Vipers and Snakes.
Africa is the home of the typical vipers. No species of the true viper inhabits the new world, though several kinds of snakes are commonly so called. The viperine snakes of this hemisphere belong to a subfamily of the vipers, known technically as the crotalines. Under this head come the rattlesnake, copperhead, water moccasin, bushmaster and the fer-de-lance.

JUDGE BEATIE WILL ATTEND ROAD MEETING

County Judge Beatie will go to Springfield today to attend a road meeting. There has been a big demand for the improvement of the roads in that section, and Judge Beatie desires to give all the assistance that is possible. He attended an enthusiastic road meeting at the Sunny-side schoolhouse Tuesday evening. The citizens agreed to raise \$100 and probably an additional \$100 and a tax levy for road purposes was discussed.

Woman's World

The Winner of a Short Story Prize.

MISS ZONA GALE
Zona Gale, who recently won the short story prize given by a well known magazine devoted to the interests of women, is probably better known by the reading public through her tales of "homely folk" that appear very frequently in the monthly magazines than as the author of "Pelicans and Stars." This delightful book consists of charmingly delicate and poetic chapters in the life of two elderly idealists. But to come back to the "prize story," Miss Gale had 10,000 competitors, among them many well known writers in the short story world. Several of these contributors received prizes of lesser value for their stories than Miss Gale, whose monetary recognition was \$1 a word for 2,000 words.

OREGON CITY TEAM TO PLAY PIEDMONT

The Oregon City Football Club will play the third game of the season with the fast Piedmont Stars of Portland Sunday at Canemah Park. The local boys will try to make this game their third victory. They have not been scored on this season. The Piedmont Stars have tried to get a game with the local boys for the last three seasons, but owing to the former having a much heavier team the boys have not given them a game. The Oregon City team, however, is much faster this year and it is believed it has a good chance of winning.

IN FASHION'S MART.

Changes That the New Styles Have Made in Lingerie.
The vogue of frocks with narrow skirts has changed the style of petticoats. These are fashioned with very narrow dimensions and without under-ruffles so that there will be no unnecessary fullness.
Good old fashioned handmade torbon lace had been revived for the trimming of underwear. It is a serviceable,

SIMPLE FROCK FOR SMALL GIRL.
durable lace that never should have gone out of fashion, and most women will welcome its return.
When making your fall and winter gowns remember that the new bodice trimmings are not balanced. The one sided effect is the smartest. The idea is a helpful one as far as the use of remnants is concerned.
Scarlet and cerise dinner gowns are going to be very smart in cold weather. A combination of reds is a fashionable selection for these costumes.
Here is a simple little frock that is ideal for the small girl. The dress illustrated is of cashmere trimmed with a pretty banding and a yoke of dotted Swiss.

OREGON CITY PARTY HAS SUCCESSFUL HUNT

John F. Clark, attorney, returned Tuesday evening from Douglas county where he was accompanied by Harvey Farmer, J. L. Waldron and John Lewthwaite, who will probably return today.
Mr. Clark preceded the others home as business in this city necessitated his arrival Wednesday, and as the packer had not arrived when he was ready to start he was forced to walk to go to the other men's assistance, as they will bring out the six deer that were shot. The party, while in camp, lived high, having venison at every meal. Mr. Clark was probably the best cook in camp. He said that his "dough gobs," of which he is a champion, went like hot cakes, and many times he was forced to make them four times a day to supply the demand. In asking for his recipe so that others could make them, he gave the following: "Six large handfuls of flour (any grade just so it is good and will stick) several handfuls lard, half can of baking powder, half pint of salt. Shake well before taking." Several members of the party, who were in the hunt, were not able to get any game. Mr. Clark was the only one who was successful. He had a deer and a shot. They all looked well after being in the woods ten days without shaving.

FARMERS TO GROW GERMAN POTATOES

Frank Busch has been taking an active interest in inducing farmers of this county to grow the German purple potato. In a recent address before the Publicity Committee of the Oregon City Commercial Club, Mr. Busch stated that this variety of tubers was a large yielder, of the best quality, being very starchy and would cook in less time than any other potato. If this is the case, the purple potato will not only save the good housewife's time but also the fuel bill at the end of the year will be considerable less. He also affirmed that a great many of the farmers would plant these potatoes this coming spring, the seed having been obtained last year from Mr. Busch.
At the last weekly luncheon of the Live Wires, Henry Heitkemper, of Oak Grove, furnished German purple potatoes which were made into potato salad of the most tempting kind. The members all declared these potatoes to be the very best for this purpose.

DR. AND MRS. BEATIE ENTERTAIN AT BRIDGE

The Tuesday Evening Bridge Club met this week at the home of Dr. and Mrs. A. L. Beatie. The home was beautifully decorated, and after the games refreshments were served. Mrs. E. P. Rands and O. W. Eastham won the prizes. The meeting was one of the most delightful ever held by the club. The following were present:
Mr. and Mrs. E. A. Chapman, Mr. and Mrs. O. W. Eastham, Mr. and Mrs. John Adams, Mr. and Mrs. W. A. Shewman, Mr. and Mrs. B. T. McBain, Mr. and Mrs. H. E. Straight, Mr. and Mrs. George Hankins and Mrs. E. P. Rands.

FARMERS ANNOYED BY PHEASANT HUNTERS

Many of the farmers living in the vicinity of Clackamas and Milwaukie are making complaint of hunters, mostly young men ranging from the ages of seventeen to nineteen years, trespassing upon their premises and hunting for Chinese pheasants, and who are probably not aware that there is a law preventing the shooting of Chinese pheasants for at least two years.
George Mooney, who owns a twenty-two-acre farm near Clackamas, was in this city Wednesday, and said that on Sunday of last week he found several hunters and ordered them away. Mr. Mooney has taken an active interest in the Chinese pheasants, and feeds them the same as he does his chickens. There are more Chinese pheasants this year than last year, and by giving them the proper protection they will soon multiply. There is also a law against women wearing the pheasants' plumage, and there is a certainty the birds will not be killed for the decoration of headgear. The game warden will probably be on the lookout for hunters in this county from now on.
