WOOL RATE OF 29 PER CENT AGREED ON

WASHINGTON, Aug. 11.—The full House and Senate conference committee on the wool tariff revision bill today agreed on a flat rate of 29 per cent on raw wool. The committee also agreed on the House classification of wool. The agreement on these two points seemed to remove the greatest obstacles in the way of final agreement, which, it was said, might be reached.

WASHINGTON, Aug. 11.—George W. Perkins, the New York financier, suggested to the House steel corporation committee of inquiry today that a Government commission, which would insure focusing the limelight of publicity on the business affairs of great corporations, would do much to eradicate present day trust evils and preserve their virtues.

PERKINS SUGGESTS TRUST PUBLICITY

WASHINGTON, Aug. 11.—George W. Perkins, the New York financier, suggested to the House steel corporation committee of inquiry today that a Government commission, which would insure focusing the limelight of publicity on the business affairs of great corporations, would do much to eradicate present day trust evils and preserve their virtues.

WORK OF ENLARGING COURT HOUSE STARTS

Clarence Simmons, who has been appointed superintendent of the work of reconstructing the courthouse, had a large force of men at work Friday removing the trees in the rear of the building where the addition is to be made. County Judge Beatie said that the work would be rushed as rapidly as possible in order to have the roof on the addition before the rainy season starts.

SUGAR MARKET HAS ANOTHER ADVANCE

The exceedingly strong tone for sugar in the East which has resulted in an advance of 20 per cent there during the past few days, is expected to force a still higher price in Oregon City.

The price of sugar in the East and on the Pacific Coast Friday was virtually on the same basis, while as a rule the quotation here is about 7c higher than the East. This is due to the fact that when Coast refiners were independent of Eastern interests, it was generally the rule to keep the quotation here to a point where it would be unprofitable for buyers of this territory to purchase supplies on the Atlantic seaboard.

Advices from European fields continue to tell of dry weather. This is having a disastrous effect upon the beet sugar crop and estimates of the output there are being constantly reduced.

SETS BUNT AND RUN MARK.

Outfielder Burke Reaches First Three Times in Three Seconds. John "Rabbit" Burke, centerfielder of the Columbia South Atlantic League team in South Carolina, recently broke the world's record. It is claimed for bunt and run to first, three times getting to the bag in three seconds flat, according to two stop watches.

The world's record, made by Thoney, now of Boston, at Cincinnati in 1907, stood at 3 1/5 seconds. Burke's record was made at the field day benefit for the Columbia and Albany players, held there.

Burke also circled the bases in 14 2/5 seconds, winning that event, and won the long distance throwing contest.

Heart to Heart Talks.

By EDWIN A. NYE.

WHAT A WOMAN DID.—"Unions."

Thus explained Mrs. Edward C. Dodd widow, when she looked across a waste of chapters in "Facts" if he belonged to get nothing and was the only possession.

There were just 25 acres of this wild, curst producing land. But Mrs. Dodd had the genius who were able things. She saw a vision of rows of growing stuff. In her dream the brown stretch of chaparral changed into—"Unions."

But how make her dream come true? She had no money. She had what was better than money—faith.

Somehow she communicated the faith to a man who agreed to clear and cultivate seventy acres, taking on his share one-half the first crop.

It seems incredible, but on that very crop Mrs. Dodd realized from the big crop of pungent tomatoes the sum of \$22,000.

Well—The next year heavy rains ruined the crop and instead of making money Mrs. Dodd lost \$1,000.

Quit! A lot of people did quit raising on lots, but not Mrs. Dodd. She spent about all the money she had made the first year in building huge warehouses and packing sheds where the vegetables could be stored so that they would not be softened by the rains.

And then—Next season perverse nature refused all rains, and the drought ruined the crop.

The cumulative woe of those two disastrous seasons drove many a man "back to his wife's folks."

But this pucky woman, why—She installed a pump to bring the water from the nearby Rio Grande river. It did not work well. She substituted electric power and now is independent of Texas skies.

Two years ago the crop brought her \$50,000 and last year twice that sum, giving Mrs. Dodd the title of the "million queen" of Texas.

Moreover—While other farmers complained of the selfishness of the "grangers," Mrs. Dodd has 200 of them on her 225-acre ranch—every one a loyal Mexican laborer. Mrs. Dodd built them cottages instead of shacks, employs a free physician and maintains a school for their children.

Occasionally you find a sapient individual who tells you that woman is "deficient in reasoning power."

Should you waste time on the negative side of the accomplishment of Mrs. Dodd as "Exhibit A."

Wanted Blessings. Aunty (Just arrived)—Bless your sweet heart!

Marie—You needn't waste any of your blessings on him, aunty.

Aunty—Him? Who?

WHY BROOKLYNS ARE LOW.

Many Reasons Advanced For Failure of Team to Win More Games. Why don't the Brooklyn's win more games? Fans who watch the team play these days are vainly trying to answer this query. With such a masterly pitcher as Nap Rucker it seems strange that Dahben's men are not higher in the race. If the Giants had Rucker they would win the championship, and the same can be said of the Philadelphia's, Cubs, Pirates and Cardinals. But careful observation would seem to indicate that something is wrong with the Brooklyn team's mechanism.

Ginger is conspicuously lacking, also class except in the cases of Dahbert, Wheat and one or two others. Dahben doesn't spend much time on the coaching lines and the men seem to play headless, half hearted baseball. Team plays at the bat and on the bases appears to have been sadly neglected, and there has been lots of sloppy work in the box. President Ebbets isn't talking about the future, but the manager will not deny that he is looking around for a new manager. John Gansel, who has made a big success in Rochester, is said to be in high favor with the Brooklyn manager. A winner in Brooklyn would prove a mint for the club's stockholders.

Mis Fugent French. "The people in these foreign hotels," said the young tourist, "have the queerest ways I ever saw."

"What's the matter now?" "Why, I just now asked the clerk in French what news from America, and he replied that the Russian interpreter was out. I'd like to know what connection he thought there was between the two."—Lippincott's.

A BRISK RETORT. "I am 30 years old," pronounced a woman of 55 at a tea last week, Brooklyn Life. "And I am," said a woman of 45. "Then, turning to a girl of 17, who stood near by, she asked: "How old are you, young lady?" "Oh," replied the girl, "according to present reckoning I'm not 30."
