VETERAN FIREMAN TO BE GIVEN BENEFIT

Green Point Hose Company No. 5 is planning to give a benefit picnic for Willis Mosler, a member of the company. This affair will be held Sunday, October 1, at Schnoor's Park on the Tualatin River and will be open to the public. There will be a small admission charged and refreshments will be served. The committee will arrange an attractive program for the entertainment of those who may spend the day at the park. Mr. Mosler has been a member of Green Point Hose Company since its organization. His eye-sight became gradually impaired and two years ago he was stone blind. The other volunteer fire companies of Oregon City have promised to render assistance to Green Point Hose Company in carrying out the plans for the benefit. The committee appointed at a meeting of the Green Point Company Wednesday night follows: John Gleason, chairman; Make Long, D. Schulz, Lloyd Bernier, John Hoseny, Chris Weismandel, Philip J. Sinnott, Carl Simmons, James Straight, Guy Richards, Ora Howell, W. Weismandel, A. E. Buckles, A. M. Sinnott, William Knoep, A. Schief, Charles Goslar.

CANAL ROUTE IS THROUGH BIG MILL

(Continued from page 1.) side mill, lessen the available water power and produce such a disorganization of its present situation, as to eliminate it as a producing concern in Oregon City.

So far as the Hawley Pulp & Paper Company is concerned, the new scheme impairs its water power and it is suggested by the government engineers that a siphon be constructed beneath the canal so that the water can come through for power purposes. Such a venture is fraught with all sorts of errors to the mill man, for the siphon easily becomes clogged up, necessitating a shut-down and causing an unnecessary loss of time and money. All concerned seem to favor free locks. Even the Portland Railway, Light & Power Company is reported to be favorable to the project. The gain from the construction of the locks will be to the people in the upper valley, in the way of reduced freight rates, although the State Railway Commission has full power to fix them today and, so far as the fifty cents per ton charge is concerned, the State Railway Commission can wipe this out by the stroke of a pen. The decision of the State Supreme Court on Tuesday, to the effect that there is no appeal from the commission's decisions, should settle the effectiveness of the power to reduce, regulate and fix railway rates in Oregon.

Big Showing of the New Fall Garments

WE cannot recall the time when our announcement of the first showing of the new season's garments has given us such genuine pleasure.

In such points as correct style, high quality of workmanship, desirable models, snappy creations, perfect fit and full, complete values, we are abundantly able to please you. Fortunately for us, and for you, these garments all carry this label:

"The Palmer Garment."

For many years the reputation enjoyed by this line has not been equaled, and this reputation, secured through merit only, is guarded jealously. The garments are made in the best possible manner. Not only do the garments excel in style and fit, but they render the service so much desired.

We most cordially invite you to attend this opening exhibition of the new fall styles. And we want you to understand that the prime motive of this event is to show the goods—to have you come, inspect critically and pass your judgment. You are sure to be delighted with the beautiful showing that is ready for you.
