PRESIDENT OF PRINCETON.

After much deliberation the trustees of Princeton University have chosen a new president in the person of John Grier Hibben, professor of logic, and of course a Princeton alumnus, class of '82. President Hibben succeeds Dr. Woodrow Wilson, who resigned the presidency of the university to go into politics. The new president, who is a native of Illinois, and 50 years old, has been a member of the Princeton faculty since 1891. In the strife which marked the closing years of Dr. Wilson's presidency Professor Hibben did not side with the progressive and reforming doctor.

FIGHT AGAINST TUBERCULOSIS

The vast sum of \$14,500,000 was spent in the United States in the crusade against tuberculosis during the year 1911, according to the report of the National Association for the Study and Prevention of Tuberculosis. More than \$11,800,000 was spent for sanatoria and hospitals; dispensaries for the examination and treatment of the diseases cost \$850,000, educational work \$500,000, and the remaining \$1,350,000 went to the work of boards of health against tuberculosis and for work in open air schools, prisons and hospitals for the insane. The need for the expenditure of such a huge sum is to be deplored when it is considered that the disease is preventable. We are paying for the ignorance and neglect of the past and though the toll be heavy we should feel grateful that we have the means at hand to meet it. The prevention of today will be the betterment of tomorrow. The appropriations for the continuance of the work in 1912 aggregate more than \$10,000,000, composed of sums set aside by State, municipal and county governments, while the Federal government will spend at least \$1,000,000. The cause is humanity's.

Expansion Impossible In Crowded Cities

If you live in a two room flat you have a TWO ROOM SOUL. If you are able to afford a seven room and bath apartment then your mind and spirit have slightly better opportunity for expansion. If you live in a basement, heaven help you! HEAVEN HELP ALL DWELLERS IN CITIES ANYHOW. THEY ARE DWARFED, THWARTED, EROTIC, AND KEEP THEMSELVES KEYPED UP TO THE DEMANDS OF CITY LIFE BY THE USE OF STIMULANTS, NARCOTICS AND HIGHLY SEASONED FOODS. It is the new life from Europe and from the west and south that keeps New York going. The men who rule New York were COUNTRY BRED MEN. The native New Yorker, with here and there a very rare exception, does nothing worth while. How can he? His soul is CRAMPED BY THE CONDITIONS OF HIS LIFE. ALL THE BIG IDEAS, THE GREAT POEMS, THE WONDERFUL DISCOVERIES, NEED THE WOODS AND THE STARS, THE SUNLIGHT AND THE RAIN FOR THEIR DEVELOPMENT. THERE ISN'T SPACE FOR THEM IN THE TWO ROOM SOUL, THE SPIRITUAL TENEMENT OF THE CROWDED CITIZEN OF A LARGE CITY. Men and women in the city eat highly spiced foods. They stimulate their lagging brains with alcohol or soothe their exhausted nerves with narcotics. City vices are the inevitable outcome of city life.

Texas has a town named Gratis.

Everything is free there, including death and taxes.

The ways of Persian politics are queer. Having failed to secure the head of ex-Shah Mohammed Ali Merza for \$100,000 the government now offers him a pension of \$80,000 a year for life if he will quit Persia.

What a wise man Mr. Carnegie was. He permitted his lawyers to do all the fretting about the legal ends of the business.

When they start marking cold storage food with dates will they use the Russian calendar?

Governor Cole Blease of South Carolina sent a message to the Legislature scorching the state press and Legislature promptly and patriotically proceeded to throw cold water on it by expunging it from the record.

Trusts don't pay," says Mr. Brandeis. Has some wicked monopoly been holding out on him?

MR. AND MRS. MARTIN ENTERTAIN AT BRIDGE

Mr. and Mrs. Herbert Martin entertained the members of the Wednesday Night Bridge Club at their home Wednesday evening. A most enjoyable evening was spent in bridge, the first prize, a handsome alligator case containing two packs of playing cards, was won by A. D. Vatcher, while the consolation prize was presented to Roy Reddick. A delicious luncheon was served. The table, as well as the dining and living rooms were pretty with their decorations of Oregon grape and ferns.

Present were Mr. and Mrs. A. D. Vatcher, Dr. and Mrs. L. G. Ice, Mr. and Mrs. Guy Reddick, Mr. and Mrs. J. B. Garretson, Mr. and Mrs. Herbert Martin.

WORKMAN STRIKES ANOTHER WITH AX

Grant Mumpower, of Stone, brought one of the men employed by who had been cut in the throat by another employe to the office of Dr. H. S. Mount for treatment early today. The man did not give his name, or the name of the man, who had cut him. According to Mr. Mumpower, six of his employes, became involved in an argument, and one of the men struck another with an ax, the blade penetrating the man's throat. Dr. Mount sewed up the cut which was about six inches long. The man will recover. He and his companions had been drinking.

PAPER COMPANY TO HAVE NEW STEAMER

(Continued from page one.)

plans and specifications are being made for a steamer to operate in the paper trade between Oregon City and Portland. The only steamer now owned by the Willamette Pulp & Paper Company is the N. R. Lang. The Lang will continue to carry pulp and the finished product after the new steamer has been placed in service. Steamboat men are looking forward to a brisk excursion season on the Willamette and Columbia Rivers, beginning early in the spring, and one or more steamers may be built for operating in that trade. During the Elks' convention and for some time after the prediction is made that fully as many excursions will be wanting to take trips to this city, as during the Lewis and Clark Fair. In support of this view, it is pointed out that many of the visitors will remain in the city for several weeks after the convention is over.

STEAMER RUTH SOLD.

A message was received here early today that the O. W. R. & N. had sold the Steamer Ruth to the Willamette Pulp & Paper Company. The Ruth probably will be turned over to the paper manufacturing interests February 5. She will continue to be used between Portland and Oregon City.

The Way of Wisdom. The wisest man may be fooled, but not twice in the same way by the same person.—Chicago Record-Herald.

HOW UMPIRE BRENNAN CURED A KICKER.

There is a player in the National league who never gives Umpire Brennan any trouble. Brennan refuses to give his name, but believes he could call a strike on him a foot over his head without protest.

According to Brennan, the player has a larger foot than the average, while his head is considerably smaller. The player is sensitive about both. This information was given to Brennan by a friend.

One afternoon Brennan was called upon to make some close decisions on the player. He protested mildly, but not enough to get consideration. Finally Brennan called him out on a peculiar as well as a close play. As Brennan walked away the player followed him and kept saying:

"I can't see how you ever pulled a decision like that. For the love of Mike, why did you call me out?"

"I am not surprised that you don't understand. A glance at your feet and then at your head shows that you wear a No. 12 shoe and a No. 2 hat."

The crowd saw the player subside. The next inning, according to Brennan, the player walked over to him and said:

"Say, Bill, if you cut that stuff about the 12 shoe and the 2 hat I'm off you for life."

BENSON LEADING COLUMBIA.

Blue and White Men Have Selected Him to Captain Basketball Team. C. D. Benson, '12, who has been acting captain of the Columbia basketball team since the opening of the

C. D. BENSON, COLUMBIA'S NEW BASKETBALL LEADER.

season, has been elected permanent captain of the five by the men who played on last year's championship team. This is Benson's fourth year in basketball at Columbia. He was captain of his freshman team in 1908 and has been on the varsity team since then. The team seems to have recovered from the slump in which it played during the early season games, and Harry Fisher, the coach, thinks that it still has a fighting chance to overhaul the leaders.

HENLEY REGATTA DATES.

Annual Big English Rowing Event Will Be Held July 3, 4, 5 and 6. The dates for the annual English Henley regatta have been set for July 3, 4, 5 and 6. The closing day will fall on a Saturday and will give ample opportunity for on-lookers and rowing enthusiasts to make the journey to Stockholm for the Olympic regatta, which will be held July 18 and 19.

The possibility of more foreign entries from continental Europe has been strengthened by reason of the fact that agreements have been entered into with the Russian Rowing association, Hungarian Rowing association and the Union des Societes d'Aviron de la Region Parisienne. It is probable that a French crew from the Societe Nautique de la Basse Seine will be among the competitors this year. The club was founded in 1882 and has boasted some fair crews.

England's Twenty-nine Tennis Courts.

The British Isles have twenty-nine tennis courts in use. The Princess club (Knightsbridge) courts and the Lords' courts have been renovated.

WINTER BASEBALL DOPE

Dave Altizer of Minneapolis' 1910 and 1911 championship baseball clubs has finally reached his goal—that of a real live manager. The former Spanish war gun carrier is leading the Riverside (Cal.) club this winter.

Tyrus Raymond Cobb is the subject of a few words from Jack Warhop. Jack says he has something new to stop Cobb from hitting this year. He says he will not give it out until the season opens. It's probably a base on balls.

Ole Oleason will be the captain of the Cleveland Naps next season. Manager Davis wanted an in-fielder for captain, and Olsen was the only in-fielder besides Lajoie who is sure of his position. Larry wouldn't take the captaincy.

The Perfect City.

Why laugh at Boston? Boston has more culture than Athens (Gk.), more art than Paris (Ky.), more age than China (Me.), more manufactures than Birmingham (Ala.), more colleges than Berlin (Germ.), more shipping than Amsterdam (N. Y.), more cathedrals than Britain (Ct.), more population than London (En.), more Irishmen than Dublin (I. H.), more Poles than Philadelphia (Pa.), more waterways than Venice (It.), and more law than Rome (N. Y.).—Life

IMPROVEMENT CLUB TO ELECT OFFICERS

The Gladstone Improvement Club, at a meeting this evening in Miller's Hall will elect officers and adopt a constitution. The constitution and by-laws will be presented by a committee composed of William Hammond and E. P. Carter. The club will aid the city council in the building of the water works and the improvement of the streets. The following have been suggested for president of the club: R. Freytag, T. C. Howell, Hugh Hall, T. E. Gault, C. W. Parrish, Charles Hageman and Harry Williams.

GROUNDHOG WILL FORECAST WEATHER

This is "groundhog day," and, according to the tradition, if the woodchuck comes out of its hole at noon and casts its shadow it will scurry back, and more cold weather may be expected. The groundhog, however, isn't any better weather prophet than a great many of the men this government pays handsome salaries for forecasting weather conditions, so even if the rodent does find a bright sunshine, no one need be worried. Woodchucks have made mistakes just like human beings.

ACKERMANN SPEAKS AT HIGH SCHOOL TODAY

J. H. Ackermann, president of the State Normal School at Monmouth, will speak at the High School at 9 o'clock this morning. This will be the first of a series of lectures to be given at the high school by prominent men this season. While the addresses are primarily for the benefit of the pupils, Superintendent of City Schools Toose extends an invitation to all citizens to be present. L. B. Alderman, State Superintendent of Schools, will speak at the High School a week from today. Others who will make addresses during the term are Governor West, Mayor Dimick, O. D. Eby and J. E. Hedgas.

Heart to Heart Talks.

By EDWIN A. NYE.

TWO FARM HOMES.

I visited two farm homes. On a table in the living room of one of these homes I found several late magazines, newspapers in plenty and some good books. In a corner of the room was a fair sized library containing books on agriculture, history, travel and fiction.

In the other home there was no periodical literature save the county seat newspaper and books were scarce. I found what I expected to find as to the character of these two homes.

In the home where good reading abounded there were intelligence, thrift, economy, business system, prosperity and joyous home living.

In the other home there were bickering and unkindness, wastefulness, lack of good management and a woeful ignorance concerning the progress of the world at large.

More than that—The boys and girls in the home without magazines and books found their pleasures away from the home. Some of these pleasures were silly, and some were harmful. Gossip took the place of reading. The moral tone of the home was not high.

The difference? Books and good reading! Without books and newspapers of general circulation the farmer can know little or nothing of current events, of the news of church and state, politics—the things that make for good citizenship and intelligent activity in human affairs.

And—Without books and farm papers and newspapers father and the boys will know scarcely anything of market tendencies or scientific farming methods or farm management or horticulture or breeding or veterinary and other lines of up to date farming.

Not—Without farm journals or magazines will mother and the girls know very much about domestic science or poultry or nursing or home management.

But—Above all else there is lacking the mental influence of good literature in the building up of character. A good book not only gladdens the heart, but broadens the vision and lifts up the life.

Books and good reading are infallible indices of the character of a home.
