A court at Des Moines has summoned a restaurateur for contempt in failing to obey an injunction commanding him to suppress the odor when cooking onions. When courts command impossibilities contempt is certain. An order to cease cooking onions might have commanded respect.

Mr. Dood declared that he did not think much of a man who was not willing to aid in building good roads. The association will meet next Wednesday night at Central Point.

Mrs. Helen Dixon, who once led the suffragist party in Colorado, and after female suffrage was attained, drifted into politics, has just died of alcoholism. What's the answer it is, of course, that many men who drift into politics die the same way. They broke the drought at Post City, Tex., by discharging 3,000 pounds of dynamite. Dynamite has

Recall of Federal Judges

Will Tend to Destroy Principle of Equality —BORAH

Will End Improper Conduct on Part of Courts —OWEN

By Senator BORAH of Idaho. I AM afraid that the principle of the recall as applied to judges will tend to establish the rule of the majority in matters of judicial controversy. It will tend to make decisions bear the color and drift of majority rule or party domination rather than that of a faithful rendition of the law and the facts. What is the basic principle of Democratic or Republican government? We sometimes urge that the first principle is that the MAJORITY SHALL RULE. That is true in making laws and determining policies, but it has no place in and WILL DESTROY REPUBLICAN GOVERNMENT if applied to the courts or to controversies to be determined under the law. There all men are equal. BACK OF THE RULE OF THE MAJORITY IS THE GREAT PRINCIPLE OF EQUALITY, THE BASIC, BEDROCK PRINCIPLE OF FREE GOVERNMENT. The difference between the old democracies or republics which perished and ours is that the ancient republics could devise no way by which to shield the RIGHTS OF THE MINORITY. Though the majority must rule, yet a government which has no method for protecting the rights of the minority—for it has rights—is a despotic government. I do not care whether you call it monarchy or a republic.

By Senator OWEN of Oklahoma. IF the power of recall exists the conduct of judges will be so exemplary, so satisfactory to the people of the United States that no recall of any federal judge would ever be necessary. THE MOMENT THE RECALL WENT INTO EFFECT THE COURTS WOULD PROMPTLY DISCONTINUE THEIR UNAUTHORIZED, UNCONSTITUTIONAL AND GROSSLY IMPROPER CONDUCT OF DECLARING AN ACT OF CONGRESS UNCONSTITUTIONAL. The recall is justified by REASON AND COMMON SENSE. I cannot see why any one should insist that a judge, infirm, disabled, feeble, decrepit and worn out, should not be recalled except by impeachment. The recall is a much milder system than impeachment and may remove a judge WITHOUT DISGRACE. Never during the ten years that the right of recall has existed in Oregon have the people availed themselves of it against a judge, although there is one case pending there now which undoubtedly will be decided wisely by the people. The reactionary Tory argument that the people are TURBULENT, WILD and VISIONARY, UNDULY PASSIONATE, comprising an irresponsible mob not fit for power, comes with poor grace from those who hold their honors, dignities and salaries from these same people.

Elderly Englishman the Second Man to Swim English Channel

Photos copyright by American Press Association, 1911.

WILLIAM BURGESS, the second man to swim the English channel, is past fifty years of age, and he succeeded in accomplishing the feat on his sixteenth attempt, his first effort being made in 1904. Burgess is a native of Yorkshire, England, though he has lived in Paris for more than twenty years earning a living as a blacksmith. In his long swim he was in the water twenty-two hours and thirty-five minutes. His body was well greased before he entered the water, and during the swim he partook of food at frequent intervals. He was almost exhausted by the swim in the water, which was at 66 degrees F., the highest it has been in a decade. He was accompanied by a motorboat, and it is estimated that he covered sixty miles owing to the baffling tides, though the actual distance from shore to shore was only a trifle more than a third of that. Burgess says that his sufferings were terrible and that he was out of his head much of the time, being afflicted with horrible hallucinations. He now says that he believes he can swim across the channel twice and that he will make the attempt if a prize of \$50,000 is offered.

GRAPE SUPPLY IS EXPECTED TO DWINDLE

While it is believed that grapes may be scarce toward the latter part of the week as a result of heavy rains in California delaying picking, the supply is still abundant. The Tokay crop is said to be very heavy this year which accounts for the fact that they command a lower price than the green varieties at present. Receipts in poultry continue heavy and as the demand is not exceptional

Home Tracts. FINEST SOIL IN CLACKAMAS COUNTY. We have 24 tracts of land containing from one to six acres each, beautifully located within one-half mile of the corporate limits of Oregon City, with excellent view of the surrounding country. The grade of the Clackamas Southern Railway Company has been completed through the original farm and a forty-foot roadway passes each tract. The man who depends on his labor for his livelihood should have land enough to raise his own fruit and vegetables and thereby save a large part of his earnings. These tracts are sold at reasonable rates and on easy payments. This is not a real estate boom but an opportunity for a man to get a home near town, conveniently located and with sufficient space about his home to raise his own fruit and vegetables. All of this soil is rich and productive and free from rock and gravel. G. B. DIMICK Owner. Room 3, Andresen Building.
