## STRIKERS AND FOES IN DEADLY FIGHT

SEVERAL MEN REPORTED KILLED IN FIERCE BATTLE ON ILLINOIS CENTRAL.

## MISSISSIPPI TROOPS CALLED OUT

Strikebreakers in Car At Freightshed When Trouble Starts—Men On Both Sides Use Firearms.

JACKSON, Miss., Oct. 3.—In a fight in the freight yards of the Illinois Central at McComb City between strikers today several persons are reported to have been killed and others wounded. Governor Noel ordered out troops at 7:30 o'clock tonight and two companies are now hastening to the scene. The special train bearing the strikebreakers continued on its journey to New Orleans.

Citizens of Magnolia say that when the train passed there at full speed every coach window was broken and no one was visible at the openings, the strikebreakers lying prone on the floor to escape bullets.

Several hundred shots were exchanged and among the strikers there were numerous bruised and broken heads. Many of the wounded were carried to the headquarters of the strikers and physicians were summoned. It is said that several will die.

The fight at McComb occurred at the freight shed, half a mile south of the depot, closely following the first encounter of the afternoon, in which one man was seriously wounded.

The train bearing the strikebreakers had pulled down to the freight shed and was standing on a sidetrack. More than 1,000 breakers assembled, words were exchanged—and it is asserted that a striker hurled a brick among the strikebreakers.

Immediately a fusillade of shots followed. The strikers opened fire on the coach windows, at which the heads of the strikebreakers could be seen. Several fell after the first volley.

The occupants of the coaches returned the fire through the windows, keeping well scattered. Occasionally, when a strikebreaker bolder than the rest, raised his head above the danger line, he was greeted with a shower of bullets and other missiles.

## TURKS ARE EAGER TO FIGHT ITALIANS

CONSTANTINOPLE, Oct. 3.—Turkish telegrams today reported that an Italian warship had sunk two motor-boats near Hodaida, a port on the Red Sea, and pursued the Turkish torpedo boat destroyer Petkisevuit.

This news, circulated in the streets, served to increase the popular clamor for battle, and citizens by the hundreds volunteered their services, either on land or sea. Despite the fact that Turkey has appealed to the Powers to intervene the people want to fight. And Turkey is going ahead with preparations for war.

Securing Site First Thought.

The more enterprising citizens have felt for a long time the need of getting away from the necessity of trading in Portland, and supplying the wants of Oregon City people in the home market. But how to do this has sometimes puzzled the brightest business men. The plan as outlined Tuesday by a business man to a representative of The Enterprise seemed simply itself.

Marriage licenses were issued Tuesday day to Celena Margaret Jones and Edgar L. Brown, and Viola Fischer and Elmer Erickson.

**Building Erected.**

With hardly anyone knowing that anything out of the ordinary was going on, these men have carried forward their plans to a climax.

As the manager took the Enterprise man around the fine new 24x100 building, showing with pride the advantage of each device installed, he could not help but wonder that the opportunity had not been seized before. A neat and commodious office was also inspected.

Interesting addresses also were de-

ivered by E. D. Ressier, of the Oregon Agricultural school; E. C. Carlisle, Deputy State Superintendent of Public Instruction; Miss Campbell, Prang Educational Company; Miss Maud Laughhead, Primary Department,

Over four thousand dollars have been expended to date.

**Deliveries To Be Prompt.**

Two teams were busy hauling away orders that had commenced to pile up, showing that the people are quick to take advantage of anything really good.

Mr. Hood said: "We realize that Oregon City is on the verge of a boom and we are preparing to meet it."

"With the entrance of the new Clackamas Southern railway into the city and the possible building of the canal and locks, there is bound to be lots of building going on, and from the number of Eastern people that

have realized the long time the need of having an up-to-date lumber yard in Oregon City, where a man can get a 2x4, a fence post, a small quantity of dressed lumber or where the contractor can get everything for a building a block square."

Over four thousand dollars have been expended to date.
