"WE'LL WIN FLAG" SAYS VERNON HEAD

LOS ANGELES, Oct. 2.—(Special.)—With the Vernon Tigers firmly planted on the topmost rung of the pennant ladder and the end of the season only three weeks away, "Uncle Happy" Hogan, the scrappy leader of the village aggregation, said today there is no such thing as the Portland Beavers regaining the lead. Hogan figures that with his pitchers going better than at any time this season and with two days of solid rest for his team while the Beavers make the long jump from Portland, his Braves will have all the best of the seven-game series to open here Wednesday afternoon.

Hogan is counting on winning five of the seven games and the local fans believe that he will make good. The rabid rooters are being organized today and when the series opens McCredie and his bunch will have to face all sorts of noisemaking devices calculated to get their "nanns."

FARMER CHOKED TO DEATH FOR MONEY
(Continued from Page 1.)

where Swain came from could be found in his room. It was learned from a neighbor to whom Swain had several times talked, that he had worked in two prune orchards at Estacada shortly before coming to the Thomas place.

Mr. Akorn, the first owner of the farm where Thomas was killed, was found dead in the old barn which is just across the road from the house. Like Thomas, he was murdered for his money, but no one was ever convicted of the crime, although a man was held for a short time.

JUST HEARD.

Two Toned and Fringed Effects in Millinery.

Two toned color effects are liked in millinery. The dark facing on white hats and the colored facings on many other hats are signs of this.

A draped turban of tulle has the edges of the silk which forms the

SHIRT WITH UNDERLYING SIDE PANEL.

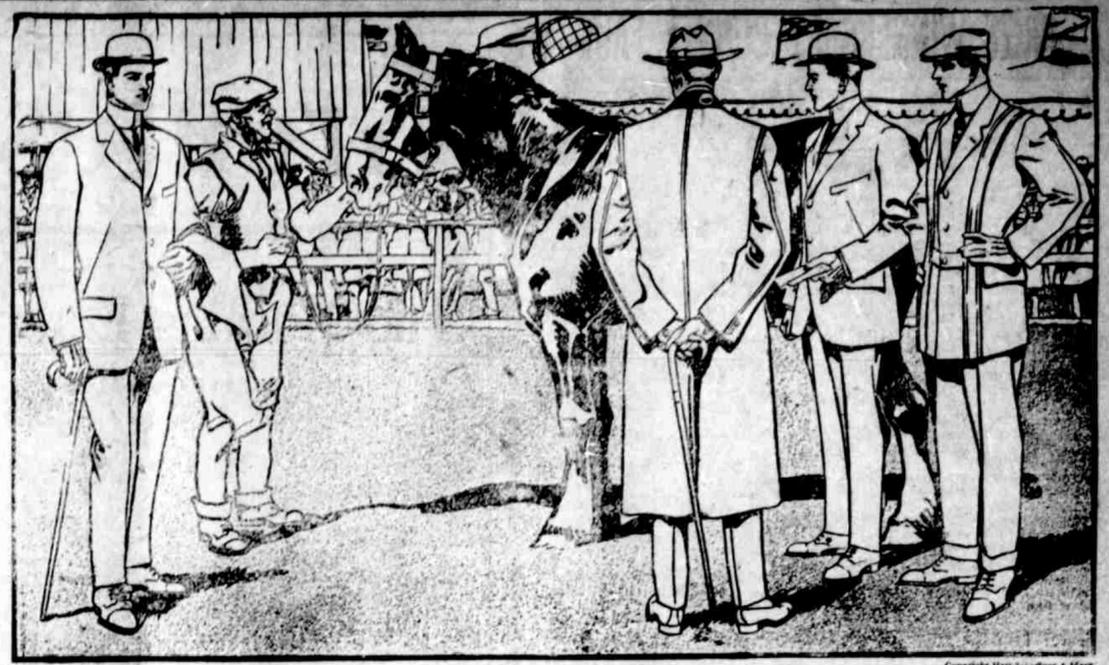

crowns fringed out, so that the line of fringe extends spirally to the top.

While tulle or ribbon fringed out at the sides or ends is seen on some hats, a newer kind of fringing is appearing on others. This is a row of fringe in a contrasting color applied along the edges of the silk or ribbon or velvet. White fringe may be used on a dark bow and black or a color on a white bow.

Very unusual is a hat of white silk with a turned down brim of black velvet. This is in the lamp shade style so frequently laughed at, but the resemblance in this case is even more striking. Black silk fringe is sewed all around the edge, hanging down for all the world like the fringe on a lamp shade. Even the bow at the sides looks as though it might deck a lamp.

Skirts this fall are still to retain the loose panel back and front. This model also includes underlying panels at the sides that are very smart and allow effective use of trimmings.

Too Small For Him.

Spanish grandees delight in numerous names, even appropriating those that belong to their wives' families. One of these distinguished dons, wandering too far into the country, went astray on a lonely road late at night. He knocked at the door of a small inn, the landlord of which from an upper window shouted:

"Who is there?"

"Don Diego de Mendoza Silva Ribero Guzman Pimentel Osario Ponce de Leon Guzman Accorra Teliez y Giron," replied the grandee.

"In that case," interrupted the innkeeper, closing the window, "go; there is not room here for half of you."

INDECISION.

If indecision runs in your blood arouse yourself and strangle this insidious foe to your achievement before it saps your energy and ruins your life chance. Do not wait until tomorrow, but begin today. Compel yourself to develop the opposite quality by the constant practice of firm decision. Analyze thoroughly every affair before deciding. Then when your decision is made let it be final.
