WISNER IS OUT AS HATCHERIES HEAD

OFFICE ABOLISHED ON PRETEXT OF CUTTING DOWN EXPENSES.

FRIENDS CALL IT POLITICAL PLAY

Governor's Boasted Non-Partisan Commission Denounced as Farcical—Department Left Without Experienced Man in Charge.

J. Nelson Wisner, who was two months ago employed as State Superintendent of Fisheries, has been listed out of office by the State Fish and Game Commission.

His friends here, however, are keen in the belief that Governor West's boasted anti-political commission is entirely farcical and that Master Fish Warden Clanton and his political allies were displeased when the office of State Superintendent of Fisheries was created and Mr. Wisner's appointment announced.

The service of the deposed superintendent would unquestionably have been of great value to the Commission because of his long and varied experience in matters relating to fish culture. He was for about 10 years one of the two field superintendents of the United States Bureau of Fisheries, working first on the Atlantic Coast, but his longest service was in the propagation of salmon and trout in the waters of the Northwest.

Governor West, when in Oregon City a few months ago, said in a speech that his new fish and game commission should establish a record, that it was independent of him and that it had plenty of money to spend in furtherance of its work.

The abolishment of Mr. Wisner's office leaves the commission without an expert in propagation work, which will naturally be conducted in future by men who owe their appointments to political favoritism and who have little or no experience in the important work which the commission has undertaken.

TREATY PASSES WITHOUT CHANGE

SENATE ALMOST TWO TO ONE IN FAVOR OF TAFT RECIPROCITY MEASURE.

CANADA TO NOW ACT ON TRADE PACT

Paper and Pulp Section of Bill Becomes Effective Immediately Upon President Affixing Signature.

WASHINGTON, July 22.—The reciprocity trade agreement between the United States and Canada embodied in the reciprocity bill, that proved a storm center in two sessions of Congress, passed the Senate today without amendment by a vote of 53 to 27.

This action settled the whole Canadian reciprocity question so far as Congress is concerned and save for executive approval and the Canadian Parliament ratification, virtually makes the pact the law of the land.

The Canadian Parliament has not yet acted on the agreement and with one exception the provisions of the bill as passed by Congress will not become effective until the President issues a proclamation that Canada has ratified the pact.
