MANY DYNAMITE BILLS RETURNED

MORE THAN THIRTY LABOR
LEADERS SAID TO HAVE
BEEN INDICTED.

ARRESTS OF MEN TO BE DELAYED

Only Officials With Offices in India-
napolis Thought To Be
Involved—Amounts of
Bonds Fixed.

INDIANAPOLIS, Feb. 6.—Union labor officials and agents, said to number between thirty and forty, whom the Government holds criminally responsible for the McNamara and Orrie E. McManigal for perpetrating more than 100 explosions in cities from Massachusetts to California in the last six years, including the wrecking of the Los Angeles Times building, were indicted today. Thirty-two indictments were returned.

Capiases for arrests have been issued and all the men indicted are to be taken in custody on a day secretly fixed by the government, known to be within a week.

March 12 has been set for the arraignment before Federal Judge Anderson in Indianapolis.

The papers for the arrests designate the amount of bond which the defendants may give in the Federal districts in which they reside for their appearance here. The amounts of the bonds in the individual cases were not made known, but it was said in the aggregate they would total \$300,000.

Although the names of the defendants and their exact number were ordered withheld pending the arrests, it was said probably more than thirty-two, and possibly forty men are accused, inasmuch as more than one defendant was named in the indictments.

Asked if any men "higher up" had been indicted, United States District Attorney Miller refused to say. Intimation came from another source, however, that no officials other than those who had headquarters in Indianapolis are involved.

ARCHITECTURE OF LIBRARIES SCORED

SALEM, Or., Feb. 6.—That the librarians of the country are not altogether pleased with the exterior style of architecture of Carnegie libraries and their interior arrangement as to utility and adaptability for library purposes is signified by the appointment of a committee by the National Association to confer on the subject with the Carnegie Corporation of New York. This is the statement of Miss Cornelia Marvin, secretary of the Oregon State Library Commission, who returned this morning from attending the convention, which was held in Chicago.

"The association did not take a critical attitude toward the Carnegie libraries," said Miss Marvin. "There is considerable room for improvement, however, and from the fact that many of these libraries are proposed for Oregon, I deem the move to be of considerable interest to this state.

"Before this subject was a delicate one, inasmuch as it was also a personal one. Now it is in the hands of the Carnegie Corporation and is no longer personal, and those at the association believed we could take up the question without placing ourselves in such a delicate position as we would have had the question arise when it was entirely personal."

SCHUEBEL NOT SALOON OWNER'S ATTORNEY

G. Schuebel denied Tuesday that he represented the saloonkeeper who was fined \$50 by Mayor Dimick for selling liquor to a minor. Mr. Schuebel did not know the man had been arrested until he arrived at the Mayor's office. He had been summoned to act as an interpreter and was under the impression that his services were to be in connection with the trial of the boy who had patronized the saloon. When the saloonkeeper said that he had sold the liquor to the boy, but thought his patron was of age, Mr. Schuebel said he could not represent the defendant, and advised him to get another attorney. Mr. Schuebel agreeing to remain and act as interpreter, Mr. Schuebel has always taken a leading part in compelling the owners of saloons to observe the law, and draws the line at representing a man charged with an infraction of the law.

FATHER OF RAILING VICTIM TO FILE SUIT

O. F. Platt, father of Paul Platt, eight years of age, who fell under the railing on the Canemah walk, and was drowned in the basin, has engaged Brownell & Stone to file suit against the Portland Railway, Light & Power Company. The little boy was walking along the walk with his mother when he fell under the railing. It will be charged that the railway company which erected the walk and railing was negligent in not having boards on the posts to prevent anyone from falling under the railing. Efforts to find the body have been unavailing, and the mother is almost prostrated over the loss of her child.

Guy Bowman, Seeking Divorce, Al-
leges His Spouse Began
Flirting Soon After
Marriage.

Clackamas county is making a new record in the number of divorces being granted. Hardly a day passes without several decrees being handed down and as many suits for divorce being filed. Circuit Judge Campbell Tuesday granted six decrees and three suits for divorce were filed.

Grace Jossa was awarded a decree from Carlos A. Jossa, cruelly having been alleged. The plaintiff charged that her husband carried with him a paper containing cyanide of potassium, and frequently threatened to commit suicide by swallowing the drug in her presence. She said he did this to harass her. They were married in Colorado City, Col., August 13, 1905. The plaintiff's maiden name, Grace Veima Taylor, was restored.

Caroline Benjamin was granted a decree from Andrew J. Benjamin. They were married June 16, 1906, in Ithaca, N. Y. Cruelty was charged. The plaintiff's maiden name, Caroline Odell DeRemer was restored.

Mirtle L. Berges, who accused her husband of cruelty, was awarded a decree in her suit against Frank L. Berges. She charged that her husband objected to her relations visiting her, and on one occasion when one of her cousins visited them at their home in Portland, he said, "What is the deuce is she here for? It seems you have always got one relative around here." They were married January 1, 1890, in Waterville, Minn. The plaintiff was granted the custody of their child, Hazel, and \$25 a month for maintenance and education of the child.

Olle Wilson was given a divorce from Joseph Wilson, on a charge of cruelty. She was awarded the custody of their child Ruth, and he the custody of their son, Lee. They were married in El Reno, Okla., November 26, 1912.

Charles Peterson was awarded a decree from William P. Souers, and was awarded \$25 a month alimony. They were married in Oregon City September 11, 1901. She charged that her husband threw her out of their home July 27, 1911, and her eyes were "blackened."

Martha J. O'Malley was awarded a decree in her suit against Patrick O'Malley. She alleged cruelty. They were married in Chippawa county, Wis., November 13, 1895.

Alleging that his wife soon after their marriage began flirting with other men Guy Bowman filed suit for divorce against Katherine Bowman. They were married in Oregon City, April 10, 1909. The plaintiff says when he remarried with his wife for flirting she said, "You leave me. I'll do as I please," and ordered him to leave the house.

Hazel Farrell asks a divorce from William J. Farrell on a charge of cruelty. They were married in Hood River, April 25, 1910. The plaintiff seeks the custody of their child, Hazel Irene, and \$15 a month alimony.

John Cooper sued Amanda Cooper for divorce on a charge of desertion. They were married in Port Arthur, Can., November 19, 1904.

HOWELL FUNERAL TO BE HELD TOMORROW

The funeral services over the remains of the late Josiah Howell, the well known Oregon pioneer and Indian War Veteran, who died at his home suddenly at Canemah Monday afternoon at 2 o'clock will be held at the I. O. O. F. Hall, Thursday afternoon at 2 o'clock. The services will be conducted by the I. O. O. F. Lodge, of which Mr. Howell has been a member for many years. He was one of the oldest members in Oregon. The interment will be in the Mountain View Cemetery.

O. W. P. STATION IS BEING OVERHAULED

Extensive repairs are being made to the interior of the O. W. P. building at Third and Main streets, and when completed will add much to the appearance of the structure. R. L. Shepard, traffic manager, and E. Reimke, superintendent of bridge and construction of the company, got the appropriation for the work, which is in charge of William G. Pollock.

The main office, which is 20x22 feet, and the private office, 20x18 feet, will have cement floors. New walls will be built as soon as the flooring is completed. A retaining wall is also being constructed, this being between the O. W. P. building and the building adjoining. As this building is near the ground it was decided that a cement flooring in the various offices would be best.

LIVE WIRES HEAR PLAN EXPLAINED

Action of County Court in Naming
O. E. Freytag Fruit In-
spector Is Given
Approval.

Professor Maris, representing State Superintendent of Schools Alderman, will, with Superintendent of the Clackamas County Schools Gary, today call on various merchants and other public spirited citizens of this city to ask their aid in providing premiums for the contests of school children in agriculture and horticulture and live stock raising. Professor Maris, at the weekly luncheon of the Live Wires Tuesday outlined the plan of the state superintendent, which met with the hearty approval of the commercial organization. The plan is for the children of the schools to exhibit at the county fair and state fair grain, fruit and live stock raised by them.

The Live Wires adopted a resolution introduced by O. D. Eby, endorsing the action of the county court in appointing O. E. Freytag fruit inspector of the county. The resolution follows:

"Whereas, The County Court of Clackamas county Oregon, has recently appointed O. E. Freytag, fruit inspector of said county and state, and,

"Whereas, Said O. E. Freytag has qualified as such inspector and has outlined and already begun a plan of work which, if properly encouraged and carried out, will cause all of the diseased trees and orchards in Oregon City and Clackamas county to be thoroughly sprayed or the trees destroyed, and

"Whereas, We believe that such a plan of work, if properly carried out, and consummated will result in great good and inestimable value to the people of Oregon City and Clackamas county, therefore be it,

"Resolved, By the Live Wires of the Commercial Club of Oregon City that we heartily endorse and commend the plan and work of said fruit inspector and that we call upon all good citizens to assist him in ridding Clackamas county of all diseased trees and that we especially commend his plan of beginning his work in Oregon City and we ask all people in Oregon City owning fruit trees to have the same thoroughly pruned and sprayed that Oregon City may be effectively freed from Clackamas county to effectively destroy the diseases which are now a hindrance to the fruit industry of the county."

The attendance was the largest for several weeks and the members were particularly enthusiastic over the report of M. J. Lazelle that the poultry show paid expenses.

POLICE FRIENDLESS, SAYS CHIEF SLOVER

"A policeman is virtually without a friend," was the declaration made by Chief of Police Slover, of Portland, at a banquet given by the Gladstone Christian Brotherhood Tuesday evening.

"Children are told that if they do not behave the policemen will get them and they grow up to hate the men who patrol the beats. Even in crowds when policemen are protecting the lives of the people the officers are greeted with jeers and cries of derision."

Chief Slover however, thought that people gradually were coming to have more respect for policemen, and eventually the hatred would die entirely. This would eventuate when the citizenship came to a full realization of what the policemen actually do.

"The reform schools do not reform any more than the penitentiaries," said Judge Gatens, another guest of honor. "Good boys occasionally come out of the reform schools as good men occasionally come out of the penitentiaries. But they were good boys and good men when they were sent to these places. I intend to have a bill introduced at the next session of the legislature providing that when children are paroled the records shall be destroyed after a certain time. The records are now kept even for the most trivial offenses, and work a hardship upon the children when they obtain their freedom and try to do right."

Professor L. A. Read, president of the Brotherhood, was the toastmaster. The Aid Society supplied the dinner.

TAX COLLECTION TO START TODAY

VALUATION FOR 1911 SHOWS IN-
CREASE OF \$2,081,424.01
OVER 1910.

TOTAL AMOUNT DUE IS \$646,691.13

Increase in Amounts for State And
Schools Makes Levy Higher
—Early Payers Get
Rebate.

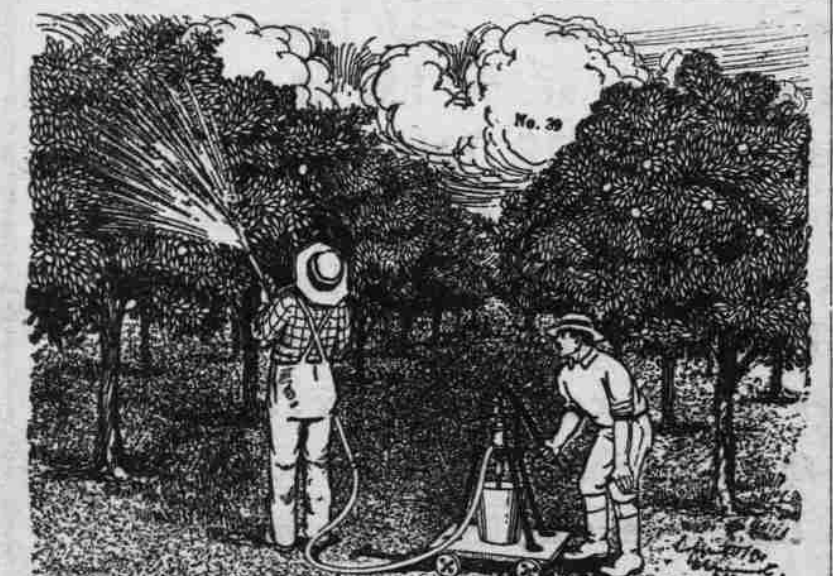

The collection of taxes for 1911 starts this morning and it is expected that the sheriff's office will be crowded all day. The tax roll extension was turned over Tuesday afternoon by County Clerk Mulvey to Sheriff Mass. The valuation is \$26,319,619.53, an increase over the valuation of 1910 of \$2,081,424.01. There is an increase in the amount of taxes of \$147,466.87, the total of the taxes for 1911 being \$646,691.13. Following are the divisions: For state, county roads, schools and libraries, \$460,593.31; special school tax, \$102,790.27; special road tax, \$53,704.51 and for the cities of Oregon City, Gladstone, Oswego, Sandy, Canby, Milwaukie and Estacada, \$29,603.04.

All persons who pay their taxes prior to March 15 will be given a rebate of 3 per cent, and taxes will not be delinquent until the first Monday in April. Persons who elect to pay half of their taxes now and the remainder after the first Monday in April will not be entitled to a rebate, but they will not have to pay a penalty unless the last half is not paid before the first Monday in October. Chief Deputy Sheriff Staats who has been placed in charge of the collection of taxes by Sheriff Mass is ready for the expected rush, and will be able to handle the crowd with celerity. The greater part of the money due will be paid before the rebate period expires, and a large part of the taxes will be paid by checks sent through the mail. Sheriff Mass already has had many inquiries regarding the date when the payments would be accepted.

The levy made by the county court for 1911 is seventeen and one-half mills, an increase of two and one-half mills over the last levy. The increase was caused by the increase in the state and school taxes. The state tax in 1910 was \$46,000, and in 1911 is \$105,000. The school tax in 1910 was \$7 per capita and for 1911 it is \$8 per capita.

DIMICK WON'T SIGN CHIEF'S WARRANT

A lively session of the City Council will be held tonight. Mayor Dimick has announced that he will not sign the voucher for the salary of Chief of Police Shaw for January, and the councilmen who have been fighting to retain Shaw will insist upon the chief being paid. Shaw is the only man against whom an order of dismissal has been issued by the Mayor. Mayor Dimick has announced that he would sign the vouchers of Policemen Green and Cooke, although they were not reappointed by him. It also is expected that he will sign the warrants of Street Commissioner Babcock and City Engineer Noble, orders dismissing them not having been issued by the mayor. The council refused to approve the Mayor's appointees for these officers.

SPRAYING MACHINES

YOU would not plant a field of potatoes unless you cultivate it properly, otherwise you know you could not get a good crop and you would be wasting your ground and your time.

An orchard is only planted once in twenty or thirty years and it is years before you get any returns. Considering the investment of time and ground you must realize the importance of giving it the necessary care.

DID you ever stop to think that the proper care of the orchard would make a bigger difference than the proper care of a field of potatoes, and that it takes less machinery and less work to do it.

COME in and ask us about Lime and Sulphur Spray and Spraying Machines for your fruit trees and see how easy it is to double your fruit crop.
