit of Democracy" This Evening.

(By Staff Correspondent.)

CHAUTAUQUA GROUNDS, GLADSTONE, July 6.—Clouds, threatening brought relief from the heat and a shower of their cooling qualities to the press of the forenoon session of the classes and the Forum exercises at the Willamette Valley Chautauqua Assembly here today.

The feature of the day was the celebration in the auditorium at 8 o'clock by the Robb Burns Boys' Glee Club of Oregon City.

At the ringing of the gong the skirl of bagpipes was heard coming down the path that leads into the park. The music drew nearer and nearer and around a turn in the path came Piper Jack in full regalia.

The following was the program: Dance—Highland Fling—Miss Thomas, accompanied by Piper Jack.

Address—Robb Burns—Hon. W. J. McCann.

Solo—"The Blue Bells of Scotland," Miss June Irene Burns.

Highland—Miss Marie Watson and Mary Smith, accompanied by Mr. Christensen.

Recitation—"The Courtship of Mr. MacNab," William McLarty, First Chief R. B. S.

Sword Dance—Miss Toustie Williamson, accompanied by Piper Jack.

Solo—"Loch Lomond," Miss Virginia Hutchison.

Closing bagpipe selection, "Old King Syne," which the audience joined in singing.

Highland Fling Delights. The most spectacular and beautiful nature ever witnessed at Gladstone was the Highland Fling as danced by the Misses Watson and Smith.

The dancing of Miss Williamson was also much appreciated and won many rounds of applause. Her rendering of the intricate and difficult sword dance was perfect.

Major Gillard, of the First Oregon Regiment, is in charge of the Brigade Headquarters on the grounds. He has an assistant with him and many members of the brigade drop in every day.

The Boys' Brigade is so well known that the organization needs no introduction. There are nine companies in the Oregon Regiment. The four companies coming to chautauqua are:

Company E—Patton Church, Portland, Captain Galloway, commanding.

Company F—Vernon Presbyterian Church, Portland, Commandant Rosenstiel in charge.

Company A—Cantatory Church, Portland, Captain William E. Parham, commanding.

Company H—Oak Grove M. E. Church, Lieutenant A. Allen, commanding, Captain Fowler.

Lula Tyler Gates Captures Big Crowd

LULA TYLER GATES.

Mrs. Lula Tyler Gates charmed two audiences at the chautauqua with two readings, "The Melting Pot" and "Polly of the Circus."

A class in parliamentary law, led by Mrs. Emma A. Fox, of Detroit, Mich. At the same hour Aurora and Crystal Springs baseball teams met on the athletic field before a large crowd.

The score was 2 to 1 in favor of Aurora. Aurora made 8 hits and no errors, three of the hits being made by Telford. Both teams played a snappy game throughout.

The concert by the Apollo Concert Company crowded the auditorium at 8 o'clock. These old favorites of the amusement platform were well received.

MANUFACTURER SEES FINE FUTURE FOR CITY

J. B. TAYLOR, OF NEW YORK, IS GUEST AT DINNER OF JOSEPH LYNCH.

J. B. Taylor, a prominent manufacturer of New York, and a stockholder in the Willamette Pulp & Paper Company, was a dinner guest Thursday evening of Mr. and Mrs. Joseph Lynch.

Mr. Taylor is a son-in-law of former Governor Flower, of New York, and is well-known throughout the United States. He and Mr. Lynch were friends when the latter lived in New York.

Mr. Taylor's present visit to the West is the first he has made in twenty years, and he says the improvement in that time has been remarkable.

While Oregon City has not made as big a gain in population as several other places, Mr. Taylor declares the improvement is of a substantial nature, and because of the power obtained at the falls, the city will always be to the front as a manufacturing center.

BIG TILE FACTORY BUILT AT NEW ERA

FRANK SPURLAK INSTALLING MACHINERY FOR NEW ENTERPRISE.

A new manufacturing plant will be put into operation in Clackamas County in a few days. Frank Spurlak, of New Era, has erected a tile factory and is installing the machinery.

He plans to make from three to eight-inch tiles to use in draining swamps. Mr. Spurlak will also manufacture brick and other building blocks.

There is a big demand for tile in some parts of the county, and the promoter of the enterprise expects to do a large business. There is a tile factory at Hubbard, but it is thought, there is room for another one.

Mr. Spurlak has the best clay in Oregon for the manufacture of tile.

I KILLED; 4 HURT IN AUTO EXPLOSION

HIS DAUGHTER DEAD, J. B. KELLY AND SONS ARE IN SERIOUS CONDITION.

OTHER DAUGHTER CRUSHED BY CAR

Rock in Road Punctures Gasoline Tank and Explosion Follows—Driver Loses Control of Machine.

GRANTS PASS, Or., July 6.—When the gasoline tank on the rear end of their automobile bumped loose on a rock in the middle of the Crescent City stage road late last night, the resulting explosion burned 14-year-old Myrna Kelly, daughter of John B. Kelly, of 345 Haight street, San Francisco, so terribly that she died at 1:50 o'clock this afternoon; scorched another daughter, Angela, a student at the University of California, until in her agony she leaped from her seat and was crushed under the car, which had got beyond control, and scalded and blistered the faces and bodies of Kelly and his little sons, Hobart and Homer, 8 and 6 years old.

Members of the stricken family were brought to the Grants Pass Hospital this afternoon. From the first there was no hope for the life of little Myrna, whose clothes had been burned almost entirely off her body.

Enduring frightful suffering, she had passed nearly the whole night with only the rude attentions that occupants of farmhouses near the scene of the accident could give her.

Angela, the other daughter, is injured internally and has several ribs broken, in addition to severe burns. If she recovers, which is doubtful, she will be scarred and perhaps crippled for life.

The other three, Kelly and his two sons, whose faces swollen beyond recognition, and blistered hands, give mute evidence of the appalling suddenness of the accident and the manner in which the occupants of the car were trapped in their seats, with not a chance to escape, will probably get well, though they will always bear the scars. The condition of the little boys is the most serious.

Control of Car Lost. The accident, which is one of a series of automobile tragedies that has pursued the Kelly family like a strange fatality for five years, occurred about six miles from the little town of Kerby. Kelly, who was at the wheel of his car, was driving slowly on account of the roughness of the road.

On either side of the road was cut with deep ruts, made by the wheels of heavy vehicles, and in the center stood up a rocky ridge. A projection from this ridge struck the bottom of the car, unseated the machine, leaving the driver powerless to control it, punctured and knocked loose the gasoline tank until it swung down from the rear axle.

BIG CHERRY FAIR OPENS WITH PARADE. SALEM, Or., July 6.—(Special).—The sixth annual cherry fair, which started today promises to eclipse all previous fairs here.

While not as extensive as some of the parades in the past year, the civic and industrial pageant this morning, which marked the opening of the fair, more than made up in the beauty and the ingenuity of the floats what it might have lacked in length.

Heading the procession were the members of Company M, Oregon National Guard, followed by the heralds of their royal majesties. On a sumptuous float surmounted by a brilliantly decorated throne, Queen Anne, Miss Elizabeth McLanahan, looked graciously upon her subjects and a truly regal queen she was.

May Enlarge Garage. Elliott & Park have purchased a handsome touring car for their garage. It looks as though the garage will have to be enlarged, as many persons owning machines in this city are depending on the two garages of the city, that owned by C. G. Miller, and the other by Elliott & Park.

During the past two weeks there have been several cars purchased by Oregon City residents.

The thirty-ninth annual session of the Spiritualist Camp Meeting, to be held under the auspices of the First Spiritualist Religious Association of Clackamas county, begins tomorrow at New Era, and will continue until August 7.

An elaborate program has been arranged and the best speakers in the church in this part of the country will be in attendance.

The New Era Camp Ground is an ideal place for such a gathering. It is on a high elevation crowned by large fir trees, and a large creek half encircles the top of the hill.

Following are the officers of the association: F. E. Dunton, Molalla, president; Mrs. L. L. Irwin, Barlow, vice-president; George H. Kirbyson, Oregon City, secretary and John Burgoyne, New Era, treasurer.

Logging camps, sawmills, railroads, etc., where steam engines burning other than oil for fuel, are being operated, will be inspected to see that proper spark arresters are kept in use. In addition, supervising wardens will advise with farmers, loggers, and others who have slashings to burn, instruct campers concerning camp fires, distribute copies of the law, post fire notices in places where they will do the most good, and keep the State Forester fully informed in regard to the fire situation in their districts.

J. W. FERGUSON IS NAMED FIRE WARDEN

EAGLE CREEK MAN TO SUPERVISE WORK OF SAVING FORESTS.

State Forester F. A. Elliott is engaged in perfecting his campaign for the prevention of forest fires during the approaching dry season. Aside from the local fire wardens, of whom there will be about six hundred in the state, supervising wardens are being appointed in each of the heavily timbered counties.

In that portion of the state having but a small amount of timber, two or more counties will be looked after by one supervising warden. J. W. Ferguson, of Eagle Creek, has been appointed supervising warden for Clackamas county.

This appointment was made by the State Forester after careful consideration of the recommendations received from the principal timber-land owners of this territory. Persons residing in localities not covered by a local fire warden should consult him in regard to burning of slashings and information concerning the fire law.

The supervising wardens will have general supervision over the county or district placed in their charge. They will be expected to keep in touch with the local fire wardens, whether serving voluntarily or under pay from the timber owners, county courts or otherwise, and to lend them every assistance in their power for the enforcement of the laws. They will be empowered to issue burning permits where the territory is not covered by a local fire warden, and to act as referees in cases where there is a difference of opinion between any local warden and a resident or company relative to the advisability of issuing a burning permit.

Logging camps, sawmills, railroads, etc., where steam engines burning other than oil for fuel, are being operated, will be inspected to see that proper spark arresters are kept in use. In addition, supervising wardens will advise with farmers, loggers, and others who have slashings to burn, instruct campers concerning camp fires, distribute copies of the law, post fire notices in places where they will do the most good, and keep the State Forester fully informed in regard to the fire situation in their districts.
