Sixty electrical students in Delaware protest that their examinations are made too hard. They might get back at the professors by asking the single question: What is electricity?

As soon as England and Germany begin to talk over the situation in a reasonable way both seem to discover that there is no occasion to quarrel.

Every time the Democrats get a taste of power their first exhibition of it is in the direction of crippling the army. A crippled army means a crippled country.

Those who are criticizing "the law's delay" in America will be pained to observe that the Camorrist trial is still on in Italy.

PLAN TO DREDGE RIVER APPROVED

(Continued from page 1)

tee will be approved by Congress and the Senate, and that the work of dredging the river will be started the coming summer. The telegram received by Mr. McBain follows:

"Rivers and Harbors Committee adopts project for improvement of Willamette River between Oregon City and Portland and makes appropriation recommended by engineers." Mr. McBain said that the plan called for a channel 250 feet wide, and that the appropriation recommended for the work was \$30,000. Mr. Hawley introduced the bill providing for the improvement.

"Because of the proposed dredging of the river," said Mr. McBain, "it will be necessary when the locks are remodeled to install another one at the north end. The dredging of the river will make the water three feet lower at Oregon City and another lock will be required to overcome this."

Mr. McBain has no doubt that the appropriation will be approved by the present Congress and the work will be started this summer.

Our Imperative Need—Big Men Who Can Lead

By JOHN M. GLENN, Secretary of the Illinois Manufacturers' Association

HERE IS AN IMPERATIVE NEED FOR LEADERS WHO ARE BIG ENOUGH TO LEAD IN BOTH THE INDUSTRIAL AND POLITICAL LIFE OF THE NATION.

Business men will follow the captain of industry in whom they have confidence, just as the general public will follow a statesman who has the COURAGE OF HIS CONVICTIONS and wants to do the thing that will help humanity.

The trouble with the railroads in the recent rate controversy was that the public had LOST CONFIDENCE in the management. We are not anxious to have the government regulate our business, and we do not like to have the government regulate the railroads except in so far as it is absolutely necessary. But why did the government step in? Will it not step in as to industries if we do not deal with the public and each other FAIRLY?

The real issue in the rate controversy never came out, and the less said about it the better. The railroads are like the banks and every other business in this respect, and that is, they will have trouble with their finances when confidence is destroyed.

ESTACADA WINS FROM PARKPLACE, 29 TO 27

One of the most exciting and best games of basketball ever played in Parkplace was played in High School auditorium Friday evening when the Estacada High School girls' team and boys' team played the two teams from Parkplace. Many went from this city. The result of the game was 27 to 29 in favor of Estacada boys, and 7 to 17 in favor of Parkplace girls. The following was the lineup: Estacada Parkplace Boys. Evans Ben Rivers Graham C. Fred Lucas Morton R. F. Kenneth Hendricks Woodie L. F. Gus Rivers Fellows L. G. Wintfred Knight Estacada Girls. Parkplace Girls. Rachel Reed Martha Preuschoff Lena Harkenrider Amy Peckover Ruth Callif Ruth Hudson Dorris Lovell Ruth Peckover Ethel Tracy Maude Ralston

Woodie is captain of the Estacada boys' team, and Miss Lena Harkenrider is captain of the girls' team, while Professor H. M. James, superintendent of the Estacada High School is manager of both teams from that place. Of the Parkplace High School boys' team Kenneth Hendricks is captain and Ben Rivers, manager, and of the girls' team Amy Peckover is manager and Ruth Hudson is captain. The Estacada High Schools boys' team is the champion team of Clackamas county and will play the Woodburn High School at the auditorium in Estacada next Friday evening. The Estacada team has defeated St. Johns' High School team twice; Gresham, Springfield, Parkplace two times. The teams of Gresham and of Springfield outweighed the Estacada boys about twenty-five pounds to the man.

FINE PROGRAM IS GIVEN BY PUPILS

An important meeting was held at the West Side school house Saturday. The meeting began at 11 and closed at 4 o'clock. At noon the women of the community served a delicious dinner which was enjoyed by more than 100 teachers, parents and children. The morning session was devoted to the informal consideration of matters belonging to the public school, and to an address by Professor George Thompson, of Jennings Lodge, upon "How to Interest Boys and Girls in their Surroundings." In the afternoon pupils of the West Side and Bolton schools gave an interesting program of drills, songs and speeches. F. J. Toose delivered an able address upon "Development of Character." Mrs. Thompson, of Jennings Lodge, president of Mothers, spoke upon the need of organizing the Parent-Teachers' Association.

PORTLAND LAWYER IS OUT FOR LEGISLATURE

David E. Lofgren, a Portland lawyer, and one of the promoters of a colonizing tract of 12,000 acres in Clackamas county, Saturday announced his candidacy for the Republican nomination for joint representative from Clackamas and Multnomah counties. W. H. Chatton, also of Portland, who served in the House at the last session of the Legislature, also is a candidate for the nomination. Mr. Lofgren favors Statement No. 1 and the building of roads. He also advocates the establishment of a state system of weights and measures and the inspections of all scales and measures at frequent intervals.

"I shall, if elected," said Mr. Lofgren, "advocate an act providing for state inspection of corporate assets. No corporation should be allowed to sell stocks or securities unless licensed by the state and they should be actual assets. I favor limiting appeals to the Superior Court to cases involving amounts of more than \$250. This would enable the court which is now eighteen months behind to soon catch up without the election of more judges."

The Enterprise automobile contest is the most popular thing ever pulled off in the Willamette Valley.

LAST CAR LEAVES FOR OREGON CITY AT MIDNIGHT

HEILIG THEATRE.

"Get Rich Quick Wallingford" Will Be Presented.

At the Heilig theatre for four nights, beginning Sunday evening, February 25, and including a special price matinee on Wednesday, playgoers of Portland and the surrounding country will have an opportunity to see a play that has been heralded from Coast to Coast and from the Lakes to the Gulf as the biggest, brightest and best comedy ever presented on the American stage. This is George M. Cohan's brilliant success, "Get Rich Quick Wallingford," made into play form from the popular magazine stories by George Randolph Chester. Mr. Cohan took some of the principal incidents from the career of this master of crooked finance, J. Rufus Wallingford, and his pal and co-worker, Blackie Daw, and has made them into a play which for hearty laughter and tense interest is without an equal on the American stage. It broke every record for a comedy in New York by running there for two seasons and in Chicago it repeated its record-smashing tactics by remaining at the Olympic Theatre for an entire year. From there the entire company, production and every detail complete, has been sent to the Coast, and people who see the play performed at the Heilig theatre the coming week, will see it produced in identically the same manner, with the same cast and beautiful scenic effects, that marked its success in the East. "Wallingford" has just finished a notable engagement in San Francisco—an engagement remarkable for the huge audiences, uncontrolled laughter and hearty applause. Many Portland people saw the play in the East, or more recently in San Francisco, and they have all returned with high praise for this George M. Cohan comedy.

When Mr. Hill had this play in mind he toured the entire country in an endeavor to select players for the characters of Mutt and Jeff. There is an interesting plot and during the play there is a lot of droll saying and musical numbers introduced, and the characters of Mutt and Jeff are said to keep the audience in an uproar from the rise to the fall of the final curtain. The play is so full of laugh provoking situations that when Mr. Hill had the musical comedy written around these two funny characters, the author himself could not keep from laughing, having the two principal characters in mind all the time he was at work on the play. The costumes for "Mutt & Jeff" company are the most elaborate ever designed and were turned out in Paris. The scenery, which requires two sixty-foot cars for its transportation, was built by the art studios and painted by the Lee-Lash studio at a great expense. In fact, nothing has been left undone to make this play the banner attraction of the season, and Mr. Hill believes in it he will give the public the best scenic and costume play ever presented. Mr. Hill has spent in putting on this play at least \$75,000. The play was constructed for laughing purposes. The music is all new, original and up to date.
