

ATHLETIC BENEFIT IS GREAT SUCCESS

The entertainment for the benefit of the Athletic Association of the High School at the Grand Theatre Tuesday night was a decided success. Besides the regular high class motion pictures that are regularly shown three big stunts were given by the pupils. The Boys' Club gave several selections and two choruses were sung.

The committee which made this entertainment possible is composed of Edith Aldredge, Marie Sheahan, Arthur Farr and Joseph Hedges. Hundreds of persons waited at the doors of the theatre in the evening more than an hour before they were admitted because of the large crowd. J. Levitt donated the costumes for the pupils. The entertainment was the most successful ever given by the High School.

BOY SCOUT WORK IS TO BE GIVEN IMPETUS

The Boy Scouts entertained their girl friends in the social room of the Congregational church Monday evening. The entertainment committee, headed by Shelby Shaver, had prepared a program of games for the diversion of their guests and also had ready tastefully decorated tables set for the company with place cards for each person. Ice cream, cake and candy were served with a free hand.

About thirty-five were present, including Scoutmaster Cadell and Mr. and Mrs. Edwards as especially invited guests. The rooms were decorated in a way that did credit to the boys and the music provided by the girls added to the evening's pleasure.

The Scouts, under the charge of R. N. Cadell are making fine progress. They now have two patrols of eight members each, the Stags and Orals. Their weekly meetings are devoted to business, initiations, gymnastic work and examinations in their attainments for higher grade scouting, such as telegraphy, wig-wagging, aid to injured, and campcraft.

Dr. William C. Schultze has kindly given his services several evenings at his office in teaching first aid to the injured. Messrs. Robert Warner, Edwards, Legler and others have given lessons in gymnastics. The steady work of the organization has been maintained, however, by the careful attention of Mr. Cadell who the boys believe to be an ideal scoutmaster and who neglects nothing that makes for their welfare. A summer camp last summer has given experience and zeal for a similar outing the coming season. The patrols sent several delegates to the Boys' Conference at Corvallis this winter and learned much from the best that is being done by boys in the state.

The trustees of the church realizing the quality of the work being done by the Scouts and the need of better quarters for the boys and young men of the congregation are now enlarg-

ing the rooms in the basement to make one large room 46x60 feet, suitable for gymnastic work and games.

It is planned to have a handball court and also to make the room available for social purposes. A fireplace is contemplated for a council fire for the Scouts and as an attractive feature for social functions. Parallel bars, a horizontal bar, rings and boxing gloves are already in use and other apparatus is needed.

A young men's club is advocated by the pastor to enjoy the improved facilities and extend the social usefulness of the church.

PRICE OF POTATOES BEING MANIPULATED

That the price of potatoes is being manipulated in order that California speculators can unload at handsome profits is now the general opinion of the trade.

Within the space of a half dozen weeks there has not been the slightest improvement in the demand for California prices at San Francisco remaining unchanged at \$1.60 to \$1.85 for Oregon Burbanks.

The earliness of the season is causing much concern to speculators although they are hiding this from producers. With new potatoes already being offered in carload lots by Florida growers it will not take long before business at Middle West centers will no longer be offered to the Pacific Coast trade.

While there remains a very good demand for Oregon and Idaho potatoes in the Middle West, prices seem to be lower than generally anticipated. The following circular was received from a Kansas City house:

"The colder weather has created a decidedly active tone to the potato market. Arrivals are much smaller and we must get our supplies from your state. The shipments of Kansas and Missouri Valley are over, and shippers with dealers are holding for higher prices at loading points.

"Our market is higher than last week. We now want all kinds and all good sorted qualities of potatoes, straight and mixed cars. Keep your eye on this market, best prices are realized here. We have inquiries from Kansas, Missouri and Oklahoma want-

ing to buy car lots.

"We must have free shipments all season, prices are better and we can report an active demand with an upward tendency in prices. We want Colorado, Utah, Wyoming, Idaho and Montana to send up their potatoes. We are selling mixed large, white, bright, clean, smooth Burbanks, Rurals, Russett Burbanks, Snowflakes, Peerless, Champions, Green Mountain, Blooming Whites, and Mill Prize at \$1.75 to \$1.90 per cental, sacked."

The freight rate on potatoes from Eastern Oregon and Idaho points to the Missouri river is 65c per cental, and from Western Oregon 75c per cental. The same rate applies to some points in Arizona and Texas.

Prevailing Oregon City prices are as follows:

DRIED FRUITS—(Buying)—Prunes on basis of 6 1-4 pounds for 45-50's.
