ERECTION OF CONCRETE WALL WILL NOT NITERFERE WITH NAVIGATION.

ENGINEER THOMSEN SUGGESTS PLAN

Expert Declares It is Possible to Make Big Improvements Here Without Resorting to Drainage.

E. Burstem Thomsen, assistant engineer in the district presided over by Major McIndoe, Corps of Engineers U. S. A., has hinted that it may be possible to construct the 1200-foot concrete wall that will divide the Willamette River locks, at Oregon City, from the property of the Portland Railway, Light & Power Company, without closing the plant to navigation.

The undertaking will be a large one, as the wall is to have a height of about 20 feet, and when completed will form one side of a flume or mill-race that is used by the plants at the falls.

It was first thought that the locks and canal would have to be drained so as to permit the construction of the wall and that the project would be undertaken during the low water periods, but Mr. Thomsen is hopeful that the scheme can be carried through with water in the canal.

The proximity of the canal and the flume now causes a strong current, as the wall between them is not as high as the one proposed, but with the completion of the improvement it is said the water in the canal will be still and besides making it possible for steamers to be locked through at all times without the necessity of being "lined," the absence of current and the expeditious operation of the gates will reduce the average time from 45 minutes to 35 minutes, and possibly to half an hour.

Tomorrow marks the opening of the third week in the Enterprise Automobile race and the starting of another special contest. This, the second of a series of ten day contests, closes March 15 and the contestant getting the most votes between tomorrow and March 15 will receive a \$15 merchandise certificate. The previous standings of the different contestants will have no bearing upon the result of this special contest as each entrant starts out tomorrow morning on the same footing with all others.

From all sides there are assurances that if the ten days to come, Sheahan, who had a walk-over in the last special contest, will have to "hustle some" to keep his position at the top of the list. Judging from indications Miss Ruby McCord will give "Joe" a fast run for the prize this time. Miss McCord is a very popular girl and this, coupled with her determination to win, makes her formidable. Her friends are supporting her with vigor and vim and declare she will eventually win the big touring car.

The Molalla county has been heard from and no doubt that section of Clackamas County will be represented by numerous entrants before the week is over. Some of those already in the race declare it is easier to obtain subscriptions from the farmers than from the city folk and if this is true, the contestants from the outside districts will have no trouble in forcing their way to the top of the list.

While every vote cast between now and June helps, yet the special contests are receiving much deserved attention. Some persons who simply cannot find time to stay in the race for the big prize, are in the game to win one or more of the special prizes, which are awarded every ten days. While everyone realizes that these special prizes are worth a little work required, no one appreciates this fact more than the winners. Sheahan, the winner Saturday appeared on the streets with several new articles of wearing apparel which he obtained at the L. Adams Department Store.

Votes are what count and votes are given for every subscription to the Weekly or Daily Enterprise. These subscriptions may be new ones or renewals, and the new subscriptions may begin at any time and the subscriptions of present subscribers extended. Of course the long term subscription is worth more votes than the short term ones, but every subscription has its relative value in votes.

There is still time and room for a few more to get into the game. Any person living in the county is eligible to enter, and the sending in of one subscription will place any name on the list of candidates. The Enterprise presents the opportunity to you, or to any one, to win a new fore-door Ford touring car absolutely free. There are no strings whatever to the offer. The big car goes to the person having the most votes June 1. Votes are issued for subscriptions to the Enterprise and it is simply a matter of getting subscribers. Your ability can only be measured by what you WILL DO and you have the same chance as any other entrant.

Right now is the time to enter your name. Come in and talk it over with the Contest Manager or write to him for particulars. But don't delay—the longer you wait the harder it will be to catch up with the leaders.

Couple Gets License. A marriage license was issued Saturday to Anna Elvina Edwards and James King Byron.

FISHERMEN MAY FIGHT COMMISSION

ORDER CLOSING RIVER AGAINST THEM MARCH 1 IS CALLED ARBITRARY.

TEST CASE IS BEING CONSIDERED

Law Provides That Closed Season Shall Begin March 15—Three Deputies Are Sent Here.

The fishermen of Oregon City and vicinity may test in the courts the order of the Fish and Game Commission closing the Willamette and Clackamas Rivers against net fishing March 1. The order does not prohibit angling for salmon and it is reported that when the water becomes clear enough to fish with line and spoon the net fishermen will demand that they be allowed to operate. In case they are refused one or two probably will violate the order in order to establish the test case.

According to the net fishermen, the law provides that the closed season here shall begin March 15, and the commission acted arbitrarily in closing the stream against them March 1. Fearing that the fishermen would ignore the order, the commission has sent Chief Deputy Warden Rathbun and Deputies Mitchell and Powell, of Portland, here in a patrol boat. H. W. Trembath, the deputy who has been stationed here, has been given a leave of absence, because he was well known to the fishermen, and it was feared they could elude him. It is thought the other deputies, being comparative strangers to the fishermen, will have better success.

The fish and game commission in issuing the order starting the closed season March 1, gave as a reason for the change the recent stocking of the rivers with salmon, and said the action was necessary for the protection of the young fish. A friend of the fishermen said that there would be no wholesale violation of the order, and, if violated at all, it would be for the purpose of having the order tested.

How strong are you going in the support of your candidate in the Enterprise automobile contest?

M. H. Evans from N. B. Evans; Cecilia Halverson from Harry B. Halverson; Myrtle Nusbaum from John Nusbaum; Maude Juchemich from Herbert Juchemich, and Maude Bosworth from Ernest Bosworth. Mrs. Bosworth was allowed \$35 a month alimony.

The Enterprise automobile contest is the most popular thing ever pulled off in the Willamette Valley.

BIG TAFT RALLY BEING PLANNED

CLACKAMAS COUNTY REPUBLICANS TO MEET AT SHIVELY'S OPERA HOUSE.

PROMINENT MEN PROMISE TO AID

Friends of Colonel Roosevelt Say This is No Time for Ex-President to Become a Candidate.

Leading Republicans of Oregon City and vicinity are planning a big rally in the interest of President Taft's candidacy for re-election. The rally probably will be held at Shively's opera house next Saturday afternoon, but the date has not been definitely decided upon. The intention is to invite the Republicans of Clackamas County generally to join with the Oregon City workers for the interest of the party and organize to carry on a campaign for Mr. Taft in this county. It is planned to have prominent speakers from outside of the county at the rally, and after the speaking to organize a committee for the purpose of promoting the interests of President Taft in a systematic manner.

(W. H. TAFT)

While it is apparent that the sentiment in Clackamas County is favorable to Mr. Taft, it is considered a wise policy to organize, and bring out the full strength. Even among the Republicans who are friendly to Colonel Roosevelt, the opinion prevails that the ex-president should not be a candidate at this time. They argue that Taft, having made an excellent record as president, deserves to be given a second term, and that a change at this time would lead to confusion with no reason or explanation why it should be done.

Among the prominent Republicans who have been interviewed and will take an active part in the meeting are J. F. Albright, E. L. Johnson, M. E. Dunn, William Sheahan, W. A. Huntley, C. G. Huntley, B. T. McEain, Dr. Hugh Mount, Gordon E. Hayes, George C. Brownell, Col. C. H. Dye, Dr. Clyde Mount, H. E. Cross, Dr. Guy Mount, W. H. Mulvey, J. C. Bradley, Frank Jagger, J. D. Ritter, R. S. McLaughlin, J. T. Apperson, W. R. Logus, W. M. Stone and W. J. Wilson. These men will take an active interest in the campaign for Mr. Taft, and while Chairman Stupp, of the County Central Committee, is taking no active part in the organization of the committee, it is known that he favors Mr. Taft for president and will not consider anyone else for that office before the primary. That Clackamas County will go overwhelmingly for Mr. Taft is assured, his supporters here declare.

Attorney for Defendant Demands Evidence On Which Indictment Was Brought Against Attorney.

LOS ANGELES, March 2.—The jury bribery indictments against Clarence S. Darrow, former chief counsel for the McNamara brothers, became so enmeshed in legal tangles today that, according to attorneys, there is a possibility that all charges may be dismissed. The complications arose when Attorney Earl Rogers, representing Darrow, refused to accept fragmentary notes of testimony as a compliance with a court order that the District Attorney supply the defense with a full transcript of the evidence on which the grand jury had indicted Darrow.

COLONEL HOFER CREATES SENTIMENT FOR "MADE IN OREGON GOODS."

BIG MEETING TO BE HELD TUESDAY

Many Who Attend Portland Banquet Will Wear Clothing Made by Oregon City Woolen Mill.

Colonel E. Hofer, editor of the Capital Journal of Salem, was in the city Saturday in the interest of the big meeting of the Manufacturers' Association to be held at the Multnomah Hotel in Portland Tuesday night. Colonel Hofer called upon the officials of the factories and the merchants here, and found them in accord with the movement to have the citizens favor "made in Oregon" goods when making purchases. As a result of the campaign in favor of the products of the state, the Oregon City Manufacturing Company has sold to a tailor in Portland \$2000 worth of cloth, and many of the products of the state.
