FRANK BUSCH

Mr. William Wolbert

With Franklin Stock Company at Shively's Opera House, Sept. 18, 19, 20.

Prominent People to Witness Opening Performance.
A number of special cars have been chartered to bring a host of Portland's professional and business men to Oregon City to witness the famous and well-known Franklin Stock Company's performances.

Several of the company's actors are well known in these parts, having been associated with the Baker Stock Company, of Portland, for a number of seasons. By their talented and finished performances, they have gained much favorable comment and countless friends.

It is a rare treat for the theatergoers here to have such well known stars appear in our local opera house.

STOCK COMPANY TO PLAY HERE.

Franklin Organization Comprises Best Talent Available.
Local theatergoers can rest assured of seeing a first-class organization in the "Franklin Stock Company," which comes to Oregon City for three performances. The offerings during the engagement will be "Dora Thorn," "The Girl of the Hills," "Don't Tell My Wife." These plays are interesting and absorbing as any play ever written, and will no doubt meet the approval of the local theatergoers, as they have in other cities, for this company has won high honors in each any every play presented. The company comprises the best talent available and such well known players as Mr. William Wolbert and Mr. Ronald Bradbury who have been members of the Baker Stock Company for the past four seasons together with Mr. Steve Burton and Miss Florence Henry who have been with the Grace Hayward Stock Company in Chicago for several seasons; Miss Dorothy Davis, Leighton Thomas and Albert L. Krause, go to make up the long list of players that have never been equaled with any stock company west of the Mississippi River. Seats are on sale at Jones' Drug Company.

TEACHERS INSTITUTE CALLED.

The annual institute of Clackamas county teachers will be held in Oregon City Wednesday, Thursday and Friday, October 4, 5 and 6. These dates have just been determined by L. R. Alderman, state superintendent of public instruction.

A Storm as a Peace-maker.
Near Chartres, France, in 1339, a terrific storm fell on the army of Edward III. The large hillstones caused so much suffering among the soldiers and horses that Edward was obliged to conclude a peace.
