CHICAGO, Dec. 2.—Detective Burns, who gathered the evidence against the McNamara brothers in connection with the Los Angeles dynamiting, announced tonight that the arrests of Milton A. He added that sensational disclosures undoubtedly would follow this visit, which he would make in about a week, or after he had made a trip to New York on another case. Just what future prosecutions or additional cases will be made he declined to intimate, but he would not deny that

That the city election tomorrow will be a quiet one is assured. The campaign has been free from bitterness. Grant B. Dimick and William Andresen, the candidates for mayor, are men of standing and integrity. Judge Dimick served four years as Mayor and Mr. Andresen has been a member of the city council six years, and part of that time chairman of the Finance Committee. No matter which one is elected the city will have a faithful, conscientious and capable executive.

The men who are offering for the city council are well-known. No mistake will be made no matter who are chosen. M. D. Latourette, the efficient city treasurer, is without opposition, and it should be so. Although a young man, Mr. Latourette, in the opinion of many of his friends, is the most conspicuous figure in public life in Oregon City today. He does things, and his efforts are making for a bigger and better Oregon City.

The election books and ballots will be distributed early tomorrow morning, and it is thought a heavy vote will be cast early. Chief of Police Shaw has had plenty of wood delivered at each polling place. The polling places, judges and clerks of election will be as follows:

Ward No. 1, at Cataract Hose Company House, judges: W. W. Myers, John Bradley, H. W. Trembath, clerks: Alex Schramm and Eber Chapman.

Ward No. 2, at Fountain Hose Company House, judges: S. S. Walker, S. F. Scripture, W. A. White; clerks: Charles Kelly and Roy Cox.

Ward No. 3, at Hose Company No. 3 House, judges: Sam Francis, C. Gottberg, William Estes; clerks: F. M. Darling, H. Bradt.

The polls will open at 9 o'clock in the morning and will close at 7 o'clock in the evening.

## FINAL STATEMENTS MADE BY TWO CANDIDATES FOR MAYOR

(BY WILLIAM ANDRESEN.)

Having come into possession of information that parties, anxious for my defeat, are circulating reports that the city's debt has been greatly increased during the six years that I have acted as chairman of the Finance Committee, in justice to myself and as a source of information to the citizens of Oregon City, at my suggestion, the City Treasurer, has prepared the following report:

Oregon City, Oregon,  
December 2, 1911.

To Whom It May Concern: This is to certify that I have examined the Warrant Register of the city of Oregon City, and find that on December 14th, 1905, there were paid General Fund Warrants endorsed prior to July 2nd, 1903.

That on October 10th, 1911, there were paid General Fund Warrants endorsed prior to November 25th, 1910, and

That on December 14th, 1906, there were paid Road Fund Warrants endorsed prior to October 4th, 1904.

That on October 18th, 1911, there were paid Road Fund Warrants endorsed prior to August 5th, 1910, excepting Warrants Nos. 1573 and 1586 for \$4,90 and \$250.00 respectively, and

That on December 2nd, 1911, there shows an indebtedness of \$5477.23 against Permanent Street Improvement Fund.

(BY G. B. DIMICK.)

I have been nominated for the office of mayor of our city by a large number of the legal voters and heaviest taxpayers without any solicitation upon my part either directly or indirectly, and you will be called upon on Monday, December 4 to make your choice between the candidates for that important position.

In order that there will be no misunderstanding should I be elected I desire to state to you frankly my position upon certain questions that will come before the city administration during the year 1912.

In the first place I believe in progression, but in pursuing that policy the city administration should take into consideration the extreme hardships imposed as well as the benefits derived from all improvements of a public nature. During the past year a great many improvements were made under the amended City Charter and there are today contracts outstanding for further improvements which will require a long length of time for their ultimate completion.

One of the best engineers in the state, who after familiarizing himself with our street work, stated this week that Oregon City was paying twenty per cent more for its street improvements than is necessary, and I am certain of my position when I say that those conditions have been brought about by awarding contracts to the same contractor long before his previous contracts are completed and before proper and accurate estimates are made regarding the actual costs of the intended improvement.

I do not believe in the expenditure of public money for public improvements unless it is done under the most careful and accurate methods and estimates that can be acquired, and street improvements in particular where the burden is taxed against the abutting property, the greatest care should be taken that is possible to exercise for the reason that it usually sweeps away the savings of a man or woman which has taken years to acquire.

I am opposed to any further street improvement contracts until the contracts which have been awarded have been completed, and there is a showing made that additional streets should be improved for the betterment of the city, and then only after the grades have been carefully established and accurate estimates made as to the cost.

There are at the present time a large number of streets undergoing improvements and at the same time there are thousands of dollars in warrants issued in payment for those improvements that the contractors and laboring men are unable to sell at the banks, or even convert into cash at a discount.

During the past year Moialla avenue, from the city limits to the business district in Oregon City, has been sadly neglected and at the present time a large part of that highway is practically impassable and should be immediately put in proper condition as two-thirds of the business traffic of this city depends upon that important highway.

I wish to call the legal voters attention to the fact that during the

## HORSE WITH MANE 5 FEET COMES TO CITY

"Pete," a horse belonging to William Daniels, one of the prominent residents of Beaver Creek, attracted much attention in this city Saturday. The horse has a mane five feet long, which almost reaches the ground. During the past few months the mane has taken on a wonderful growth, and no doubt if the hair was brushed and properly attended the owner could make a small fortune in exhibiting the animal in shows. The horse has been in the possession of Mr. Daniels ever since it was one year old. The horse is of a chestnut sorrel, and was brought to this city Saturday to have its picture taken. Mr. Calvert photographing it. The animal works in the field every day. "Pete" seems to be proud of his mane, and when many in this city stopped to look at him while he was in front of the gallery waiting to be photographed by Mr. Calvert he seemed to enjoy the excitement he was causing.

## ERNEST J. SIAS TO LECTURE TOMORROW

Ernest J. Sias, the lecturer, will lecture in this city tomorrow night on "The Lost Chord." The lecture will be the third entertainment of the Lyceum series, which has been guaranteed by twenty residents of the city. That it will be one of the most popular lectures ever given here is assured. Wherever Mr. Sias has appeared the newspapers have been unsparing in their praise. He was for two years manager of the Western Lyceum Circuit of the Redpath-Central in the West.

While Mr. Sias has labored with such marked success for the church of which he was a pastor, he is broader than denominational lines; his horizon on mankind's affairs has not been limited by theological technicalities, but every one who has come into contact with him has been won by his broad spirit, his splendid energy and his contagious enthusiasm and has felt the winning magnetism arising from his sincerity of purpose, and his friendship for those about him. His popularity is as broad and deep as his Christian charity.
