

## EIGHT GOVERNORS FOR ROOSEVELT

EXECUTIVES OF STATES SAY HE CAN DRAW INDEPENDENT VOTE.

### BOOM STARTED FOR EX-PRESIDENT

Colonel They Declare, Can Unite Elements in Party And Make Victory Certain—Primary Favored.

CHICAGO, Feb. 10.—Eight Governors and delegates from twenty-eight states met today, and in an informal conference organized a permanent committee to push the candidacy of Theodore Roosevelt for President. The Governors, after an executive conference by themselves addressed a letter to Colonel Roosevelt asking that he let it become known that a demand from the people that he accept the nomination would not be unheeded.

The permanent organization of the committee which will carry the Roosevelt fight to the convention is as follows: Chairman, Alexander H. Revell; vice-chairman, Edward J. Brundage; secretary, Edwin W. Sims; treasurer, Dwight Lawrence.

Delegates from the different states states told of work already done toward the promotion of the Roosevelt candidacy. Governor Osborn, of Michigan, and ex-Governor Fort, of New Jersey, described plans of campaign nearly completed.

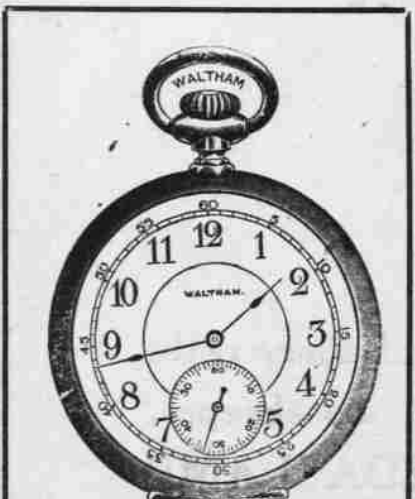

The meeting without disagreement and the resolutions adopted declared: "All are agreed Theodore Roosevelt is the one man who can, at this time unite all elements of the party and attract a large number of independent voters."

The Governors declared for the primary.

ST. LOUIS, Feb. 10.—An adjustment of the differences of Speaker Clark and ex-Governor Folk, by which Folk virtually eliminates himself from the race for the Democratic nomination for President, was reached today, after a long-distance conversation by telephone between the speaker to Washington and the ex-Governor in St. Louis.

## BIG CONTEST FOR AUTO STARTS SOON

INTEREST ALREADY KEEN IN RACE FOR UP-TO-DATE FORD MACHINE.

### MEN HAVE SAME CHANCE AS WOMEN

Persons in All Parts of County Eligible in Great Contest—One Blank For Each Entrant.

Just one week from tomorrow, Monday, February 19, the Grand Automobile Contest of the Weekly and Daily Enterprise will start. Ever since the preliminary announcements a short time ago the office has been besieged by scores of interested persons who wanted to know all about this big contest, and how they are to win the royal prize. At last everything is about ready and we know of a goodly number who are waiting until the 19th so they can get to work. As announced in the Enterprise is going to make this contest the most interesting one that was ever held in Clackamas county or in fact the whole state of Oregon. After long and careful consideration as to what one thing is desired by the greatest number of people regardless of their age, sex, or business, an automobile was the unanimous choice of those interested in the matter. And who will not say that their decision was a wise one? An up to date, reliable car is still out of the reach of the most of us, but there is there a man, woman, boy or girl in the whole county who does not wish that they owned a machine, of some kind.

After it was decided to give one grand prize worth while and an automobile was decided upon, the next important thing to be settled was the choice of machine. After several weeks of careful investigation as to the merits of different makes, their speed, mechanism, appearance, and records of durability, the new 1912 four-door Ford Automobile was the one selected. It may be that the great local popularity of the Ford had something to do with the choice, as its strength, durability and adaptability to get around on these Clackamas country roads is well known. There are an astonishing number of Fords all over the county and the surprising part of this fact is that the majority of the owners are men who can afford the machine they want regardless of the price. So with all this in mind the Contest Managers feel that they have struck the right thing in presenting this make as the prize.

With this question solved the next problem was to arrange this contest so that all will have an equal chance. All during the other contest which was held last summer, there were a number of men and boys who expressed regret that they were not allowed to enter the contest along with those of the gentler sex. This time we want to give all an equal chance and no restriction as to sex, age, occupation, etc. is cast off. In other words there are no restrictions at all. You can enter the race, your friends can also enter, and possibly some people you do not like will enter. Every one has an equal chance; there will be no favorites and it is simply up to the candidates themselves. It is a case of the "other fellow," whether it be woman, boy or girl.

It makes no difference in which part of the county you reside. It matters nothing to us what your business is, or where you start to work or where you finish. The results are what count and the candidate with the biggest count on the last day will win the Ford. And the person who next June first takes a brand new 1912 Ford Automobile from the Elliott Garage will have fairly won the prize.

In this Grand Contest it is votes that count. The way to get votes is to go out among your friends and get them to subscribe to the Daily or Weekly Enterprise. Or you will find that very often you will do better when you go to people you don't know. In any event it is a business proposition. You are not asking them any special favor because, sooner or later they will want the paper anyhow. It is just like selling something, just as a merchant has his wares to sell, you have something to sell. You are selling the only daily paper of the county that covers the news as the Enterprise does. You will be offering a man a dollar's worth of news for a dollar, the same as any merchant will offer a dollar's worth of his wares for a dollar. So in starting out in this contest you must have in mind that you are in business, you have something to sell, and for which you have a very reasonable price. You are selling something that other people find they must have. It is one of the necessities of life, the business of the world demands it and it is something that ought to be found in every home. On the last page of the paper you will find the voting schedule which shows how many votes you will get for obtaining the subscriptions. Every subscription that is turned in is worth some votes, of course the longer the subscription the more votes it is worth. But for every effort that is made and a subscription taken, whether it be for six months or six years, every subscription is worth votes. And as said before, it is votes that count.

It will be a very simple matter to enter the contest. In next Tuesday's paper and for every morning for a few days will appear a nomination blank. All you will have to do will be to get some friend to clip the blank, fill in your name and then you

## 40 TO TESTIFY IN HILL MURDER CASE

GRAND JURY PROBE OF TRAGEDY AT ARDENWALD HARDLY BEGUN.

### PROGRESS SLOW IN INVESTIGATION

Large Number of Witnesses Live in Portland—Attempt Made To Fix Crime On Nathan B. Harvey.

The investigation of the Hill murder at Ardenwald Station was continued Saturday by the grand jury. About ten witnesses were examined. Subpoenas have been issued for more than forty witnesses to appear against Nathan B. Harvey, before the county inquisitors. Many have and will come from Portland. Most of them will tell of Harvey's movements in Portland on the evening of the midnight quadruple murder.

Other witnesses come from Milwaukee and Ardenwald. Through some of the state hopes to prove that Harvey's reputation was unclean as to his attitude toward women; through others that Harvey, detaining at Ardenwald from the "owl" interurban from Portland on the night of the murder, waited in the shadow of the station house until other passengers had gone ahead; and further, through others, that Harvey, on his way home, must have passed first, by the cabin from which the Hill murderer took the ax with which the heads of the four were crushed, and, second, by the Hill cabin at about the time of the crime—12:48 a. m.

Whether Jay Bowerman or W. H. Abel, the Portland attorneys with whom Harvey, before he was directly under suspicion, says he made a \$20,000 contract "through fright," to defend him in case of his arrest, will be called to appear could not definitely be learned. Both Sheriff Mass and Detective L. L. Levings, of Portland, acting for the state, were mute on this subject.

Eastman, Mrs. Fred Greenman, Miss Marjorie Caufield, Miss Fannie Porter, Miss Kate Porter and Miss Emilie O'Malley. The prizes were won by Mrs. Rand and Miss Fannie Porter.

## MAYOR IS SCORED BY CITY COUNCIL

RESOLUTION ADOPTED URGING THAT CONTROVERSY BE REFERRED TO PEOPLE.

### ACCUSERS TO MAKE WRITTEN CHARGE

Meeting Is Called For Tuesday Night To Have Charges Thoroughly Threshed Out.

WHEREAS, the honorable Mayor or has undertaken, for a third time, to appoint Charles Burns, Chief of Police of Oregon City after the council had, for the second time, refused to confirm such appointment, and

WHEREAS, The Mayor has undertaken, without sufficient or any cause, to dismis E. L. Shaw, one of the most capable and faithful chiefs the city has ever had, and

WHEREAS, The Council, having only the best interests of the city at heart and believing that the peace, the good order and the good name of the city depend largely upon an active, efficient and incorruptible police department, and believing that public sentiment is with the Council on this important question, therefore

BE IT RESOLVED, That we hereby condemn the action of the Mayor as being unwise, unpatriotic and against the good order and best interests of the city and especially do we condemn the Mayor in his conduct in making the said appointment for the third time and in giving instructions to the said appointee to assume the duties of said office, as not only disrespectful to the Council, but in utter disregard of the wishes of a large majority of the people of this city, if not illegal and contrary to his oath of office, and

BE IT FURTHER RESOLVED, That we urge upon the Hon. Mayor the propriety of retaining in office the said E. L. Shaw, who is deservedly popular and who has proven himself to be an active, efficient and trustworthy chief, and in case there is any doubt in the mind of the Mayor as to public sentiment, then we urge that the Mayor submit the matter directly to the people of this city for determination.

With an undetermined wrangle as to whether the charges that were made at Wednesday night's meeting of the council against Night Officers S. R. Green and D. E. Frost should be presented in writing, the City Council, after a heated meeting Saturday afternoon, adjourned, with the suggestion of Mayor Dimick that another special session be held next Tuesday night to give the accusers of the two policemen an opportunity to frame a written complaint. F. J. Toose, chairman of the Council Committee on Health and Police, said after the meeting that he would file no written charges unless a written charge was also made against Chief of Police Shaw and Officer Cooke, as it appears from the statements of Councilman Toose that Green and Frost were found to be derelict in their duties only after his committee had made some investigations upon reports emanating from Officer Frost to the effect that Shaw and Cooke were not doing their work satisfactorily.

When the council convened, Mayor Dimick announced that the meeting
