APPEAL IS MADE FOR DEPENDENT CHILDREN

(Communication.)
Do not forget the little ones at the Home of the Boys' and Girls' Aid Society of Oregon in Portland this Thanksgiving. The management of this institution appeals to all persons who are interested in the welfare of dependent children of the state to give liberally this year. The work of the institution has very much increased during the past year. Many more wards are under its care, so of course expenses of maintenance are increased in proportion. The average number of children on hand last year at the receiving home was sixty, but now it will exceed that number by at least five each day. The little ones at the Home have been sadly afflicted for the past three months with an epidemic of scarlet fever, although the cases were light, yet, it was necessary that the children be isolated for two months. The first of these cases were cared for at the Contagious Sanatorium, but the last, to the number of fourteen, were taken care of in this institution. This certainly was a great trouble and expense to those in charge. However, at this writing the Home is entirely free from the disease and properly fumigated and the good work is again going on.
During the past year recreation sheds have been erected on the premises for the use of the children in the Home, one for the girls and one for the boys' playground. These sheds are sixty by thirty feet with open sides and contain rings, trapeze, horizontal bars and tieters. Also sand courts for the little ones. Another addition for the benefit of the children is the fitting up of a manual training room where the boys can be taught carpentry. This addition was made by Clackamas county.
It is the duty of the management to care for cases of abuse and neglect to children throughout the state, especially outside of Multnomah county and the records will show that about four-fifths of the children coming through the institution are from outside counties, hence this society is an aid to every county in the state and it is earnestly hoped that donations for its benefit will be liberal this Thanksgiving.
The railroad and steamboat companies are carrying all such donations free of charge if they are plainly marked Boys' and Girls' Aid Society of Oregon, Portland, Or.

WOMAN'S CLUB HEARS ARTICLES ON HISTORY

The Woman's Club met in the Commercial Club parlors Thursday afternoon. Mrs. Rosina Fouts read an article on the early history of Oregon, dating from 1859 to the present date, and she was followed by Mrs. Eva Emery Dye, who gave an account of the early days. The articles were very interesting. Mrs. Wolfe sang two solos in a very creditable manner. Four candidates were received into membership. The next meeting will be held November 23, which will be "Federation Day."
DO YOU KNOW that the Enterprise year-end Bargain Period is now on? See ad on back page for particulars.
Will Not Discontinue Practice.
It appears that some time ago it was stated in this paper that we were intending to discontinue our practice in Oregon City. We wish to contradict this statement by saying that we have no intention of closing our office and will be on hand during our usual office hours. Examinations free.

STAFFORD.
It has rained enough so plows can start again, and men are looking anxiously at the sky hoping the rain will hold up until they finish digging potatoes.
The Delkar brothers again put on the mantle of good Samaritans and with their force of men went over and dug Mrs. Nemic's potatoes for her. When she found them in her field she bustled herself getting up a big dinner and the men sat down to a loaded table of chicken fixings and all that goes with it. Such neighborly acts draw people of the country closer together in a bond of good fellowship.
Charlie Wagner's baby girl was buried in the family plot in the Stafford cemetery Saturday.
Word went out for all those interested in the old Stafford cemetery to meet on Saturday, the 4th, and clean the yard of dead fern and other debris, but only four or five responded, but they made quite an improvement in the looks of the city of the dead, demonstrating again that the few do the work of the world while the many enjoy the fruits thereof.
Fir Francis made his grapes into grape juice and bottled it last week. He had 10777 bottles, a part one quart bottles and the rest two quart.
