TEXAS BUYERS CANCEL ORDERS FOR POTATOES

Orders for potatoes are being cancelled by Texas buyers and local buyers are wondering where they are at. While speculators are said to be nominally quoting extra choice potatoes as high as \$1.40, and even \$1.50 at Willamette valley stations, this price is not obtainable for shipment elsewhere. Even those who are naming these prices are unable to say why they are doing it.

Growers are thoroughly convinced at this time that they are going to get 2c a pound for their potatoes and they are not willing to talk business under that figure.

During the past 24 hours orders for at least seven carloads of potatoes were cancelled here by Texas buyers because they said that they were able to purchase stocks in California at 10c less than they had offered and paid local parties.

This would give still another twist to the situation for quotations are actually higher in the south, although it is quite possible that they are naming high figures simply as a blind to induce tighter holding here, while in reality they may be selling for less money. The purchase of a carload or two of potatoes in a district at a higher price is always sufficient to cause growers to hold for this figure and the extra amount is not great if speculators have much stock on hand to unload.

Prevailing Oregon City prices are as follows:

DRIED FRUITS—(Buying)—Prunes on basis of 6 1/4 pounds for 45-50's. Fruits, Vegetables.

HIDES—(Buying)—Green hides, 7c to 9c; salted, 5 to 6c; dry hides, 12c to 14c; sheep pelts, 25c to 75c each.

Hay, Grain, Feed.

HAY—(Buying)—Timothy, \$12 to \$15; clover, \$8 to \$9; oat hay, best, \$9 to \$10; mixed, \$9 to \$12; alfalfa, \$15 to \$16.50.

OATS—(Buying)—Gray \$30; wheat, \$23 to \$29; oil meal, selling \$53; Shady Brook dairy feed, selling \$1.25 100 pounds.

FEED—(Selling)—Shorts, \$26; bran \$25; rolling barley, \$39; process barley, \$40.

FLOUR—\$4.50 to \$5.25.

Butter, Poultry, Eggs.

POULTRY—(Buying)—Hens 11c to 12c; spring, 10c to 11c, and roosters 8c.

Butter—(Buy)—Ordinary country butter, 25c to 30c; fancy dairy, 40c.

EGGS—Oregon ranch eggs, 20c.

SACK VEGETABLES—Carrots, \$1.25 to \$1.50 per sack; parsnips, \$1.25 to \$1.50; turnips, \$1.25 to \$1.50; beets, \$1.50.

POTATOES—Best buying 85c to \$1.10 per hundred.

ONIONS—Oregon, \$1.25 to \$1.50 per hundred; Australian, \$2 per hundred. Livestock, Meats.

BEEF—(Live weight)—Steers, 5c and 5 1/2; cows, 4 1/2c; bulls, 3 1/2c.

PORK—(Live weight)—bring from 8c to 13c, according to grade.

MUTTON—Sheep, 3c and 3 1/2c; lambs, 4c and 5c.

Studebaker Automobiles are Built on Honor

A quiet advertisement to men who think.

E. M. F. "30" Touring Car, \$1,100.

Amid the noise of much automobile advertising, we will speak quietly. We have something to say. We want men who think to listen.

This is our story: We are building E-M-F "30" and Flanders "20" automobiles—building 50,000 of them this year—and selling them to men of moderate means and also of large means, but all alike in one particular. They investigate, criticize, make comparisons and prove the value of what they buy. They think.

Years of honest dealing and skillful manufacture have given the name Studebaker a great prestige. It stands, as a fine man does, for honor and square dealing. It has become a principle. Into every E-M-F "30" or Flanders "20" automobile built goes the reputation and integrity of that name and what it stands for.

We Build for you.

Think a minute. Our cars are built with a single purpose. To furnish the most of automobile value in design, quality and everyday good service for the least of cost. We are not catering to those few who buy where they can spend the most money, nor to any indiscriminate purchaser. But we build for you, Mr. X (let us have your name and we will use it), who knows the worth of a dollar and who are looking for the best value, dollar given for dollar spent, on the market.

Yes, we could make cars cheaper. Others whose resources are smaller do so. We could make their cars and sell them for less money than they do. But what kind of a car would we offer to you then? A light fragile car to spin merrily for a time and then develop a spasm of weaknesses and lead an invalid existence until discarded.

To that we will not turn our hand. Our cars are Studebaker cars.

Materials which give long life

In E-M-F "30" and Flanders "20" automobiles go the highest quality steels and other materials it is possible to buy. The big mills make steel for us in accordance with our secret formulas. We build practically every part of the cars in our own plants. For instance, there are 252 drop forgings in every E-M-F "30," 226 in every Flanders "20." You will appreciate what that means for strength. Incidentally, it means that we have our own forge plant—it's a wonder, too—or we couldn't afford to do it. Similarly, our foundry, our body plants, our steel stamping plant, our extensive laboratories all co-operate to give us heavy manufacturing advantages and economies.

Put Studebaker honor and square dealing into the best automobile factories in the world and what must the product be? Absolutely beyond question the best automobile values you can buy. That's what we sell you when you buy an E-M-F "30" or Flanders "20."

Records Prove It

During the past summer stock Flanders "20" cars won:

- 1—World's Speedway Records 1-20 miles;
- 2—Most important hill climbs in the country in record-breaking time.
- 3—The severest reliability runs held in the United States. Further a stock Flanders "20" did 1280 miles pioneering between Seattle, Wash., and Hazelton, B. C., over trails where in many places neither vehicle nor horse had been. It is a record. No other car last year approached it.

The E-M-F "30" won 1st, 2nd and 3rd places in the Savannah Tiedeman Trophy race, the only event in which we entered the car. If you are interested in further details, ask any man who has driven an E-M-F "30" or knows the car.

A story of honest and square dealing. This is the Studebaker story. It's all true.

Send for our booklet "First to Hazelton," and other of our interesting literature.
