DOUBLE VOTES TO REMAIN IN EFFECT UNTIL AUGUST 31, AT 6 P. M.

The last special offer of The Enterprise Grand Voting Contest goes into effect this morning and it behooves each and every candidate to be the best of the opportunity. The two subscriptions under this offer may mean victory for you, and to get? May be just now for the canvassing for votes, but one subscription may place you in the "royal seat of success." You will take the candidate whose total is the lowest on the "Roll of Honor" in District No. 1. One ten-year subscription to the Daily Enterprise would place her in the lead. You can readily see how good the chances are for any candidate to win the Grand Capital Prize. We can say by this that any candidate on the "Roll of Honor" has especially a chance as the other to win. It applies likewise to all candidates in District No. 2. For one five-year subscription to the Daily Enterprise you will receive 25,000 votes, for ten-year subscription 50,000 votes and for twenty years, 100,000 votes. For one five-year subscription to the Weekly Enterprise you receive 600 votes, for ten years 25,000 votes, and twenty years 50,000 votes. SEE VOTE SCHEDULE ON LAST PAGE FOR RATES.

Now it is not expected of any candidate to get a great number of subscriptions under this offer but the one you can get the more liable you are to be the recipient of one of those beautiful Grand Upright Kimball pianos. It will require your best effort from now till the close of the contest to be included with the winners, but victory lies within the reach of this candidate who takes advantage of this—the last special offer, which continues in force until 9 p. m., Saturday, September 2. Any of you who wish to grasp this golden opportunity will have none to blame but yourselves if your competitors win. Do not overlook yearly subscriptions. They count the same as at the start of the contest and every vote you acquire from now on means that you are nearer the goal of success.

CONTEST NOTES

(BY THE CONTEST EDITOR.)

The contest closes September 2 at 9 p. m. sharp. No votes will be received after that time. Don't forget the special offer announced this morning. This will positively be your last chance to get extra votes. Make the best of the opportunity. This offer continues in force up to the close of the contest. Don't think you have the prize you are working for "cinched." There are

KUMMER TELLS STORY OF FATAL AUTO WRECK

"That I was not killed instantly like my companions was due to the machine after turning over once turning again partly," declared Frederick Kummer, of Damascus, who was riding with L. H. Young, of Damascus, and Harry A. Cummings, of Portland, when the automobile ran into a ditch near Parkplace Wednesday evening and crushed the last two to death. "We had no time to jump, and I remember nothing from the time the car took the leap until I found myself tangled in the steering gear. I am confident that it was on the second turn of the machine that I was thrown to a place of safety. The front wheel dropped into a wagon rut and while Mr. Young was trying to get it back on the road the wheel crumpled. The driver was not at fault."

Coroner Wilson held an inquest over the bodies Thursday afternoon, and a verdict of accidental death was returned by the jury which was composed of T. P. Randall, John Bradley, A. M. White, J. M. Tracy and D. E. Frost. The body of Mr. Cummings was shipped this afternoon to the Flaley undertaking establishment in Portland, and the funeral probably will be held tomorrow. The body of Mr. Young will be shipped to Damascus tomorrow, and the funeral will be held Sunday.

The coroner's jury was taken to the scene of the accident in C. H. Miller's automobile.

OREGON CLIMATE RESTORES HIS HAIR

Gustave Engelbrecht, a well known dairyman, living on the Abernathy Creek, in the northern part of the city, who came here in 1906 from Athens, Wis., and who had been bald-headed for six years, finds his hair is now covered with a wonderful growth of hair, which is thicker than it has ever been.

The hair commenced to grow about two years ago and since that time it has grown steadily without the aid of any hair restorer.

Mr. Engelbrecht met Frank Busch, the hardware merchant, Thursday morning, and Busch, knowing the man had been bald-headed for many years, and noticing the great amount of hair on his head now, decided to investigate to see if Engelbrecht was getting vain in his old age. Taking hold of what he thought was a wig, he commenced pulling the hair, and did not cease until a look of pain came over the dairyman's face. Then Busch realized it was the "genuine article."

Mr. Engelbrecht is 49 years old, and he believes the Oregon climate and water and his outdoor employment performed the wonder.

6 DEAD; 4 MISSING IN BIG MINE FIRE

ELY, Nev., Aug. 24.—Of ten men who were working at the 1,400-foot level of the new five-compartment shaft of the Giroux Consolidated mines, when it caught fire last night from some cause unknown, six are dead and four lie at the point of death, after passing through the flames to reach the surface. The dead: Daniel Drea, secretary of the local miners' union; T. J. Gilmore, shift boss; John Wilhelm, Thomas Odolovich, Edward Walsh, John McNulty. "Those who were seriously injured were Clarence Gates, Michael Foley, Edward Knox, Peter Harrington. The men who were working on the 1,400-foot level, hearing a noise which they thought had been caused by an explosion, looked upward and saw the shaft in flames. They at once boarded the cage and started for the mouth of the shaft, but stopped at the 1,200-foot level, where Wilhelm and four other men left the cage and started to walk to the old Alpha shaft, 700 feet away, through which they hoped to climb out of the mine. The five men remaining in the cage gave the signal to hoist, and were pulled through the blazing shaft. One was dead when the top was reached and the other four were taken to a hospital.

The work of rescuing the five men remaining in the mine was then attempted through the Alpha shaft. At the 400-foot level Wilhelm was found dead; Gilmore's body was recovered at the 600-foot level, face downward at the bulkhead, and Odolovich lay dead, but Walsh and McNulty were not found and still are in the burning mine.

This is the same mine in which three and a half years ago, three men were killed and four others entombed for 46 days on the 1,000-foot level of the Alpha shaft. The new shaft is one of the largest and deepest in the district, and cost over a quarter of a million dollars. Every effort is being made to extinguish the flames, which are still burning.

CLARK TO BE INDICTED FOR ALLEGED THEFT

Harry Clark, the half-breed, who was arrested by Chief of Police Shaw Wednesday on a charge of stealing from "Indian Joe," a coat and suit of clothes, was given a hearing in Justice of the Peace Samsen's court and held under \$500 bail to await the action of the grand jury. After Clark was arrested for the theft he showed the officers where the clothing was hidden. If indicted and convicted Clark may be given a sentence of seven years in the penitentiary.

Says Wife Deserted Him.

Frederick M. Stoller has filed a suit for divorce against Evelyn B. Stoller through his attorney, Harry H. Pearce of Portland. The couple were married at St. Joseph, Mo., on July 29, 1903. He says she refused to live with him after May, 1907. There are no children.

NORMAN R. LANG QUILTS PAPER MILL

B. T. MCBAIN SUCCEEDS TO MANAGEMENT OF BIG PLANT.

OTHER MEN ARE GIVEN PROMOTIONS

Message From Powell River That Former Vice-President Has Accepted Position at That Place.

Several changes have been made in the management of the Willamette Pulp & Paper Company. Norman R. Lang, for many years in charge of the mill and for the past three years vice-president of the company, has resigned to accept another position. In future the duties performed by Mr. Lang will fall upon his assistant of the past five years, B. T. McBain, who has been appointed mill manager. Mr. McBain has been connected with the company here and at San Francisco for eighteen years, and is considered one of the best informed men in the manufacture of paper in the West.

E. Kenneth Stanton, former mill accountant, will, on his return from his vacation, assume the duties of mill secretary, while J. B. Lethwaite and J. F. Powers are both known in their official capacities as assistant mill secretaries.

The change in management became effective on August 23. Edward Sheahan recently resigned the position of day paper machine foreman, and several other men gave up their positions to go with another concern. As a result it has been possible to promote the following long service men: Thomas Warner to day machine foreman, August Matheson to night machine foreman and Matt Raber to chief engineer.

LANG GOES WITH NEW MILL.

T. T. STENBERG IS HIGH SCHOOL HEAD

PORTLAND MAN ELECTED BY BOARD IN PLACE OF S. E. DUFF.

HAS TAUGHT IN SEVERAL STATES

Method of Lighting New Building Discussed But No Agreement Reached—To Insure Structure.

Theodore T. Stenberg, who has been an instructor in the Military Academy at Portland for the last year, Thursday night was elected principal of the Oregon City high school at a salary of \$1,900 per annum. He will assume his new duties at the opening of the fall term September 18.

Mr. Stenberg was chosen in place of S. E. Duff, who was unable to obtain an education certificate from the State Superintendent of Public Instruction. The new principal has majored in English, history and languages and has unusually high scholastic attainments. He is twenty-eight years of age and married, with one child, and was graduated from St. Olaf Academy with first honors in 1903. Three years later he completed the course of the University of Minnesota and then had two years post-graduate work there, receiving a Master of Arts degree in 1908. Mr. Stenberg's teaching experience covers Wisconsin, Nebraska and Oregon and during his residence in this state he had not been idle, for this year he obtained an L. L. B. degree from the law department of the University of Oregon.

Authority was given Thursday night to place insurance amounting to \$2,500 on the contents of the new high school building, and a telephone was ordered installed in the building, which is now practically ready for occupancy and where City Superintendent Toole has opened his office. The board of directors approved the action of a special committee in closing a contract for an electric clock program system in the new building. The cost will be \$360.

The method of lighting the structure and of the class of window shades to be purchased were discussed at some length, but these matters finally went over until another meeting, which will probably be held in a few days. Authority was given to pay for the fuel for the coming school year. There have been 210 cords of body fire delivered at the three buildings at a cost of \$3.90 per cord.

5 KILLED; 5 HURT AS BRIDGE FALLS

WOODEN SPAN OVER UMPQUA RIVER IN COLES VALLEY COLLAPSES.

MEN HAVE NO CHANCE TO ESCAPE

Farmers Hasten To Scene And Do Splendid Work In Caring For Injured—Defective Beam Gives Way

ROSEBURG, Or., Aug. 24.—Five men were almost instantly killed and five others were injured, four seriously, late today when the big wooden bridge spanning the Umpqua River, in Coles Valley, 18 miles northwest of Roseburg, collapsed and fell to the water, a distance of about 60 feet.

The Dead.

Gary Brown, Roseburg, single; Peter McFarland, Curry County, single; William Accusta, Perdue, Douglas county, married; Charles Gardiner, Roseburg, single; William Belleu, Roseburg, single.

The Injured.

Ki Thornton, Green Valley, single, back injured, will recover; Ray Wilson, Wilbur, single, badly injured; Glenn Wilson, Wilbur, single, leg broken between the knee and ankle; Henry Van Hying, Umpqua Ferry, married, hip injured; Frank Gilliam, Winchester, married, bruised about the head.

All the killed and injured were members of the Douglas county bridge gang, and had been at work repairing the ill-fated structure for about three weeks. With the south end of the bridge intact, the crew began removing the false work to the opposite end of the structure to replace some defective eyebeams.

Victims Have No Warning.

They had only partly completed the task when the whole span suddenly quivered and an instant later crashed to the water below. The entire crew was removing the floor planking when the collapse came, and none was able to escape.

The noise made by the falling bridge was heard by neighboring farmers, who immediately rushed to the scene of the accident and began the task of rescuing the unfortunate men.

Gary Brown, foreman of the gang under County Bridge Builder Fields, Peter McFarland and Charles Gardiner were dead when found. It is believed that they were instantly killed. William Accusta was alive when removed from the wreckage, but expired before he could be carried to a nearby farmhouse.

William Belleu, whose skull was crushed, lived for about two hours.

Physicians Hurry to Scene.

With the bodies of the dead recovered, the rescuers directed their attention to caring for the injured. With splendid discipline, the farmers carried the injured men to nearby farmhouses, where everything possible to relieve their pain was done, awaiting the arrival of physicians from Roseburg and Oakland.

As soon as the news of the accident was received here, County Judge Wonacott asked the services of every available physician. The doctors left here for the scene of the accident immediately began the task of caring for the injured and not until late in the night did they leave their charges and return to town.

INNOCENT MEN ARE RELEASED BY MAYOR

During the absence of Recorder Stipp, who is spending his vacation at Newport, Mayor Brownell is conducting court as provided by the charter. This is the first time the mayor has been called upon to act in this capacity. Two men from the county were taken before the Mayor Thursday on a charge of being "hoboes."

Mayor Brownell, after taking a good look at the men, and without even inquiring where they lived, said: "Why you are not 'hoboes'; you are farmers."

The Mayor said he would not send the men to jail, and instructed the police to take them to their wagons and see that they started home.

It was Mr. Brownell's ability to judge human nature that enabled him to determine at once that the men were not worthless vagabonds.

MISS SANDSTROM TO GIVE RECITAL

Miss Mary Sandstrom, of Emerson College of Oratory, Boston, Mass., will render selections from Augustus Thomas' popular play, "The Witching Hour," Friday evening, September 1, at the Baptist church. Miss Sandstrom is an Oregon City girl, and has a host of friends who will be pleased to hear her recital, which will be her first appearance in this city. Miss Sandstrom expects to leave for the East in the fall to continue her studies.

The following is an extract from a Spokane, Wash., paper:

"Miss Sandstrom gave two readings of Augustus Thomas' 'The Witching Hour' during the summer session of the State Normal. The fact that the attendance the second time was much larger than the first is in itself the best recommendation of Miss Sandstrom's entertainment. The reading of the play held the attention of the audience throughout. Each character presented by Miss Sandstrom stands out so clearly that although one may not be familiar with the play, he is fully as much impressed by the reading as were he to see with the theatrical production of the play with all scenic accessories."

"I have heard Miss Sandstrom read without book or manuscript, 'The Witching Hour' and I may say that the impression left was a deep and pleasing. Her interpretation is sympathetic and compelling."

The article is signed by N. E. Hinch who is head of the English department of the Cheney State Normal.

MISS LOTTIE WARE AND RAY SHUPE WED

Miss Lottie Ware, of Parkplace, accompanied by her twin sister, Miss Henrietta, left Monday evening for Albany, where they were joined by Ray Shupe, formerly of Oak Grove, but now a business man of Toledo, Or., and the marriage of Miss Lottie and Mr. Shupe was solemnized. After the marriage the young people left for their future home at Toledo, where a furnished cottage is in waiting for them. The bride was attired in white serge with large black hat and her sister, who acted as bridesmaid, was dressed in the same manner. She also will make her home at Toledo.

The bride is a well-known and highly respected young woman of Parkplace, where she has resided for many years. She is the daughter of Mr. and Mrs. Antone Ware, of Parkplace. The bridegroom is a popular young man of Toledo, and is well known in Oak Grove, his former home.

MRS. GREEN THOUGHT DYING EARLY TODAY

Mrs. Stephen B. Green, who has been critically ill for more than a week, was thought to be dying early today. Dr. Sommer, her physician, holds out no hope for her. It is not believed that she can live until noon. Mrs. Green was taken to Portland sometime ago to be operated upon, but her condition was such the operation was not performed.

Wife Seeks Divorce.

Pearl Burton has filed a suit against James Burton for a divorce. They were married in Vancouver, Wash., December 13, 1904. Mrs. Burton alleges her husband deserted her without cause in August, 1905. The attorneys for the plaintiff are Brownell and Stone.
