

Stories from Out of Town

Mrs. Powell's sister, spoken of two weeks ago, is reported no better and Mrs. Powell is waiting for another sister to come from Washington to again go and see her. It is not expected that she can possibly recover, as she has already had several hemorrhages.

Mrs. Esburg, near the old cedar bridge, who was so severely gored by a playful pet heifer last week, has a prospect now of ultimate recovery. It appears she was milking when the heifer came dancing up, knocked her over and proceeded to gore her, and before she could be driven off had gored her just below the stomach cutting a gash about eight inches long, but fortunately did not penetrate the intestines. The animal had also bruised her face and ear and run a horn into her skull but again did not touch the brain and while the woman, who is past middle age and quite fleshy, has suffered a good deal she is now doing very nicely and is in a fair way to recover completely. Such pet animals should be dehorned or sent to the butcher. The creature belonged to Mr. Eck, a dairyman.

A grandson of Mr. Gage, from Burns, Oregon, Cy Sweek by name, made them a hasty visit Monday and left Tuesday afternoon. Although so young (only 19) he has made quite a name for himself as an electrician and capable mechanic. He and a Mr. Johnson, of West Oregon City, made the trip over the mountains by auto.
