CALIFORNIA STOPS BUYING SPUDS HERE

With the exception of seed stock, buying of potatoes for California account has been entirely suspended at Willamette Valley points.

According to mail advices from the south the trade there is not in a very good condition and there seems to be more than a sufficient amount of home stock to take care of the requirements of the trade. While extra fancy Oregon potatoes are in request, the absence of offering is working no hardships upon the trade there because there is plenty of fancy California stock to take its place.

Buying for Arizona account continues and a fair volume of trade is still passing with the southwest. Dealers for this account say they are now able to secure all their present needs from Portland speculators who are inclined to let go, rather than hold pending the New Year.

BROTHERHOOD HEARS COLLEGE PROFESSOR

Rev. Levi Pennington, of Pacific College, delivered probably the most interesting and inspiring address which has been heard at any of the Brotherhood meetings this year at the Baptist Brotherhood dinner Friday night. His subject was "Four Faces of Ezekiel," in which was seen, the combined image with the face of a man, the face of a lion, the face of an ox and the face of an eagle. Mr.

Pennington explained what the face of a man is. That face represents the spirit of sympathy, love and kindness. The face of a man is necessary in order to give one the ability to get down by the side of a needy brother and render real helpful service. Mr. Pennington illustrated that thought by relating how when a young man, a stranger in a city, he was working his way through high school and a poorly paid, unappreciated Baptist preacher of that place invited him to his home, spoke words of sympathy and seeing him shoeless, by a word of sympathy and brotherliness, made him a gift of a new pair of shoes. The face of a lion represents courage unto death.

This Mr. Pennington said is needed today as much as ever in the history of the world. The face of an ox represents patience and the face of an eagle the faculty of farsightedness and vision. Mr. Pennington aptly applied every point and closed by showing the strength of the Man of Galilee—combining perfectly all these elements. The Brotherhood voted Mr. Pennington a hearty and unanimous expression of thanks for the magnificent address. Sixty-five men were present. The next meeting of this Brotherhood will be held the latter part of January.
