DAMAGE TO CROPS.

It is with not unjustifiable pride that Secretary of Agriculture Wilson directs attention to the fact that every important meteorological change that occurred in the United States during the year was forecasted by the weather bureau long in advance.

The bureau gave particular attention to the hurricanes of September and October, 1910, and shipping interests expressed great gratitude. Valuable crops were saved by the warnings of the approach of cold waves and large sums of money saved to the growers.

There was a large deficiency in the precipitation over a considerable portion of the country and hence there was an absence of great floods, except in California, where, during February and March, heavy winter snows and rains combined to cause floods, with damage estimated at \$1,750,000.

ALISKY ACCUSED OF TRYING TO TRAP WIFE

PORTLAND, Nov. 18.—(Special).—Supplied with affidavits and other testimony taken before a referee with which he expects to prove to the divorce and alienation cases of Mrs. Clela Pearl Alisky against her husband, Charles W., and his mother and father, S. T. Jeffreys, has returned from San Francisco. Mrs. Alisky will come to Portland in a few weeks to appear in her own behalf when the case is called at Oregon City.

The bulk of the testimony obtained by the attorney is intended to prove the alleged attempt of Alisky to trap his wife and smooth the way for his divorce proceedings. Attorney Jeffreys declares that while in San Francisco he obtained a complete confession of the alleged action from B. C. Parker, who says he was employed by Alisky.

The confession alleges that when Mrs. Alisky called at the office of her husband's attorney she was met by a woman named Schmidt who lured her to a notorious cafe upon the pretense of getting Mrs. Alisky to sign engagements with a prominent society club in San Francisco.

GUARANTEED EGGS ARE SOLD AT PROFIT

The men who are making the most money in the egg business today are buying strictly fresh eggs from farmers under a special contract and selling "guaranteed eggs" direct to the grocer says Hood's Dairyman. By dodging the middleman and buying only guaranteed eggs on a "loss-of-basis" they can pay more to the farmer, while the consumer willingly pays the top price for a guaranteed article.

An Honest Million Possible Man Who Makes That Sum Needs Courage and Aptitude Failures Who Practiced Fraud Say That Is Impossible By LESLIE M. SHAW, former Secretary of the Treasury A MAN CAN MAKE \$1,000,000 AND MAKE IT HONESTLY IF HE HAS COURAGE AND APITUDE. Those who try to make \$1,000,000 DISHONESTLY and FAIL that nobody can make it HONESTLY. There are those, you know, who have said that it is IMPOSSIBLE to do such a thing honestly. As far as I have seen in my time no man has served his country faithfully without receiving adequate reward, and that reward usually is MONEY. Once in awhile there is a monument, but not often. BASEBALL is absorbing more interest among the boys of the country than is BUSINESS.
