Everywhere on every street corner and public highway, in hundreds of homes and in the lobbies of hotels, in the barber shops where the town topics are always discussed, out in the remotest districts of the county, the Morning Enterprise Grand Voting Contest is the real topic of conversation. WHO IS GOING TO WIN? is the one absorbing question and the large number of votes cast for the candidates stamps the greatest popular voting contest ever held in Clackamas county with the seal of unqualified success. From all parts of the county candidates have entered the race and they are receiving loyal support from their home communities. This makes the contest a uniformly fair one and no candidate has as yet received enough votes to give a lead that cannot be overcome by any of those whose names appear on the "Roll of Honor."

Another feature of The Enterprise Contest that makes it extremely popular, and which is causing interest to spread over the county at a rate unsurpassed in history, is that prizes of equal value will be given in each district. The many precautions taken by the Contest Department to assure every one a "double vote" and an even chance with all others to become a winner, coupled with the fact that the proposition is a high-class one, has attracted the most popular members of every class, and has given the candidates and their friends an inspiration to put forth every effort to win in the struggle.

CANDIDATES! Remember that the special "double vote" offer closes tomorrow at 6 p. m. Don't lose a moment's time, but get all the votes you can, for the nearer the top of the "Roll of Honor" your name appears the more it will encourage your friends. This will positively be your last chance to receive extra votes on any subscription under five years, so make every minute count. Don't forget that the contest closes September 2, so if you intend to be included with the winners you must do your very best or your competitors will beat you out. Show your friends that you are worthy of their support by making a supreme effort to win the first Grand Capital Prize. Any of you on the "Roll of Honor" can do it easily if you do your best.

Now work hard today. It is your loss if you don't, and the Contest Management hopes to see you all at the "Candidates' Ball" tonight.

Make Second Crawford "Catch." Mr. and Mrs. Lloyd Williams and two little sons, who recently made a record as "crawfishers," made another trip to their "patch" on Sunday, where they caught 1,016 crawfish. Friends of Mr. and Mrs. Williams are enjoying the crawfish.

The famous Jack Kienth Alligator show will be one of the attractions of Joy street.

THRESHERS BURNED SAVING GRAIN IN BARN

Ernest Gelbrich, of New Era, lost his barn by fire on Monday morning. The fire started from a threshing engine, which was in the field close by. A spark from the engine having blown into the barn set fire to the hay. The hay was a total loss, and a horse was slightly burned. The chicken houses and several fences were destroyed. The grain that was ready for threshing was saved by the threshing crew, who carried water and fought the flames, all of whom had blistered faces before the fire had been got under control.

WOMAN HERE TO ORGANIZE FARMERS

MRS. CARLEY WILL CANVASS COUNTY IN INTEREST OF SOCIETY OF EQUITY.

CONSERVATION OBJECT OF ORDER

Farmers in Eastern and Southern States Have Been Greatly Benefited By Joining Society.

That the farmers of the United States will, in a few years, be thoroughly organized and able to command a fair price for their products, was the statement made by Mrs. G. T. Carley, of Hood River, one of the organizers of the Farmers' Society of Equity, who came here Tuesday.

"We consider the Willamette Valley one of the most important fields in which to work, and I shall remain here until a good working organization is effected," said Mrs. Carley. "The purpose of the organization is merely that of conservation. Too much energy is wasted by the farmers. They must learn not only how to get the best results from their farms, but how to get the best prices at a minimum cost of transporting the produce to the markets. The farmers in many of the Eastern and Southern states are well organized, and the results are much more satisfactory than was anticipated. If our plan of conservation is carried out the farmers will get a fair compensation for what they produce."

Mrs. Carley is working in connection with George W. H. Miller, and Harry Y. Miller, the representatives of the organization in this county. Although no extensive canvass has been made, many of the farmers have indicated their intention to affiliate with the organization and it is believed that a good working order will soon be established.

Mrs. Carley called attention to the good prices that have been obtained for tobacco in Kentucky and Maryland through the Society of Equity. She said prices were so low before the growers became members of the society that the farmers were hardly able to eke out an existence, and as soon as the society was organized prices took an upward turn, and are higher now than ever before.

MRS. S. R. GREEN IN CRITICAL CONDITION

Mrs. Stephen R. Green, who has been critically ill for more than a week, was slightly improved Tuesday, but her physician, Dr. Sommer, says she cannot recover. He says she may linger for a week. Mrs. Green has suffered for more than a year from appendicitis, and she was taken to Portland sometime ago for treatment. Her condition was such, however, that it was deemed unwise to perform an operation and she was brought back to this city. Mrs. Green is forty-six years of age and has six children. She was married in this county and before her marriage was Miss Millisa Brammer.

Deputy Sheriff Miles said Tuesday that he placed no credence in a report that his son, George Miles, who disappeared at Columbia Beach just before Company G. O. N. G., of which he was a member, broke camp, had been shanghaied. Mr. Miles believes that his son was drowned while trying to swim the Lewis and Clark River.

He was a member of the law firm of Kaiser, Pogue & Slater. He was born in Salem in 1852 and was graduated from Willamette University in 1874 and admitted to the bar in 1881. In 1890 he married Miss Angie Ryan. Besides his wife, he is survived by three sons, Leo, Joseph and William, and a daughter, Angie Kaiser; his mother and two brothers, George H. CLARK AND TAFT PICKED FOR 1912

REPUBLICANS AND DEMOCRATS IN CONGRESS FAVOR THEM FOR CANDIDATES.

LAFOLLETTE HAS FEW SUPPORTERS

Bryan is Not Mentioned But Wilson is Strong Second Choice For Democratic Nomination.

WASHINGTON, Aug. 22.—A poll of both Houses of Congress today shows that President Taft is overwhelmingly the first choice of the Republican Senators and members for renomination. Senator La Follette has a small scattered following.

Two members express a preference for ex-President Roosevelt, and a few others would be for him if they believed there was any chance that he would accept the nomination. So far as the Democrats are concerned, Champ Clark, Speaker of the House of Representatives, is slightly in the lead for first choice. Woodrow Wilson, Governor of New Jersey, is a close second. Thomas R. Marshall, Governor of Indiana; Oscar S. Underwood, of Alabama, and John E. Dix, Governor of New York, are favorite sons.

William Jennings Bryan has no one to speak above a whisper for him. Joseph W. Folk, former Governor of Missouri, is dwarfed by the sentiment in the delegation for Clark.

The Democrats for the most part prefer to lie low. The majority have been so long away from their states that they do not know whether the popular feeling has grown for Speaker, Clark, or whether it is for Governor Wilson or whether it has veered toward Harbord.

Then Mr. Bryan has been awaited in the House of Representatives and the Democrats want to know how this is viewed by the people. They will go home prepared to support the Democratic tariff program and the rest of the legislation which the Democratic House has put through, and denounce the President. Those who have real views, as the poll shows, will express them and try to induce their constituents to agree with them.

The President among Republicans in Congress is regarded as a man who has grown immensely. It is believed that nothing has more become him than his standing during the special session just ended. It is predicted that by the next campaign he will be well nigh invulnerable.

Of the 90 Senators in Washington 50 are Republicans and 40 Democrats. Georgia has elected Hoke Smith and he will make the 91st Senator, but he has not appeared. Arizona and New Mexico will be represented as states in the next conventions.

Of the members of the House of Representatives 227 are Democrats, 160 are Republicans, one is a Socialist and one is an Independent.
