Planets Mars and Saturn this month in Aries, approaching a conjunction so near that they will appear like a double star. Encke's comet due this month at perihelion, period of 3.3 years; also Barnard's comet, period 5.4 years; periodic meteors visible till 28th in northeast. Constellations visible, 8:30 p. m., during August: Overhead, Hercules, Lyra; north, Draco, Ursa Minor, northeast, Cassiopeia, Andromeda, Cepheus, Cygnus; east, Pegasus, Aquarius, Delphinus; southeast, Capricornus; south, Aquila, Ophiuchus, Serpens, Sagittarius, Scorpio; southwest, Libra; west, Virgo, Corona Borealis; footed; northwest, Canes Venatici, Ursa Major.

We have factories in this state which today are struggling for existence, and which would be running along smoothly, if each man, woman and child in the state would insist on having the home product. It is not asked that our people buy "Made in Oregon" goods in preference to goods made elsewhere, unless the home product is equal in quality, appearance and price to the same goods made elsewhere. But even the casual investigation of our citizens will show that our manufacturers in most lines are turning out goods today the equal of any in the country, and the Manufacturers' Association only asks that when such goods are offered that they be given the preference.

The Oklahoma courts are resolutely refusing to give recognition to "near beer." And yet there have been many pilgrim patrons of Oklahoma bootleggers who haven't had a chance to recognize anything at all near whisky.

The Democrats of Omaha, in convention assembled, have denounced William J. Bryan as a bolter. Well, if Mr. Harmon should be nominated

On Entering Politics Woman Loses Respect and Dignity to Which She Is Entitled

By CARDINAL GIBBONS

Why should a woman lower herself to sordid politics? Why should a woman leave her home and go into the streets to play the game of politics? Why should she long to come into contact with men at the polling places? Why should she long to rub elbows with men who are her inferiors intellectually and morally? Why should a woman long to go into the streets and leave behind her a happy home, her children, a husband and everything that goes to make up the ideal domestic life? I think the AVERAGE man and woman will admit that it will be difficult to find REASONABLE answers to these questions. I am HOSTILE to woman suffrage, always have been and will continue to be. Some one is always asking me why I oppose woman suffrage. I am always wondering why they ask me that question. I have written about the subject for years. I have preached about it, and I will CONTINUE to urge that nothing be done which will take woman out of her PROPER SPHERE.

WHEN A WOMAN ENTERS THE POLITICAL ARENA SHE GOES OUTSIDE THE SPHERE FOR WHICH SHE WAS INTENDED. SHE GAINS NOTHING BY THAT JOURNEY. ON THE OTHER HAND, SHE LOSES THAT EXCLUSIVENESS, RESPECT AND DIGNITY TO WHICH SHE IS ENTITLED IN HER HOME.

for President, Mr. Bryan might be nominated for vice-president to make the ticket harmonious. Senator Stone gave notice that his "alliance with the President" would terminate as soon as the reciprocity pact passes the Senate. The Missouri senator in this was, no doubt, expressing the feeling and policy of his party.

Whitening the Skin. There is nothing better than lemon juice for whitening the skin and making it smooth and soft, but it must never be applied undiluted. It is much too strong.

The best lotion to mix with it when it is to be used on the face is rose-water. To three parts of rosewater add one part of lemon juice and with a soft linen rag dab this all over the face. Then rub it gently into the skin until all the moisture is absorbed.

To obtain the effect you desire you should wash your face thoroughly in tepid water in the morning and then apply some of the lemon juice and rosewater lotion. Instead of using soap and water for cleansing during the day, just wipe your face over with the lotion, which you will find quite effectual in removing all the dust.

At night, before retiring, wash your face thoroughly in hot water which has been softened with toilet oatmeal (or ordinary oatmeal tied up in a muslin bag), dry well and then apply some cold cream. Leave this on your skin for five or ten minutes, then wipe it off gently with a soft rag.

Care of the Lips. Sometimes girls with good lips spoil their beauty by careless little habits of which they are unaware and no one has been kind enough to tell them. A faulty closure of the mouth will alter the entire expression. It gives a look of heavy vacancy and stupidity and is often due to improper breathing. Biting or gnawing the lips or constantly moistening them with the tongue is a bad habit, due sometimes to excessive nervousness, but often to a desire to make the mouth bright red. Such treatment not only makes the lips thick and colorless, but the delicate muscles become distorted and twisted, or a protruding mouth is the result. A few minutes' study before the mirror will show just how to hold the lips in order to preserve their free, delicate curves.

Unwise Neglect. The girl who tans or freckles easily must never neglect her complexion for a single day in summer. Summer freckles are not so bad as the permanent variety, but both can and should be avoided.

It is advisable to go collarless in summer both to give the throat a little freedom from restraint and also to allow the neck to tan, so that the dreadful line between sunburn and white skin is safely avoided.

The present pretty fashion of collarless frocks is a boon to the girl who wishes to develop a well rounded throat. Linen collars will flatten the neck. Any tight or stiff collar will spoil the contour unless constant massage with a soothing cream is persisted in.

Puffy Eyes. Puffiness under the eyes is usually caused by late hours or eye strain. Apply the following eye wash to the eyes twice a day: Ten grains borax, one ounce camphor water—no spirits of camphor. An outward application to the skin beneath the eyes will also assist in removing the puffiness. To this mix together twenty grains of tannic acid with one ounce of pure glycerin and paint the skin beneath the lower lid, using a fine camel's hair brush. Accompany this treatment with a course of gentle massage to the skin around the eyes and in a short time all traces of the trouble will have disappeared.

Her First Attempt. Mr. Youngbride—This coffee, my love, is— Mrs. Youngbride—I know that it is not very good, dear, but I've boiled it for over half an hour and the kernels haven't melted one bit.—Boston Transcript.

CATTLE MARKET IS LOWER.

Demand Good For Fat, Smooth Steers and Cows. The Portland Union Stock Yards Company reports as follows: Receipts for the past week have been as follows: Cattle 1915; calves 288; hogs 902; sheep 5077, and horses 33.

While receipts in cattle were comparatively liberal no choice stuff was offered with the exception of two or three cars of cows and heifers. This preponderance of thin and half finished stuff makes for a lower market as much of it has to be disposed of for feeding and grazing purposes.

Demand is good for fat, smooth steers and cows, as buyers are always ready and willing to pay the price for that class of stock. The veal market is steady to strong with tops as \$7.25 for best light well finished calves.

Bulls are selling from \$3 to \$3.50 and stags from \$4 to \$5.

The hog market continues to advance, best swine weighing around 200 pounds, now selling for \$7.65, while smooth heavy hogs bring as high as 7 cents. Supply inadequate to the demand.

The sheep market showed unexpected strength when Mt. Adams lambs brought \$5.75 with lighter offerings, bringing from \$5.00 to \$5.35. A large bunch of wethers sold for \$3.35. Ewes all the way from 2.50 to 3 cents for the best grades.

In the horse division drafters and drivers continues to head the procession in point of demand. Following sales are representative: 177 Steers \$1180 \$5.75; 33 Steers \$1225 5.60; 93 Steers \$1159 5.50; 90 Steers \$1080 5.35; 127 Calves \$216 7.00; 28 Calves \$306 5.25; 10 Bulls \$1140 3.60; 3 Stags \$1200 5.00; 89 Heifers \$933 5.15; 70 Cows \$980 4.75; 121 Cows \$1040 4.50; 86 Cows \$965 4.35; 125 Hogs \$190 7.65; 80 Hogs \$207 7.25; 2 Hogs \$285 7.25; 3 Hogs \$333 7.00; 483 Lambs \$82 5.75; 157 Wethers \$97 3.35; 579 Wethers \$94 3.25; 552 Ewes \$93 2.70.

FRIEND OF AMERICANS.

Crown Princess of Roumania, Who Enjoys Meeting Them. Crown Princess Marie of Roumania, daughter of the late Duke of Saxe-Coburg-Gotha, is the friend of Americans. Recently society leaders in Bucharest let it be known that the American women in the Roumanian capital need not expect social recognition.

About this time invitations were sent out for a social at which it was expected Princess Marie herself would be a guest of honor. According to custom, the names of the proposed guests

PRINCESS ELIZABETH OF ROUMANIA to the function were submitted to the royal lady. She scanned the list and then remarked: "I see the names of So-and-so are not here."

"They are Americans, your royal highness," was the reply. "They are distinguished guests in our capital. If their names are not included in this list of guests I shall not attend the reception," declared the princess, returning the list with an air of finality that had its effect. Every American woman of any social standing at all was immediately invited to the affair, and the princess made a point of singling out the unpopular Americans for gracious attentions.

Like Queen Mary, the beautiful Roumanian crown princess is a woman of remarkable intelligence. Moreover, she is extremely tactful and clever. It is said if Ferdinand ever comes to the throne of Roumania she will be the power behind the throne. Her daughter, the Princess Elizabeth, who inherits much of her mother's beauty, is now seventeen, the same age as the heir to the English throne. A marriage between the two would not be displeasing to the English people and would certainly be desirable for Roumania from a diplomatic standpoint.

The suggestion that a match be arranged with Princess Marie Alexandra of Fife, second daughter of the king's sister, Louise, duchess of Fife, has not been received with much enthusiasm by the English people, with whom the Fife connection is not very popular. However, rumor now says that the lovely Princess Elizabeth is engaged to Prince George, eldest son of the crown prince of Greece.

The Same Hole. An inexperienced young fellow was called upon to make a speech at a banquet at which Speaker Cannon was present. In fact, the speaker sat next to the young man.

"Gentlemen," began the young fellow, "my opinion is that the generality of mankind in general is disposed to take advantage of the generality of—" The speaker grabbed the boy by the arm and pulling him down to him, said:

"Sit down, son. You are coming out of the same hole you went in."—Exchange.

RAILROAD TO CONNECT COOS BAY AND EUGENE. PORTLAND, Or., July 31.—(Special)—Immediate construction of a railroad from Eugene to Marshfield, at a cost estimated at \$8,000,000, was authorized by the Southern Pacific Company through J. P. O'Brien, vice-president and general manager in this city today. Preliminary surveys already have been made and six engineering parties are in the field locating the permanent line. Although the definite course through which the new road will be constructed has not yet been selected, Mr. O'Brien said that the general route will be along the Siuslaw River, through the Coast Range to the coast, thence south to Marshfield, where it will connect with the Coos Bay, Roseburg & Eastern Railroad, now operating a line two miles long from Marshfield to Myrtle Point.

FRUGAL BILL SCHIPKE. Omaha Manager Banked His Salary Until End of Season. Skipper Bill Schipke, manager and captain of the Omaha club, is noted for his frugality and also for his skill as a hunter and trapper. The first year Schipke was in Omaha he drew about \$5 a month from Pa. Bourke for expense money and let the rest of his salary remain in the hands of the owner of the Omaha team. When this was handed to him at the end of the season Skipper remarked: "Ge, that's more money than I ever saw. The first thing I will do is to go right home and buy enough coal to last mother all winter." And he did.
