NEW RECORD IS MADE ONION SHIPMENTS

The greatest shipments of onions ever made to the outside are now go-ing forward from Willamette Valley points. Not only is the demand the greatest ever known, but stocks available for the trade are the smallest noted at this period of the year during recent seasons.
Sales as a rule are already being

made above the \$2.25 minimum f. o. b. country points, made by the Confederated Onion Growers' Association. Therefore it is quite likely that at the meeting of the organization this afternoon the f. o. b. minimum will be advanced to at least \$2.50.

The demand for onions is coming

from all sections of the United States, but it cannot be filled, owing to the limited amount available. Less stocks The liverystable owners of the city of onions are held in the Willamette met with the committee on health and Valley this year than ever before
