M'CARTHY LOSES MAYORALTY FIGHT

ROLPH THOUGHT TO HAVE BEEN ELECTED IN SAN FRANCISCO BY BIG PLURALITY.

VOTE BIGGEST IN CITY'S HISTORY

Supporter of Incumbent Concedes Defeat by 15,000—Fight For District Attorneyship Still Undecided.

SAN FRANCISCO, Sept. 26.—James Rolph, Jr., was elected mayor of San Francisco today at the first direct primary election to determine the personnel of municipal officers of the city and county of San Francisco. The vote will closely approximate \$0,000, the biggest ever cast in the city.

While the vote is by no means completely counted, the returns indicate the election of Rolph by a substantial majority and close supporters of Mayor McCarthy, the only real opponent of Rolph, concede the mayor's defeat.

Plurality Thought 27,000.

At 9 o'clock tonight, Max J. Kuhl, Rolph's campaign manager, issued the following statement:

"From indications now at hand, Rolph's plurality will be in the neighborhood of 27,000. This, in our opinion, is merely a vindication of the good name of San Francisco. A united people working for one object, the regeneration and good name of San Francisco, have put themselves firmly on record.

So far the returns look forward to the fair years with an absolute assurance that not only will the fair itself, but the government of San Francisco, too, be a credit to our people."

At the McCarthy headquarters no one could be found who would volunteer a statement, but at 9 p. m. the News, the only paper which has supported Mayor McCarthy, conceded Rolph's election, probably by 15,000.

Reporter Treated Harshly. One newspaper reporter gained access to McCarthy, but the latter threw up his hands and said, "Throw him out!" "Throw him out!" and the reporter departed.

So far the returns show that McCarthy lost votes in the districts where he was strongest two years ago, and the districts conceded to Rolph rolled up a vote that astonished even his most ardent supporters.

Next to the mayoralty fight, interest centers on the fight for the district attorneyship. The leading candidates are C. M. Fickert, incumbent, and Ralph L. Hathorn, endorsed by virtually the same interests that supported Rolph. Present indications are that Fickert will gain the greater vote at the primaries and that Hathorn will be Fickert's opponent at the general election in November.

INSULT CAUSED HER TO SLAY HUSBAND, SAYS WIDOW

DENVER, Sept. 26.—An insult, the climax of a series of alleged brutalities extending throughout their married life, is given by Mrs. Gertrude Gibson Patterson as the reason for killing her husband, Charles A. Patterson, formerly a Chicago broker, in this city.

"He spat in my face and called me the vilest name a man can call a woman," said Mrs. Patterson.

"Patterson was in constant fear of his wife, who had frequently threatened to kill him," was the statement of the dead man's attorney and friends.

It developed that attorneys for Mrs. Patterson will offer "temporary insanity, the result of long abuse and final insult," as a defense.

Our greatest clubbing offer. The Morning Enterprise by mail and the Weekly Enterprise, both until November 1, 1911, for only \$3. Offer closes October 31, 1911.

THEY WON'T RUN!

The collars in the very stylish MANHATTAN shirts we are showing this season are just like the messenger boy—they won't run.

We are showing a very large variety of the Manhattan shirts and you know there is none better.

As a reminder you don't want to fall to look over our splendid showing of L. System and Clothcraft Suits and Overcoats at

\$12.50 to \$35

GOING TO BE A STRIKEOUT?

HIGH SCHOOL GAINS MORE THAN 50 PUPILS

Superintendent of City Schools Toose announced Tuesday that more than 170 pupils had been enrolled at the high school, and that this number would be largely augmented. Only 120 attended the school last year, and the gain is considered remarkable. There also have been large gains in the grade school attendance, and another room and teacher will have to be provided for the fifth grade classes. The increased attendance is evidently due to the fine work accomplished by the schools last year, and the courses of study arranged by the superintendent. Many of the high school pupils have been drawn from the county, owing to the superior facilities in this city. The new building also is thought to have had something to do with the remarkable increase in attendance. Although there is still much work to do on the building, Superintendent Toose announced that the classes would proceed with their studies as usual.

M'NAMARA HONORED AGAIN BY UNION MEN

Milwaukee, Wis., Sept. 26.—(Special)—At an enthusiastic session of the International Bridge and Structural Iron Workers' convention here today, John J. McNamara was re-elected secretary-treasurer of the organization. The convention also voted to present McNamara with a gold watch for his services to the organization in the past and as an assurance that he is still their first thought in the time of his present trouble. With approximately \$60,000 on hand today and with an outlook of double that amount by the end of the month, all secured by assessments during the convention, the McNamara defense fund is materially increased.

PAUL R. DILLON TO LEAVE.

Well-Known Young Man Accepts Place in Vancouver, B. C.

Paul R. Dillon, who has represented the Ohio Investment company of Portland in this city for several months, will leave for Vancouver, B. C., this evening, where he has accepted a position with the Western Provincial company. Mr. Dillon has made many friends in this city, who regret to see him leave.

JOHN D. THANKFUL FOR LONG BUSINESS LIFE

CLEVELAND, Sept. 26.—John D. Rockefeller issued his first statement to the public in many years today. It came in the shape of a message expressing his thankfulness for a long and successful business career, following the gaining of his first job 56 years ago. Incidentally it revealed the fact that the oil king held only one "job" in all his career. Here is the statement:

"The flag is flying over Forest Hill today in memory of 56 years ago, when I secured my first and only situation in the forwarding and commission house of Hewitt & Tuttle, on the river. I am very grateful for this memory." The statement was made by Mr. Rockefeller to his brother-in-law, George Rudd, who telephoned it to the papers. Hewitt & Tuttle years ago was a well known business firm.

GUARDSMEN READY FOR BATTLE AT FAIR

That the members of Company G, Third Infantry, O. N. G., of this city will give a good account of themselves at the military maneuvers at the Clackamas county fair Friday is attested by the interest all are taking. Nearly the full company turned up for drills Monday and Tuesday nights despite the fact that this is the "vacation period." Pitted against the local guardsmen at Canby will be Company I of Woodburn, and as these two companies have long been contenders for top notch honors in the Third regiment, the winning organization will realize that it has done some "tall old soldiering." It is expected that only normal attack will be used in the maneuver, or "sham battle." The main fight between the two companies will be the competitive drill, and while the Oregon City guardsmen are figuring out the difference between "right" and "left shoulder arms" and other puzzling commands, reports from Woodburn say that the citizen warriors of that community are using all their spare moments to pore over the Infantry Drill regulations.

WIFE, SING, SAYS LOVE SOON COOLED

Hardly had the wedding bells ceased their tinkling when Olaf Kindof ceased to love his wife, alleges Mrs. Vida G. Kindom, who through Attorney O. D. Eby is suing for a divorce. In the complaint she says that they were married in Portland on January 14 last year. In February the plaintiff says that Kindom began to treat her with coolness and indifference. She says that he showed no love or affection whatever toward her, and even went so far as to tell her that he did not love her. She asks the custody of their young son.

BIG ROAD MEETING TO BE HELD THIS EVENING

Plans for building the proposed capital highway through Clackamas county will be discussed at a mass meeting to be held this evening, under the auspices of the East Side Capital Highway association, in the auditorium at the fair grounds, Canby. Automobiles to transport the Oregon City delegation will leave the Commercial club at 6:15 o'clock. Good speakers have been engaged for the meeting, and everybody is invited to attend. Secretary Latourette announced Tuesday that a resident of New Era had donated a large rock pile from which to obtain material for surfacing a part of the capital highway.

MULINO VOTES TO ERECT NEW SCHOOL

At the special school meeting held at Mulino Saturday it was agreed to bond the district for \$2000 to build a new schoolhouse, the vote being twenty-three in favor of and seventeen against. It was decided by a vote of thirty-three against seven to hold the present property for awhile. The townsite company agreed to give the district a block in the new town if they would put up a \$1500 school house on it.

HUNTERS GET BIG GAME.

Ernest P. Elliott and Mort Parks Return From Southern Oregon.

Asserting that they killed mighty near the limit, and bringing home some fine heads to substantiate their claim, Ernest P. Elliott and Mort Parks returned Monday night from a deer hunt in Southern Oregon. Going to Drain on the Southern Pacific, the local hunters joined a larger party and went back into the hills in the Umpqua country.

FENCES IN OSWEGO STREETS REMOVED

SHERIFF AND DEPUTIES ON GUARD AS ROAD SUPERVISOR HAS WORK DONE.

CEMENT MEN OFFER NO RESISTANCE

Obstructions Razed Upon Order of County Court—Portland Company Expected to Appeal Case.

Following the issuance of an order by the county court Tuesday forenoon for the removal of the fences erected on Kirkham and Furnace streets in Oswego by the Portland Cement company, Road Supervisor Davidson and a force of men removed the objectionable barrier. Despite current rumor, no effort at resistance was made by the employees of the concern, the nearest thing to a fight being a verbal protest by Aman Moore, president of the company.

Postmaster George W. Prosser and Supervisor Davidson, who were instrumental in filing the petition Monday protesting against the action of the cement company in forcibly closing up the streets Sunday and maintaining a guard, represented the residents of Oswego in the county court Tuesday morning and explained their side of the case. Furnace street, they said, has been recognized as a thoroughfare for the past forty or fifty years, and as such was used by the stages in the days the mails were carried in that manner.

Following the statements of the Oswego men, the county court issued an order directing the road supervisor to remove the obstacles, and keep the street clear. In order to afford Davidson as much protection as he might need in the undertaking, Sheriff Mass was instructed to go to the scene with as many deputies as necessary.

Sheriff Mass and Deputies Miles, Eddy and Long left for Oswego at 3 o'clock and upon their arrival there the work of demolishing the fences was commenced. While there was plenty of Oswegoites ready and willing to be deputized, there was no need of such action, owing to the stand taken by the cement people.

It is expected by many who have been following the case that the cement company will appeal to the circuit court. It is said that their deed from the Oregon Iron & Steel company does not make an exception of the territory included in the dispute, and that they claim ownership for this reason.

HAYES TO SPEAK AT FIREMAN'S BENEFIT

Judge Gordon B. Hayes has agreed to deliver an address at the benefit to be given Willis ("Doc") Mosier, the blind fireman, at Schnoor's park Sunday. Mosier, who was a member of Hose Company No. 5 for many years, was considered one of the best firemen in the city, and his friends are deeply grieved over the affliction that has befallen him. That there will be a large attendance at the benefit and a substantial sum will be raised is assured. Judge Hayes is expected to deliver a masterly oration.

SAWMILLS ARE INSPECTED.

Carl F. Gausfeld, deputy state labor commissioner and inspector of factories and workshops, passed through Oregon City Monday on his way to the interior of the county, where he inspected a number of sawmills in the vicinity of Canby and Mulino.

BIGGEST COUNTY FAIR OPENS TODAY

EXHIBITORS WORK FOR WEEKS TO HAVE EVERYTHING IN READINESS.

AUTO RACER THRILLS IN SPEED TEST

Harding Grange, Clairmont, Barlow and Gladstone Out For Prizes. Canby Schools to Close.

The biggest and best fair ever held by Clackamas county opens today at Canby. For more than two weeks scores of men have been busy on the lighs and arranging the display, so when the doors are thrown open virtually everything will be in readiness. The grounds were like a busy city Tuesday, all the exhibitors and amusement companies vying with each other in being ready for the opening.

One of the prettiest booths will be that from Barlow, which is to be in charge of N. T. Melvin and L. R. Irvin. Another pretty booth is that of Clairmont. The women of Harding Grange have arranged an attractive exhibit. Gladstone has one of the finest displays on the grounds. The county exhibit which won second prize at the state fair has been put in place, and will be one of the features of the exhibition.

Daring Autoist Tries Track. Chester Elliott, who is to be one of the automobile racers at the fair, tried his new machine on the grounds Tuesday. He made the half-mile circuit at a rapid pace and from his confident expression it was evident that he expects to win the handsome prize offered by the association. The business houses of Canby will be closed part of Thursday, which has been designated Canby day. The schools of that city will be closed Thursday and Friday.

A tug-of-war between Molalla and Oregon City teams has been arranged for the second day. There is great rivalry between the two teams and their friends, and the tussel will be to a finish. There will be a motorcycle race in the afternoon, and it is the desire of several entrants to smash records held in this part of the state.

"Oregon City day"—Friday—will be the banner one of the meet. A special train will be run from this city, and thousands of Portland residents are expected to attend. Business in this city virtually will be suspended, and almost the entire population will go to the fair. A sham battle between the Woodburn and Oregon City companies of the Oregon National Guard will be the big attraction. That the imitation battle will be hard fought goes without saying for the companies have been rivals for a long time, and are determined to display all of their military prowess. It will be the first sham battle ever held in Clackamas county, and will give the audience a suggestion, at least, of what a real battle looks like.

Drill To Be Feature. After the imitation fight there will be a competitive drill, and the winners will be given gold medals. Representatives of all the schools in the county will engage in a track meet on the last day, and in the afternoon, the big automobile race will be held. The race undoubtedly will be the most thrilling event of the fair.

Brouco busting also will be a feature of the last day, and there will be many other attractions. All local trains from Portland and this city will stop at the fair grounds, and it is convenient for all who wish to attend the fair.

There will be trotting, running and pacing races daily. O. E. Freytag has arranged to have several lectures delivered at the fair that will be of great interest to the farmers, growers and stockmen of the county. The men engaged to lecture are connected with the Oregon Agricultural college. The subjects will be "Horticulture," "Agriculture," "Stock and Dairying." There will be a round-table and question-box, and the farmers, stockmen and fruitgrowers are requested to bring in their questions and deposit them in this box, and they will be announced before they return to their homes.

\$500 GEMS STOLEN FROM DIMICK HOME

The daylight robber is the latest to make his debut in Oregon City, and as a result of his visit Mrs. Grant B. Dimick mourns the loss of jewelry that is worth in the neighborhood of \$500. Half a dozen rings, some with expensive settings, two watches and several chains were taken by the prowler.

Mrs. Dimick left the Dimick residence at Main and Thirteenth streets at 1:30 Tuesday afternoon. She returned in about three-quarters of an hour and discovered the loss. All of the jewelry was taken from a purse, and two copper pennies which were also in the purse were left. It is possible that the miscreant may have used this money to get to Portland.

The police officers are making every possible effort to find a clue which will lead to the arrest of the guilty one. As there is no description of the man they are badly handicapped in their work.

DIMICK IS LIVE WIRES MAIN TRUNK

RAILROAD BUILDER CHOSEN TO HEAD COMMERCIAL CLUB ORGANIZATION.

FLATTERING REPORTS ARE MADE

Work on Clackamas Southern and Plans for Canal and Locks at Falls Are Discussed.

Grant B. Dimick, former county judge and mayor of Oregon City, and secretary of the Clackamas Southern Railway company and all around booster, will guide the destinies of the Live Wires of the Oregon City Commercial club for the ensuing three months. He was chosen at the first meeting of the fall on Monday by a unanimous vote of his fellows. O. D. Eby is the new Sub-Trunk Line of the Live Wires, Dr. L. A. Morris was chosen Transmission Wire and E. Kenneth Stanton, Guy Wire. Judge Dimick's official title is Main Trunk Line.

More than twenty of the Wires appeared at the initial meeting in the Masonic banquet hall. The menu was toothsome and after the election of officers several brief speeches were made, the new chief of the clan outlining the opportunities for splendid work to be done. Judge Dimick gave a short review of the progress made by the Clackamas Southern Railway company directors, stating that \$80,000 cash had been subscribed, which amount would be sufficient to grade the road and build the trestles from Oregon City to Molalla. He said railroad experts declare that the territory to be traversed by the line is the best in the country for a line of this length.

Latest Photograph of Grant B. Dimick, who, Tuesday, was chosen Main Trunk of The Live Wires.

Major Charles S. Noble made a statement of the situation relative to the construction of new locks. He is the committee of the Live Wires on this matter and said the engineers are obtaining the prices on rights of way. When this is done and the rights of way obtained, said Major Noble, construction would be commenced and it only remained for the government to decide definitely on the route to be taken. Major Noble declared that the locks would be built on the east side of the river and that the government would not consider the purchase of the west side locks.

J. E. Hedges, the retiring Main Trunk Line, was the presiding officer at Tuesday's meeting. The regular
