FREE ASSAILANT OF WASHINGTON

FAMOUS NEGRO EDUCATOR
 FAILS TO PROVE CASE
 AGAINST WHITE MAN.

DEFENDANT HELD AS WIFE-DESERTER

Matron Declares Head of Southern
 College Greeted Her With
 "Hello, Sweetheart"—One
 Judge Disents.

NEW YORK, Nov. 6.—Booker T. Washington, the noted negro educator, failed to obtain satisfaction at law today for the beating which he received at the hands of Henry A. Ulrich, a white man, Sunday evening, March 19. Ulrich was acquitted in the Court of Special Sessions this afternoon, of the charge of assault which Dr. Washington had preferred against him.

After the fight, which started in the vestibule of an apartment house where Ulrich lived, at 11-12 East Sixty-third street, Dr. Washington was laid up at the hospital for several days with his right ear torn, his scalp cut and his face badly bruised.

Ulrich testified he found Washington peering into the keyhole of his apartment and also the one opposite, and that Washington struck the first blow. Mrs. Laura Alvarez, with whom Ulrich boarded, swore that when she passed Dr. Washington he said to her, "Hello, sweetheart."

Washington's story on the stand today was the same explanation he offered at the time of altercation. He swore that he was not peering into any keyholes, that he was only searching the tenants' directory in an effort to find a family with whom he understood a friend was staying and denied positively that he had spoken to Mrs. Alvarez or any other woman.

The acquittal of Ulrich was not unanimous, Justice O'Keefe dissenting from the opinions of Justices Moss and Soller.

After Ulrich left the court he was arrested again charged with being a fugitive from New Jersey, where an indictment has been found charging him with deserting his wife.

500 ITALIANS ARE SLAIN IN BATTLE

CONSTANTINOPLE, Nov. 6.—Five hundred Italians were slain and the remainder of the Italian force was taken prisoners today in a terrific battle with the Ottoman troops, according to dispatches which have been received here.

The official announcement also declares that the Ottoman troops have occupied Derna following the engagement in which the Italians met with their overwhelming defeat.

It has been believed that Derna, Tobruk and Benwasl were securely held by the Italians, who could not be dislodged by the Moslems. But according to the dispatches of the Moslem officers, so fierce was the attack of the Turks and their allies that the Italians were swept off their feet and the rout made complete after a short fray. Eighteen guns were taken by the Moslems.

W. COOPER MORRIS RETURNED TO PRISON

PORTLAND, Nov. 6.—(Special.)—W. Cooper Morris returned to Salem this morning to re-enter the penitentiary after three weeks spent in Portland in inspecting the books of the Oregon Trust & Savings Bank, of which he was once cashier. He was sentenced to six years' imprisonment for embezzlement of funds from the bank, and was recently called to Portland to assist the district attorney's office in preparing the evidence for the trial of Louis J. Wilde on January 2.

District Attorney Cameron this morning said that Morris has done "fine work" in scanning the books. He is not prepared to disclose what has been found, but intimated that the examination by the former cashier has revealed new transactions for the entanglement of Wilde. He says a mass of papers has been gone over and Morris has thrown light upon them that will be exceedingly valuable to the state in the trial of Wilde.

Morris and Wilde are jointly indicted on the charge of embezzling \$90,000 from the bank through the sale of Home Telephone bonds to the bank by Wilde. They are alleged to have divided that sum as "plunder." Morris is to be a witness for the state in the trial of Wilde.

ENGINEER WINS BRIDE IN 4-HOUR WOOING

NEW YORK, Nov. 6.—It took Miss Gladys Rose, of Narransett Pier, just four hours—from 8 o'clock in the evening until midnight—to decide to marry Ralph Fuller Nye, a member of the engineering corps attached to the Panama Canal, whom she had never met before, and until 2:30 o'clock the next afternoon to marry him. For speed and romantic features, the match holds the record for this season, at least.

Friends learned today of the unusual wedding, which took place at Jersey City, October 11, for the first time, when cards were sent out by Mrs. Ethel Rodman Rose, the bride's mother, announcing the wedding.

O. C. AND HOLLADAY PLAY SCORELESS GAME

Jubilant over their victory over the heavy Independence team, the Holladay Athletic Club, of Portland, invaded Oregon City Sunday with the intention of wiping the Falls City aggregation off the football map. They came, they played but there it ended.

In what was undoubtedly the fastest, hardest fought game ever seen on the local gridiron, Oregon City and Holladay battled the full four-quarters to a no score finish.

Handicapped by the loss of two of her best players, using substitutes who were not familiar with the signals, Oregon City played a beautiful game. From the standpoint of team work Holladay had the edge. Humphreys and Hastings of Holladay; Carothers, H. Siler and Smith of Oregon City pulled off stunts with the regularity of clockwork.

Both teams had their goal in danger once. Oregon City held the Holladay City's two-yard line. Long punted out of danger. The fact that Carothers was winded, was all that kept him from scoring, for after a beautiful run of fifty yards he was downed by Steel on Holladay's four-yard line. Crothers played a splendid game.

White's neat handling of punts was slightly marred by using the reverse English after starting for Holladay's goal. Lawrence, the new end for Oregon City, handled himself well while Montgomery played a splendid game at center.

Quarterback Humphreys of Holladay, reminds one of Anson Cornell, the Washington High School crack by his heady, consistent playing. Holladay had the better of the punting argument but Oregon City excelled in the use of the forward pass.

These teams will play another game in December at Portland. It will no doubt prove a good drawing card. The following was the lineup:

Holladay	Oregon City
Meyers, Cosgrove	H. Siler
L. E. R.	
Hastings	C. Freeman
L. T. R.	
Burke	Barry, W. Siler

NEW DOCK BEFORE LIVE WIRES TODAY

AID OF CITY COUNCIL MAY BE
 ASKED IN PROVIDING LAND-
 ING FOR STEAMER.

CREAMERY PLANS NEAR COMPLETION

Experienced Man Ready to Start
 Plant if Promised Sufficient
 Milk and Patronage
 of Merchants.

The most important matter to be given consideration at the weekly luncheon of the Live Wires today will be the establishment of a dock for an independent steamer line which it is proposed to establish between this city and Portland. It is probable that the city council will be asked to provide the dock, or aid in its construction. The proposed site is between Eleventh and Twelfth streets. A committee appointed at the last luncheon to make an investigation will report today.

The proposition of H. C. Nielsen to establish a creamery in this city also will be given consideration. Mr. Nielsen has had twenty-six years experience in the creamery business and is willing to establish a plant here if assured he can obtain enough milk to keep it in continuous operation and that the grocers will handle his product. The Live Wires will try to encourage the dairy business in this section in order to aid the creamery business.

Captain Hembree, owner of the stern-wheel steamer Leona, attended the luncheon of the Live Wires last week and laid before that organization a proposition to put his boat on the local run, making two round-trips daily. Captain Hembree says he will cut the passenger rate in two, and will reduce the freight tariffs on some classes of merchandise.

The Leona was on the Portland-McMinnville run last summer, and Captain Hembree is authority for the statement that the craft lost \$2,000 for him before he finally pulled her off the run and tied her up at Portland, since which time she has been out of commission. Her owner says he carried hay for \$1.20 a ton from McMinnville to Portland, and made no profit on the haul, after being compelled to pay 50 cents a ton lockage on the route.

WIFE, SUING, SAYS HUSBAND KICKED HER

Charging him with cruelty E. Adelaide Secret Monday filed suit for divorce against Albert J. Secret. The plaintiff alleges that while they were living in Portland February 13, 1910, her husband kicked her out of bed, and that he often ordered her to leave home. They were married July 1, 1906, in Portland, and have two children, Lewis A., four years of age, and C. L., three years of age.

Libbie Blais sued Fred Blais for divorce, alleging desertion. She alleges that she was compelled to earn her own living after her marriage. The plaintiff asks that her maiden name, Libbie Smith, be restored. They were married in Rossland, British Columbia, July 18, 1910.

D. K. BILL, HURT BY CAR, AWARDED \$250

D. K. Bill, Commander Meade Post, Grand Army Republic, was awarded a verdict of \$250 for personal injuries against the Portland Railway, Light & Power Company in Justice of the Peace Samson's court Monday. Mr. Bill was severely injured by falling from a car while he was on his way to the chautauqua at Gladstone Park, July 15 last. He alleged that he was in the act of alighting from the car, when it was started suddenly and he was thrown from it. His left leg was bruised and his back was wrenched. Mr. Bill was represented by George C. Brownell.

THREE BALL TEAMS TO HAVE NEW MANAGERS

NEW YORK, Nov. 6.—(Special.)—Three American league teams, Chicago, Washington and Cleveland, will have new leaders next season. The leadership of Jimmy Sox will be under the Cleveland team and its bunch of highly praised players, will have for their manager Harry Davis, twice a member of the world's champions. Davis replaces George Stovall, who brought the Naps from sixth place to third place in the 1911 American league pennant race. Stovall did great work with the Cleveland team and deserves more credit than he has been given for his work with the Naps.

It is said the New York Yankees will dispose of Hal Chase as their leader in 1912 and are after Harry Wolverton, who led the Oakland (Coast League club) last season. It would not be surprising to hear that Charles Farrell would try and secure George Stovall to manage his team next season.

Whether McAleer will replace Patsy Donovan with a new manager next season has not been decided yet, but it is possible that the former Washington manager will take his place on the field as manager.

Bobby Wallace, who led the St. Louis team through the 1911 race, it is said, will be replaced by some other manager next season, but this is talk that has been floating around for some time.

BIG ROAD MEETING TO BE HELD AT CANEMAH

The East Side Capital Highway Association will hold a big meeting tomorrow evening at Canemah. It is expected that at least 100 persons will attend and that a resolution providing for a special tax for road purposes will be adopted. The delegation from this city will leave on the 7:30 o'clock car and all persons interested in improving the roads of the county are urged to make the trip. The association will hold meetings beginning next week in the cities and towns between here and Portland.

Governor West has announced that he will send convicts to this county to work on the roads any time they are desired, and it is thought that the men will be put to work in rock quarries in a short time.

The application of H. E. Cross to enjoin the Oregon Engineering & Construction Company from taking earth from in front of his property on Monroe street between Twelfth and Thirteenth streets, will be heard in the circuit court today. Moffatt, president of the Oregon Engineering & Construction Company, which has been awarded the contract for improving the street, says that under the law his company can use the earth in making the grade on another part of the street. The work of improving the street has been started.

 OF SMELTER.

THINK \$5,000,000 LOCKED IN HILL

John B. Fairclough Elected President
 And J. V. Harless Vice-Presi-
 dent—Rich Ores To Be
 Assayed at Once.

At a meeting of the stockholders of the Ogle Mountain Mining Company held in this city Monday it was decided to obtain information regarding the cost of a smelting plant, and establish one in the discretion of the board of directors. The stockholders were enthusiastic over the prospects, and it was declared if the mine is properly worked it should yield at least \$5,000,000. The following directors were elected: T. B. Fairclough, John B. Fairclough, J. V. Harless, S. S. Walker and John Scott. The price of stock was raised from fifty cents to \$1 a share.

After the meeting of the stockholders the directors met in the office of O. D. Eby and elected the following officers: John B. Fairclough, president; J. V. Harless, vice-president and W. J. Wilson, secretary-treasurer. John B. Fairclough was also appointed manager and was directed to obtain information regarding the cost of installing a smelting plant. He was instructed to take samples of the ore to various plants and learn what system would be best to install at the Ogle Mountain mine. It is thought that the plant will cost about \$100,000.

The development of the mine has progressed rapidly, and experts have declared that it is one of the richest in the northwest. About 2,000 shares of stock were sold at the meeting of the stockholders, and many of those present said they would increase their holdings. Seventy-five stockholders were present. Ore taken from the main ledge has assayed \$167 a ton.

VETERAN BORNE TO GRAVE BY COMRADES

Marion Naught, one of the best known residents of the city, died Saturday night, after an illness of about one month. The funeral, which was in charge of Meade Post, Grand Army of the Republic, was held Monday afternoon at 2 o'clock from the Holman undertaking parlors. The pallbearers, all members of the Grand Army of the Republic, were G. A. Harding, J. Doremus, J. J. Mallatt, W. W. Freeman, G. W. Midlam and F. M. Clyde. The floral offerings were beautiful. At the conclusion of the services at the Mountain View cemetery, Edward McFarland sounded taps, which concluded the impressive ceremony.

BUSINESS MEN URGED TO AID ORCHESTRA

The outlook is favorable for this city having one of the finest orchestras in the state. About twenty-five of the prospective members attended the rehearsal, conducted by Professor Sager, Monday night, and the results were satisfactory. The musicians are taking an active interest in the work, and Prof. Sager says there is no doubt that a fine band can be organized here. Secretary Latourette, of the Commercial Club, who several days ago sent cards to the business men urging them to subscribe \$1 each to be used in organizing the band, says that the returns have been satisfactory and he urges those who have not contributed to do so as soon as possible. They are assured that they will not be called upon for any more contributions as the money collected through this call will start the orchestra which is expected to soon be on a self-sustaining basis.
