**DEMAND FOR SEED POTATOES IMPROVES**

There is a good local demand for seed potatoes and Early Rose are commanding an improved sale. Stocks of Early Rose in this section are not heavy and prices are rather firm, although unchanged.

American Wonder shipments to the south have been so liberal this season that it is now stated that not enough stock remains for home seeding. On this account there is a much firmer tone to prices and a sharp advance is generally being quoted.

Purchases of American Wonders for seed at country points are reported around \$1.40 per cental by local buyers, but according to leading interests so few lots remain of this variety that quotations are nominal. Even the seed houses are said to retain very scant supplies of American Wonders and they have recently boosted the price to the highest figure in recent years.
