PEKING, Oct. 18.—The Chinese govern-
ment asserts that it has won a
great victory at Hankow and an-
nounces that the troops hold the sta-
tion, where the troop trains are ar-
riving rapidly. Although this appears
to be an exaggeration, the feeling pre-

EDMUND VANCE COOKE LECTURES TONIGHT

Edmund Vance Cooke, the noted
author, will lecture tonight at the
First Baptist church. Mr. Cooke has
a world-wide reputation, and it is
believed that the lecture room of the
church will be crowded. The demand
for tickets has been large, and those
who attend are assured of a treat.
This will be the first event of a treat-
ment series which has been arranged
for this winter, and there is no ques-
tion as to all the entertainments be-
ing well attended. Twenty public-
spirited citizens have guaranteed the
lyceum bureau against loss, and this
guaranty alone should crowd the
church at each entertainment.

POPULAR YOUNG WOMAN IS MARRIED

Miss Anna Johnson, who has been
casualty at the Grand Theatre for
about four years, and Stephen Cham-
bers, employed at the Willamette
Pulp & Paper Mills, were married
Wednesday by Circuit Judge Camp-
bell. They will begin housekeeping
at once on Fourteenth street near
Main. The bride is one of the best
known young women in the city, and
has made many friends by her char-
ming manner and courteous treatment.
Mr. Chambers has a host of friends
and is highly esteemed by his em-
ployers and all who know him. He
has lived in this city several years.

MODERN WOODMEN HAVE BIG BANQUET

The Modern Woodmen held a ban-
quet and entertainment at the Wood-
men-Hall Tuesday evening, which was
attended by about seventy-five per-
sons. The early part of the evening
was devoted to the following pro-
gram: Piano solo, Violet Beaulieu;
reading, "How Rubenstein Played the
Piano," Miss Marie Holmes; song "Oh
You Blondy," Miss Marie Confer;
song, "Won't You Come Out and Play
With Me," Miss Letha Cross. After
the program was given a banquet was
served which was followed by a grand
march led by R. E. Woodward and
Miss Mary Confer. Dancing was in-
cluded in until a late hour. R. E.
Woodward and I. D. Taylor formed the
committee in charge of the affair.
Every number on the program was
well received.

MASONS ARE ENTERTAINED.
Royal Arch Members Are Guests Of

About thirty-five members of Wash-
ington Chapter, Royal Arch Masons,
were guests Monday evening of the
local chapter. The Portland delega-
tion arrived here about 7 o'clock and
went immediately to the Masonic
rooms. A fine supper was served.

CLUB-SMOKER IS MOST ENJOYABLE

INITIAL AFFAIR OF WINTER SEA-
SON ATTENDED BY NEARLY
ALL THE MEMBERS.

SPEAKERS GIVE STIRRING TALKS

The Value of The Organization, The
Good It Has Accomplished, And
The Work to Be Done in
Future Are Outlined.

If Wednesday night's jinks at the
Commercial Club quarters is to be
accepted as a criterion, the smokers to
be given during the coming
winter by the Club will be
largely attended, as the affair
was most enjoyable throughout. Near-
ly all of the members and a number
of invited guests were present, the
best of feeling reigned, and good fel-
lowship was much in evidence during
the session.

Joseph E. Hedges, president of the
club, who acted as chairman, took oc-
casion in calling the meeting to or-
der, to point out some of the good
things the club has brought about for
Oregon City. The publicity depart-
ment, he said, by the true character
thereof, has done much for the ad-
vancement of the city and county by
publishing only the truth. "And in
this instance, he said, "The truth is
big enough." In a special way, ac-
cording to the speaker, a better feel-
ing has been manifested in the city
since the organization of the club,
especially among the business and
professional men, and he strongly ur-
ged those who are not members to af-
filiate themselves with the club as
soon as possible.

Captain James P. Shaw, of Milwau-
kie, spoke of the conditions existing in
Oregon City when he came here in
1889, and of the wonderful improve-
ment which has taken place since the
Commercial Club sprang into exist-
ence. He lauded the work of the club
in all its undertakings, especially in
regard to its publicity department.
"Oregon against the world," exclaimed
the captain, "has always been my
motto, and I always take occasion to
add, 'Clackamas county against the
state.'" During his address, Captain
Shaw related many amusing anecdotes
of the early days here.

"All we wish to do is to tell the
truth," was the gist of a short, but
interesting talk by Gilbert L. Hedges,
when called upon to speak in behalf
of the publicity work of the club. He
also told of the aims of the club in
this respect, and of the meritorious
assistance being rendered by the
"Live Wires," an organization of Com-
mercial Club men who are working
their hardest to further the interests
of the entire county.

Deputy District Attorney Lvy Stipp,
in a brief talk told of the plans for
future smokers and entertainments
of the club, and promised a big treat for
all who attend the gathering. Henry
Fussey, who rendered a piano solo was
heartily applauded.

Major C. H. Noble predicted that
a new era of prosperity was open-

JOHN F. ALBRIGHT COUNCIL CANDIDATE

John F. Albright, yard superintendent
of the Hawley Pulp & Paper Company,
has announced himself a candidate
for the city council in the first ward.
He agreed to make the race after peti-
tions circulated by his friends and
signed by a large number of voters,
had been submitted to him. Mr. Al-
bright thinks that the street im-
provement has been a little too rapid.
He suggests that the work that has
been started be finished, and after
that not so much be attempted. While
he is progressive, he feels that the
taxpayers should not be burdened
with too much expense.

Captain M. D. Phillips is a candi-
date for the council in the first ward
and H. E. Stevens is being urged to
make the race. William Andress,
president of the city council, who now
represents that ward, has refused to
stand for re-election and is being
urged to be a candidate for Mayor.

CLACKAMAS SOUTHERN FILES DEED OF TRUST

The Clackamas Southern Railway
Company, which is constructing a
railroad into the rich Molalla Valley
Wednesday filed a deed of trust to the
Merchants' Savings & Trust Com-
pany of Portland. This company is
the trustee of a \$360,000 bond issue
for the purchase of rails and rolling
stock. Sufficient money for grading
and building trestles has been raised
through stock subscriptions. Much of
the grading has been done, and work
on the big trestle in this city has
started. The bonds will be issued in
denominations of \$100, \$500 and \$1,000.
It is believed that most of them will
be bought by residents of this county.
At a recent meeting more than \$20,
000 stock was sold in less than twenty
minutes. The road is negotiating with
a millionaire Portland man, who owns
large forest lands on the railway for
the hauling of twenty cars of timber
daily, for twenty years.

BIG ROAD MEETING TO BE HELD TOMORROW

The meeting of the East Side Cap-
ital Highway Association at Mount
Pleasant tomorrow evening is expect-
ed to be the largest and most enthu-
siastic of any that has been held. Se-
veral prominent speakers have promis-
ed to attend and explain what the
highway will mean to the county and
state. The Oregon City delegation
will leave in automobiles from the
Commercial Club at 7 o'clock. All
persons interested in good roads are
invited to attend. The automobiles
will be furnished gratis.

BAKER AND COOMBS HEROES OF HOUR

Philadelphia Is Baseball Mad And
Attendance Today Is Expected
To Break Shibe Park
Record.

PHILADELPHIA, Oct. 18.—(Spec-
ial.)—The fourth game of the Giants-
Athletics championship series was
postponed today by the national base-
ball commission on account of the
bad condition of the grounds follow-
ing the heavy rains which have been
falling here since last night.

The Giants are elated over the de-
lay, as they believe the rest will put
Rube Marquard, who will pitch the
fourth game, in better shape. They
declare that Mathewson will also have
an opportunity to rest up, so that he
can pitch the fifth game of the series.
The Athletics are contented, too,
saying that they have an advantage
in the resting up of Plank and Bender.

Philadelphia is baseball mad as a
result of the one-game lead the Ath-
letics hold, and it is estimated that to-
morrow's attendance will be the largest
ever gathered in the park. The
weather forecast is for clear tonight
and tomorrow, which should leave the
field in good shape.

Baker, the hard hitting third base-
man, is sharing the honors as a popu-
lar idol with Jack Coombs, who pitched
the game of his career against the
Giants. Both are receiving ovations
wherever they appear, and the fans
talk of nothing else.

The Giants spent the day quietly in
their quarters at the Hotel Majestic.
They are unpopular with the Quaker
City fans, as was shown by their re-
ception on their arrival here, when
the crowd greeted Snodgrass with hoots
and hisses and cries of "Spiker" and
"Dirty Ball." Other members of the
Giants gathered about Snodgrass as
if expecting an attack.

Snodgrass and the other members
of the Giants denied that the spiking
of Baker was intentional, claiming
that Baker slipped in the path when
Snodgrass slid his feet first. Baker de-
clared that the spiked ankle, while
causing him considerable pain and
making him walk with a limp, will
in no way affect his speed.

"We are not beaten yet by a long
shot," said Manager McGraw today.
"The fact that the Athletics got away
with yesterday's game does not mean
that they have the series clinched. I
expect to see our boys come right
back and win the next game. Then
we will see who will stand the gaff in
the real finish."

Six Per Cent Semi-Annual Interest Coupon Bonds.

THE CLACKAMAS SOUTHERN RAILWAY COMPANY is now
offering to our home people its first mortgage 6 per cent semi-annual
interest coupon bonds, and as the bonds are limited to ties, rails and
equipment and all other work, such as grading and bridges, are paid
for by stock subscriptions, the bonds issued by this company are first-
class.

These bonds are issued in the following denominations, viz.:
\$100, \$500, \$1,000.

The Clackamas Southern Railway Company offers the following
reasons why these bonds should be sold in Oregon:

FIRST—It is an Oregon enterprise and owned by Oregon people.
SECOND—The country traversed by this line is thickly popu-
lated and has freight and passenger traffic in sight to make it the best
paying road in Oregon for its length.

THIRD—The best business men and farmers in the County are
stockholders in this road and authorized the issue of these bonds at the
stockholders' meeting by unanimous vote.

FOURTH—These bonds draw 6 per cent interest and the holder
gets his interest twice each year.

BONUS SYSTEM AIDS PAPER MILL

DAILY OUTPUT WOULD CARPET
PATH FOOT WIDE TO NEW
YORK AND BACK.

PRODUCT SOLD THROUGHOUT WORLD

Company Plants Young Trees For Use
When Present Supply Of Tim-
ber Is Exhausted—Coast
Papers Supplied.

Most Oregon City folk know that
the mill across the river is the second
in the country when it comes to the
production of paper used by the news-
papers, yet few realize the extent of
this output. Every day last week
about 190 tons a day, being a twenty-
four hour run. If the rolls were made
a foot wide this 190 tons would carpet
a path of paper all the way to New
York and back. Multiply this by
twelve and there would be an inch
strip long enough to encompass the
earth three times, lacking a few miles.

Figuring again, if this 190 tons were
cut up into foot rolls, there would be
a stack more than half the height of
Mount Hood, thirty inches in diam-
eter. Very few persons know that the
finished product of the mills is shipped
to all parts of the world. While the
Seattle Times, The Oregon Journal and
several San Francisco papers use a
large quantity, a large part is ship-
ped to the Hawaiian Islands, Austral-
ia, New Zealand and other distant
lands. The Willamette Pulp & Paper
Company, confined to its mill exclu-
sively, is the manufacturer of
white paper for use by the news-
papers. Occasionally they make a "run"
of heavy wrapping paper for their
own use, and every once in a while
one machine is devoted to the manu-
facture of a "run" of pink colored
paper used by the papers for their
sporting editions. The smaller mill,
in addition to news paper, makes var-
ious kinds of brown wrapping paper
used by the stores for wrapping par-
cels, etc. They also in season made
up "fruit paper" in which choice ap-
ples, pears, etc., are wrapped before
packing.

The Willamette mill has lately put
into effect a bonus system, a plan
which is unique and original, where-
by each man connected with the de-
partment gets a 5, 10 or 15 per cent
bonus in addition to his regular day's
wages, depending upon the total out-
put of paper of the mill for a day of
twenty-four hours. Another phase of
the industry not generally known, is
the far-sightedness of the manage-
ment in regard to the wood supply.
Realizing that at the present rate of
consumption the supply of cotton and
other woods used in the manufacture,
will not last a comparatively long
time, the mill has planted in various
parts of the Willamette Valley and
elsewhere, acres and acres of young
trees. When the present supply of
timber is exhausted, this mill will not
have to shut down for the lack of raw
material. The manufacture of paper
in the different stages is very interest-
ing, but few persons realize the pro-
cesses a log must undergo before it
comes out, white, dry, crisp paper.
