LA FOLLETTE WILL CONTINUE IN RACE

DEMAND THAT ROOSEVELT EN-
 TER DOES NOT DETER WIS-
 CON SIN SENATOR

UNDERSTANDING IS NOT SOUGHT

Growing List of Aspirants Considered
 As Aid To Taft—President
 Does Not Fear Stamp-
 pede

WASHINGTON, Feb. 2.—Special—
 Leaders of the La Follette move-
 ment, after their conference here have
 decided to continue their campaign
 for the Wisconsin man, notwithstanding
 that they view Colonel Roosevelt
 seriously as a candidate. It was said
 after the conference that no thought
 was given to any arrangement by
 which Roosevelt and La Follette might
 profit by each other's strength in the
 future. The La Follette movement
 from this time forward is to be con-
 ducted as a thing apart from all other
 candidacies.

It was admitted that the Roosevelt
 boom has had a decidedly bad effect
 on the La Follette chances, and that it
 never will be what it might have been
 if the name of the Colonel had not be-
 gun to figure so prominently before
 the public. The La Follette man-
 agers themselves have no false ideas on
 the subject. They may be proclaim-
 ing, for purposes of their own, that
 there is "nothing to" the Roosevelt
 movement and that it is composed
 chiefly of noise, but privately they be-
 lieve nothing of the kind. This is part
 of the fight, just as it is part of all
 fights of the kind and almost always
 has been.

Taft leaders in Washington see in
 the determination of the La Follette
 leaders an improvement of the chances
 of their own candidate. On the
 candidacies of Cummins and La Fol-
 lette and the movement for Roose-
 velt they see a hopeless splitting of
 the forces of the opposition. Every-
 thing, they say, conspires to add to
 the certainty that the President will
 be re-nominated unless the one thing
 happens that the Roosevelt move-
 ment becomes a stampede that cannot
 be controlled. The Taft managers do
 not regard this as a probability.

LENA CHAMBERLAIN AND FRANK PORT WED

Miss Lena Chamberlain, daughter
 of Mr. and Mrs. Thomas Chamberlain,
 of Gladstone, who recently returned
 to this city from San Diego, Cal.,
 where she spent five months, was
 married to Frank Port, formerly of
 this city, but now of Milwaukee, Wis.,
 Friday. The ceremony was solemn-
 ized at Mr. Port's parents' home at
 Milwaukee. Mr. Port meeting his wife
 to be at Chicago. The newlyweds have
 gone to New Orleans, where they will
 spend their honeymoon. They will
 live in San Diego.

The bride is one of Oregon City's
 well known young women, and was
 prominent in church work, being an
 active member of the Baptist church,
 and superintendent of the Sunday
 school at Canemah until her health
 failed, which necessitated her going
 to California. She was for some time
 connected with the Y. W. A. store-
 store in this city, and was popular
 among the large number of patrons of
 that store. It was at the Holmes
 store that she met Mr. Port who was
 connected with the establishment for
 several months. He has an interest
 in a clothing house at Milwaukee,
 Wis.

TEACHERS TENDER MISS LEETE LUNCHEON

The teachers of the Barclay school
 Friday gave a luncheon in honor of
 Miss Ruth Leete, who has resigned
 her position with the school to ac-
 cept one with the Portland schools.
 Miss Leete made many friends while
 in the city, who regret to learn that
 she is to leave. Professor A. O. Freel,
 Principal of the school, delivered an
 address in which he praised the work
 of the retiring teacher. Miss Leete
 will receive \$115 monthly in Portland.
 Those attending the luncheon were
 Mrs. Estella Salisbury, Mrs. Jessie
 Hull, Mrs. Ruth Notz, Mrs. Helen
 Grice, Miss Nieta Harding, Miss Irah
 Miley, Miss Ruth Leete and Profes-
 sor A. O. Freel.

RIVER COMPANY TO BE FORMED TODAY

ARTICLES FOR INCORPORATION
 FOR NEW CONCERN ARE
 PREPARED

STEAMERS LANG AND RUTH IN DEAL

B. T. MCBAIN, of Willamette Pulp &
 Paper Company Will Be Man-
 ager of New
 Company

Articles of Incorporation will be
 filed today with the Secretary of
 State, forming the Willamette Trans-
 portation business on the Willamette
 and Columbia rivers. The company,
 it is believed will take over the steam-
 er, N. R. LANG, of the Willamette Pulp
 & Paper Company, and the steamer,
 Ruth, of the O. W. R. & N., negotia-
 tions for the transfer of the Ruth hav-
 ing been completed Friday. The de-
 livery will be made February 20th.

If the government officials will grant
 permission the name of the steamer
 Ruth will be changed at the time of
 transfer of registry to Oregon City.
 This would be a big advertisement
 for the city, and would help the river
 traffic.

It is understood that the new com-
 pany will be controlled by the Willam-
 ette Pulp & Paper Company, and that
 B. T. MCBain will be manager.

The steamers controlled by the
 company will be common carriers, and
 will handle freight to and from all
 points, as decided upon by the officers
 With new free locks, a deep river to
 Portland, terminal rates, and a home
 transportation company, the indus-
 tries at the Falls of the Willamette
 have a great future. The transfer of
 the steamer Ruth will be passed upon
 by the Interstate Commerce Commis-
 sion because of the transferring of
 the tariffs. It is not believed that
 there will be any objection raised to
 the transfer, but it will take some
 time to complete the deal.

SUBMARINE IN CRASH SINKS WITH 14 MEN

PORTSMOUTH, England, Feb. 2.—
 The British submarine "A-3" sank this
 morning, after a collision with the
 British gunboat Hazard off the eastern
 end of the Isle of Wight. Fourteen
 men sank, imprisoned in the subma-
 rine, and were drowned.

The Hazard threw out life buoys
 and launched boats, in case any of the
 men should escape, but none came to
 the surface.

The "A-3" carried a crew of 11 men,
 nine seamen and two officers, and
 three other Lieutenants were on
 board.

The submarine, which went out of
 the harbor this morning to carry out
 a series of diving and torpedo exer-
 cises, sank like a stone immediately
 after her collision with the Hazard
 and the flooding of the craft.

A big escape of gas which was ob-
 served on the surface immediately
 after she sank indicates that the vessel
 quickly filled with water. A cruiser
 stands by the spot where the disaster
 took place.

The submarine lies on the Princess
 Shoal, almost on the same spot where
 the submarine "A-1" was lost with all
 hands, on March 18, 1904.

The Commander-in-Chief of the
 Portsmouth division of the British
 Navy confirms the flooding of the
 "A-3" and the drowning of all the men
 aboard.

British submarines belonging to the
 "A" class have been singularly un-
 fortunate. The "A-2" sank, the vessel
 killed and 12 injured by an explosion
 at Queenstown on February 16, 1905.
 The "A-3" sank off Plymouth on June
 8, 1905, when 14 men out of her crew
 of 18 lost their lives. The "A-4" sank
 during the maneuvers at Portsmouth
 on November 15 of the same year, but
 the whole of her crew were rescued
 with considerable difficulty. The
 "A-11" had seven of her crew badly
 injured by an explosion on August 6,
 1910.

This class of boat is a single screw
 submersible of the modified Holland
 type, with a length of 100 feet and a
 beam of 12 feet eight inches. They
 displace 180 tons. They are
 driven by gasoline motors when on
 the surface of the water and by elec-
 tric motors when submerged. They
 have a surface speed of 12 knots and
 a submerged speed of eight knots.
 The motors develop 500 indicated
 horsepower on the surface and 150
 horsepower when submerged. Their
 armament consists of two torpedo
 tubes.

GLADSTONE FIGHTS AGAINST WIRES

EFFORT WILL BE MADE TO EN-
 JOIN P. R. L. & P.
 COMPANY

COMMERCIAL CLUB IS ORGANIZED

Demand Also Is To Be Made For An-
 other Station in City—Harry
 Williams President of
 Club

A Commercial Club was organized
 Friday night in Gladstone at a meet-
 ing of about forty citizens. A consti-
 tution and by-laws were adopted and
 the following officers were elected:
 President—Harry Williams.
 Vice-President—Charles Hageman.
 Secretary—Chambers Howell.
 Treasurer—Thomas Gault.
 Sergeant-at-Arms—Thomas Burns.

A resolution was adopted urging
 the city council to file suit to en-
 join the Portland Railway, Light & Power
 Company from erecting more feed
 wires in Gladstone. It was announced
 that the company had been erecting
 poorly insulated wires on the old
 poles, which are not of the required
 height. The company has never had
 a franchise to erect wires in Glad-
 stone, it was announced. The first
 wires were put up after the privilege
 of erecting wires for a motor line had
 been obtained from The Gladstone
 Real Estate Association.

The railway company recently asked
 for an exclusive and unlimited fran-
 chise in Gladstone, and that being re-
 fused, has not wired any houses in
 the city since then. It is thought that

ROOSEVELT FAVORS EQUAL SUFFRAGE

COLONEL, HOWEVER, ASSERTS THAT BALLOT IS SECONDARY TO HOME.

INDISCREET LEADERS CRITICIZED

Good And Wise Mother Should Have Right to Vote, Says Ex-President in Outlook.

NEW YORK, Feb. 2.—Theodore Roosevelt, in the current issue of the Outlook, today placed himself squarely before the public as generally favoring woman suffrage. Roosevelt, however, places the ballot as secondary to the home. He says:

"The exercise of suffrage can never be the most important of women's right or duties. Women's vital need is a war against vice, frivolity, cold selfishness and timid shrinking from unnecessary risk and effort. Vice, the folly of men and women, leading to the divorce court or taking shape in the curse of voluntary sterility, are fundamental evils of prime importance.

"I am glad that a good, wise and brave mother should have the ballot. I believe in the movement for woman suffrage, and I believe it will ultimately succeed and justify itself. But I regard it as being of far less consequence than many other movements for betterment of conditions which affect both men and women.

"Perhaps one reason so many men, believing as emphatically as I do in women's full equality, take little interest in the suffrage movement, will be found in the unfortunate actions of certain leaders of the movement. They seem desirous of associating it with disorderly conduct in public, and thoroughly degrading it by vicious assaults on the morality and the duty of women within and without marriage.

"In western states where suffrage has been given to women, I am unable to see that any great difference has been caused, as compared with neighboring states, yet what slight changes there have been are for the better.

"I do not see much difference between Denver and the big cities of the east; yet it is the women of Denver who stand behind Judge Lindsey.

"When I passed through Seattle last spring the city had just finished going through a badly needed housecleaning, and the votes of the women have been a potent factor in securing decent government.

"The same thing is notably true as a result of the recent Los Angeles election."

JUDGE A. B. ANDERSON.

PAPER MAKER BURIED BY GERMAN SOCIETY

The funeral of Frederick William Kefestein, formerly a wealthy paper manufacturer of Germany, who committed suicide by shooting himself in the right temple, was held Friday afternoon at the Holman Undertaking Establishment, the German Verein being in charge. The society defrayed the expenses of the funeral and has aided the son and sister-in-law of Mr. Kefestein. Beautiful floral designs were placed on the grave by members of the Verein. Gustav Schnoor, president of the society, delivered the funeral oration. Among those who attended were R. Petzold, L. A. Noble, Gustav Schnoor, B. M. Klemson and August Buse. The society has obtained a position for young Kefestein at the Hawley Pulp & Paper Mill.

SAYS HUSBAND KEPT DRUNK AFTER WEDDING

Declaring that her husband became intoxicated the day they were married and remained so for twelve days, when she left him, Susie Bishop, of Portland, Friday filed suit for divorce against C. H. Bishop. They were married November 3, 1911, in Portland. The plaintiff says her husband cursed her, and otherwise was cruel to her. She asks that her maiden name, Susie Toole, be restored. The suit was brought by Brownell & Stone.

Aldina Howell filed suit for divorce against William L. Howell. They were married in June, 1903. C. D. and D. C. Latourette represent the plaintiff. The plaintiff alleges that her husband deserted her two months after the marriage ceremony.

HAROLD M. KRAMER LECTURES TONIGHT

Harold Morton Kramer, famous throughout the United States as an author and lecturer, will lecture tonight, under the auspices of the Lyceum Bureau at Woodmen Hall. Although a young man, Mr. Kramer has been on the lecture platform several years, and has a reputation second to no platformist now under engage-
 ment. Before entering the lecture field he was a newspaper man, and became famous in this state through smashing political machines and correcting civic abuses. He served in the Spanish-American war as the head of the first company of soldiers organized in his state. One critic has said of him, "He has become a master in the use of his native tongue."

POULTRY SHOW IS BIG SUCCESS

BUILDING THROUGED ALL DAY AND EXHIBITS ARE FAR ABOVE AVERAGE

PHILHARMONIC BAND IS PRAISED

Success of Enterprise Insures Exhibition Annually—Prominent Men From Portland Attend

One of the finest poultry shows ever held in Oregon began Friday morning at the armory, and will continue until 11 o'clock tonight. Poultry fanciers from five counties were present and there were exhibits from almost all parts of the state. The success of the exhibition, which was arranged by the Publicity Department of the Commercial Club, insures the giving of a similar show annually. More than 600 persons paid admissions to see the chickens and at least twice that many are expected to attend today.

Among the prominent men in attendance were Marquam Bros., of Marquam, who had entries in almost all the classes; J. H. Hall, Newberg, president Yamhill County Poultry Association; B. Lee Paget, Portland banker; C. C. Chapman, secretary Portland Commercial Club; Harvey Beckwith, former president of the Portland Commercial Club. Addresses were made in the evening by Messrs. Hall, Chapman and M. J. Luzzelle, Secretary of the Promotion Department of the Commercial Club, who suggested that a poultry show be given in this city, and made all arrangements for the exhibition.

Mr. Hall declared that there was more enthusiasm, more life and a larger attendance at the show than at a majority of the others given in the state. Mr. Paget was enthusiastic over the success of the enterprise, and declared exhibitions should be held annually. Mr. Chapman lauded the possibilities of Clackamas County and condemned the one idea farmer. He declared the farmers here should raise chickens, berries, fruits, etc., and by all means should rotate their crops. He advised against depending upon horticulture alone. Mr. Beckwith talked in a similar vein.

A trip through Clackamas County illustrated with stereopticon views was the subject of an interesting lecture by Mr. Luzzelle. He graphically described the possibilities for dairying in the county, showing pictures of dairies he visited on the trip. Mr. Luzzelle also showed pictures of various farms and orchards. The lecture will be repeated tonight.

Music was furnished by the Philharmonic band under the leadership of R. V. D. Johnston. The residents of the city, who heard the band for the first time, were amazed at its work, and Mr. Johnston and the players were congratulated heartily. A concert was given in the street before the program was rendered at the poultry show. Another program will be given at the show this evening.

"Dollar," the trained rooster, performed under the direction of Miss Mildred Smith. Chanticleer certainly has his tricks learned to a nicety, and kept the large audience convulsed with laughter while he was on the boards.

Another feature of the evening was the cornet solo by Dr. Clyde Mount. Dr. Mount is the soloist of the Philharmonic band, and those who heard him were reminded of Liberatti in his palmiest days. Dr. Mount will play again this evening. Miss Rose Justin, cashier and ticket seller, was hard put to attend the large crowd that crowded about her office last night. She declared she would demand a rest today.

There will be more poultry judg-

Fish of All Kinds

HARDWARE FIRM RENTS STORE.

Wilson & Cooke Take Lease On Part of Gambrius Building

Wilson & Cooke have leased the store room in the Gambrius Brewing Company's brick building on Main near Sixth, and the store room has been fitted with shelving and cabinets. This room will be used exclusively for hardware, while the old store of the company will be used for farming implements. The rooms used for the farming implements are in the Jaggard building, and have been occupied by Wilson & Cooke for twenty-two years. An archway has been constructed between the two buildings. The office, which is inclosed in glass, will be in the rear, and also in this building will be a large storeroom. The office is 12x12 feet, while the store room is 40x26 feet.

Wunderhose School Days Bring Many Problems

You owe it to your children to see that they are well dressed and comfortable. How can it be done on the least money? Stockings have been the greatest trouble. You know the kind that look well until the first recess. If your boy is the right kind of boy, he plays so fast he forgets all about his stockings. To grow he must play that way. Give him the kind of stockings that take care of themselves—

Wunderhose

Leap-frog, hop-scotch, foot ball, and many other games need have no terrors for the mother who has bought her son Wunderhose. Let him scuffle, slide, jump all over the playground—no strain, no holes, no ravel. These wonderful stockings are made from Wunderhose, Wunderhose, Wunderhose yarns are spun from the largest and toughest cotton fibre known. They are twisted and combed until they have the strength of rope, with the "feel" of silk. Only double threads of Wunderhose—no single ones whatever—are used in Wunderhose. The heels, toes and knees are reinforced, and remember the strength of re-inforcing yarns does not depend on the thickness. That is one of the reasons why the heels and toes of Wunderhose are so soft and pliable and yet so strong. In Wunderhose families the mother helps her children with their socks when other mothers are slaving with the darned needles.
