Dr. H. H. Hunt, of this city, was summoned, and was necessary to give the young girl an anesthetic as it required stitches to close the cut.

RAPS INSURGENTS FOR TREATY DELAY

DEMOCRATS PRAISED BY BROWN FOR SUPPORTING TAFT MEASURE.

PRESIDENT DEFENDED BY SPEAKER

Reciprocity Called Beginning of End of High Tariff Duties—"Stubborn and Loquacious Senate" is Blamed.

WASHINGTON, July 19.—Vigorous support of the Canadian reciprocity agreement by Senators Brown, of Nebraska; Stone, of Missouri; and Works, of California, and a speech against the measure by Senator Kenyon of Iowa, made up today's debate on the measure in the Senate.

Brown criticized his insurgent colleagues and praised the Democrats for "having the moral courage and patriotism to support and sustain a Republican President," characterized a speech today of Senator Brown in favor of the reciprocity measure.

"I want to express my grief, my profound grief," Senator Brown declared, "because the bill does not have the support of some of my friends in this body whom I know at heart are in favor of lower duties. I do not complain of them. I do not charge them with insincerity, because I know them to be sincere. But simply cannot understand them."

"It is beyond my comprehension to appreciate how in one session of Congress I could vote for lower duties, in the next session favor a revision of the tariff, a schedule at a time, and at a third session be against the proposition, which, while it is not a revision of a single schedule, is a revision of a few schedules, not with all the countries of the world, but with one country; a plan that I believe marks the beginning of the end of extortionate tariff duties in this country."

The speaker declared that it was not President Taft, "but a stubborn and loquacious Senate," that was responsible for the extra session. He defended the President from charges that he was taking too much part in legislation.

SEALS AGAIN VICTIMS OF FRISKY BEAVERS

SEATON HAS VISITORS AT HIS MERCY, ALLOWING FIVE BINGLES.

PORTLAND, Ore., July 19 (Special)—McCredie's men found San Francisco seals again today and took the long end of the game by a score of 5 to 1. Seaton pitched rings around the Seal twirler, and kept the visitors chopping air most of the time. Only five hits were made off his delivery. What he didn't have isn't of any use on a ball field. The game was exciting and close up to the eighth when the Beavers got their willows to working and made three scores. San Francisco got its only tally in the sixth.

The results Wednesday were as follows: Pacific Coast League—Portland 5, San Francisco 1; Sacramento 5, Oakland 0; Vernon 5, Los Angeles 4. Northwest League—Portland 5, Tacoma 1; Seattle 14, Spokane 2; Vancouver 9, Victoria 2. American League—Boston 10, Cleveland 2; no other games scheduled. National League—St. Louis 4-8, Brooklyn 2-5; New York 4, Cincinnati 2; Chicago 5, Boston 3; Philadelphia 5, Pittsburgh 4.

DRILLING AT STONE WELL IS RESUMED

Drilling was resumed the first of the week at the stone oil well, and the work is progressing smoothly. Casings have been installed the entire depth of the well, and it is not thought that water will cause any trouble in the future. Louis Vierhus, on whose place the well is located, telephoned to the Enterprise, that oil in large quantities was expected to be found at any minute. The hard strata of rock, which is believed to be the "oil cap," has been penetrated several feet. Experts are still confident that oil and gas in paying quantities will soon be reached.

County To Pay \$35,000 Road Debts Tomorrow

J. A. TUFTS

County Treasurer Tufts has issued a call for all road warrants, issued and indorsed prior to December 14, 1910 to be presented at his office for payment tomorrow. The County Court has transferred from the general fund to the road fund \$35,000 with which to pay the warrants. The transfer was decided upon in order to save the interest that is now being paid on the warrants. The general fund has been out of debt for several years, but the road fund is usually behind. Holders of the warrants are requested to call at the treasurer's office between 9 o'clock in the morning and 5 o'clock in the afternoon to get their money. The warrants range in amounts from \$1.00 to several hundred. All warrants under \$1.00 are paid upon presentation by the Treasurer.

Mr. Fields obtained the claw of the bear while visiting at North Fork.

BONNETT HEIRS LOSE SUIT AGAINST TOWN

Judge Campbell on Wednesday decided the suit of the Bonnett heirs against Milwaukie, in favor of the defendant. The plaintiffs sued to prevent the city from making a street, which they declare encroached a street, their property and would fill a pond used by them in connection with a tannery, which had been idle for some time, until recently. The tannery was built many years ago. The plaintiffs were represented by Dimick & Dimick and Livy Stipp represented the city. Harrison street is the one which is to be improved.

VOTERS URGED TO CONSIDER IT BEFORE ELECTION ON JULY 31.

William Hammond, recorder of Gladstone will today mail copies of the proposed new charter of the city to the voters to consider before the election on July 31. The principal feature of the charter is the provision for a water works system, which is to be built for a sum not exceeding \$20,000. Lewis C. Kelsey, of Portland, will submit plans and specifications for the plant at a meeting of the city council next week. Mr. Kelsey formerly was city engineer of Salt Lake City, and has had much experience in planning water works. Each registered voter upon the proposed charter, which has been approved by the city council. That it will be approved by a large majority is indicated by the failure of a single resident of the town to file a protest with the recorder.

AUTOIST, VISITING HERE, BITTEN BY DOG

ARTHUR C. CHASE IS REPAIRING CAR WHEN ANIMAL ATTACKS HIM.

Arthur C. Chase, formerly in the wholesale grocery business at Omaha, Neb., was severely bitten by a large Shepherd dog at Wilsonville, Monday. Mr. Chase, who with his wife, will motor through Oregon and California, had got out of his car to make a minor repair when the dog rushed from a yard and fastened its teeth in his left leg. He finally shook the animal off, and hurried to this city where his injury was dressed by Dr. Strickland. He came here Wednesday to have the injury dressed.

Mr. Chase is favorably impressed with Clackamas county, and may decide to locate here. While in the county on a visit last year he purchased a small tract between here and Portland, but was unable to get a clear title, and did not take the property.

PUBLIC COMFORT HOUSES PLANNED

MONROE STREET TO BE FORTY FEET WIDE—POLICE GY TWO WEEKS OFF.

The City Council, at a meeting Wednesday night, instructed the City Attorney to draft an ordinance providing for public comfort stations on the hill and in the lower section of the city. The appropriation for the improvements will be limited to \$1000.00. It is understood that the homes will be built as soon as the money is available.

A resolution was adopted granting the police of the city vacations of two weeks with pay. The Chief of Police was instructed to investigate complaints against Indians at First and Washington Streets. The aborigines are said to have squatted on city property and are annoying the residents.

Plans and specifications were adopted for the improvement of Fourteenth street. It was decided to make the street forty feet wide and the alley openings ten feet wide.

Plans and specifications for a drain culvert on John Quincy Adams street between Fourteenth and Fifteenth streets were referred to the Street Committee and City Attorney. A report of the City Engineer on the assessments of property owners for the improvements of Sixth street was referred to a committee, composed of O. D. Eby, T. P. Randall and Mr. Bittner. It is said that some of the lots are assessed more than 50 per cent of their value, and the committee was appointed to hear the complaints of the property owners and equalize the assessments.
