## SENATE PUTS BAN ON SHIPPING ARMS

PRESIDENT'S SUGGESTION TO ENFORCE NEUTRALITY IS APPROVED

### FILIBUSTERING GIVEN HARD BLOW

Exportation of Munitions of War to Country With Which America is at Peace Prohibited

WASHINGTON, March 13.—Revolution, filibustering expeditions or the promotion of domestic violence in any country in pan-America hereafter may not hope for supplies of any description from the United States.

This principle, proclaimed today in a concurrent resolution adopted by the Senate at the instance of President Taft, is virtually certain to be passed by the House tomorrow.

Though designated primarily to meet the inadequacies of the present neutrality laws, to which the Mexican government called the President's attention, the resolution, when put into effect will empower President Taft to prohibit at his discretion, through a proclamation, the exportation of munitions of war to any country with which the United States is at peace.

Anticipating summary action tomorrow by the House, where Representative Burleson, of Texas, will take charge of the measure, Treasury and War Department officials tonight issued instructions virtually halting all shipments of arms into Mexico until the resolution is declared effective.

Loopholes for the violation of neutrality laws admitted are many and professional promoters of revolutions in Latin America through various devices, have succeeded in evading the statutes. To the Mexican rebels who captured Juarez recently when the sole purpose of possessing a port of entry through which they might import arms unrestrictedly the resolution will prove a stubborn obstacle.

## JOHN BROWN MAY BE PRIZE WINNER

RUMORED THAT SURPRISE WILL BE SPRUNG BY HIM FRIDAY

### MORE CANDIDATES ARE EXPECTED

Joseph Sheahan and Miss McCord Fight Hard For First Honor—Kent Wilson Has Advantage

Two hundred and sixty dollars a month is far beyond the average salary of the average man or woman. And yet the Enterprise offers the equivalent of this amount to the winner of the big automobile contest now running. The new touring car which some resident of this county will capture June 5 represents an investment of \$785, and as only about three more months remain to get votes, the \$260 represents what pay the winner of the big race would receive if he were receiving a straight salary. As there are probably not a hundred men in the whole county receiving the stipulation a month for their services, it will be seen at once that the Enterprise offers exceptionally splendid returns for a little work and time.

Who will eventually carry off the high honors, is as yet a matter of mere conjecture, much harder to answer than the old question, "How old is Ann," or "How Many Apples did Adam and Eve together eat?"

In this big contest any resident of the county is entitled to enter. Sex or age having no bearing whatever. Men and women, as well as boys and girls are working against each other with equal vim and vigor, all having the one common aim of getting the most votes. Votes are awarded the contestants for subscriptions to the Daily or Weekly Enterprise and renewals are as valuable as new subscribers. Every dollar subscription to either paper is worth its proportionate value of votes, dependent upon the length of the subscription. Candidates are not restricted to any particular district, but are free to go wherever they will, in order to obtain subscriptions and to enlist their friends' assistance in the good work.

But in addition to the big prize, each entrant has equal chances to win one or more of the special prizes, which are given away every ten days to the entrant polling the most votes in the specified time. The second of these special contests closes Friday, when the one who has obtained the most votes between the 5th and 15th of March will be awarded a \$15 merchandise certificate on the J. Levitt store. Interest is especially keen in this special contest and every candidate is working his best to land the prize. As any merchandise in the store to the value of \$15 may be chosen the winner will have a wonderful array of articles from which to make his selection. The certificate may be applied toward a purchase above the \$15, which means that the Enterprise will virtually present some man or woman with a new Easter suit, provided the holder of the certificate does not prefer shoes, gloves, etc.

At the present moment, Kent Wilson, the high school student who made a spectacular "grand stand play," last Saturday by polling 20,000 votes his first day in the race, is still in the lead for the special prize. Miss McCord and Joe Sheahan who have been fighting for the top location in the standing of candidates, are pressing Wilson hard for the honors, and it is predicted by some that John Brown will spring a "surprise package" before the polls are closed Friday. As every vote cast in the special contest helps out on the grand total for the Enterprise Ford, it is thought that not so many votes will be held back as heretofore.

In spite of the intense rivalry which exists among the contestants, there is no personal feeling which often mars newspaper contests. Each entrant is proving himself or herself a "good fellow" which condition is gratifying to both those is the big race and the contest managers.

## BOURNE DONATES ANTI-FRAUD FUND

SENATOR SENDS U'REN \$500 WHICH TO EMPLOY DETECTIVES

### OTHERS ARE URGED TO CONTRIBUTE

Object To Obtain Full Enforcement Of Corrupt Practice Act—Wants Concerted Action

WASHINGTON, March 13, (Special).—For the purpose of insuring enforcement of the corrupt practices act in Oregon in the present campaign, Senator Jonathan Bourne has subscribed \$500 to a fund to defray expenses. The money is to be placed in the hands of W. S. U'ren with the expectation that he will undertake the work of employing detectives, make investigations and conduct prosecutions when violation of the law is established.

Senator Bourne holds that it is essential for concerted action among the friends of the law to uphold it, so the equality of candidates may be preserved and undue expenditures guarded against. He says public opinion will enforce the law to a large extent, since any candidate who violates the purpose of the act in any substantial manner will be defeated, but it is also important, he declares to provide a fund to reveal secret violations of the law.

"The Oregon Corrupt Practices Act is one of the best laws ever enacted for the promotion of clean elections," said Senator Bourne. "It has already resulted in great good by driving paid workers away from the polls and preventing many forms of deception. However, vigilance is necessary in order to make the law fully effective."

"Since Mr. U'ren was the author of the corrupt practice act, I have deemed him the proper person to take the lead in its enforcement and have asked him to invite all other candidates to contribute to the fund for that purpose."

How strong are you going in the support of your candidate in the Enterprise automobile contest?

## OREGON CITY TO ENTERTAIN ELKS

AT LEAST 5,000 VISITORS EXPECTED DURING PORTLAND CONVENTION

### COMMERCIAL CLUB TO WELCOME THEM

Business Houses Probably Will Be Decorated in Honor Of Visitors—Committee Have Meeting

Elaborate plans for the entertainment of visitors during the Elks convention in Portland will be made by the local lodge and Publicity Department of the Commercial Club. The plans were discussed at a meeting of the publicity committee and a committee of the Elks in the Commercial Club rooms Wednesday night. It is estimated that more than 5,000 strangers will visit the city during the convention.

The publicity committee reported on the advertising campaign which has been inaugurated. A special committee composed of Dr. Clyde Mount, J. H. Cary, O. D. Eby, and B. T. McBain was appointed to arrange for a meeting Wednesday March 25 and to report the plans to the general committee which will meet March 27.

It is expected that the business men of the city will decorate their places of business during the convention, and the Elks and Commercial Club will keep open house in honor of the guests. Reception committees will be appointed to show the visitors about and entertain them.

"Oregon City has all to win and nothing to lose," said B. T. McBain, President of the Commercial Club, after the meeting Wednesday night. "And the people will realize they are in a good live municipality."

The Publicity and Elks Committees are composed of Dr. Clyde Mount, Henry O'Malley, T. P. Randall, R. O. Young, J. H. Cary, J. J. Tobin, H. Moody, M. D. Latourette, O. D. Eby, T. L. Charman, M. J. Lazelle and B. T. McBain.

## Watch Carelessness

Nobody deliberately allows his watch to fall—or intentionally abuse it.

But thousands allow their watches to run, or TRY to run, when they ought to be laid up for repairs.

What is the result?  
Permanently injured watches.

We maintain a perfectly equipped department here. It is no trick at all for us to handle all kinds of repair work.

We can start working for you almost any minute you say.

## LAFOLLETTE ENTERS FIGHT IN DAKOTA

WASHINGTON, March 13.—Determined to take the stump in North Dakota Senator Robert M. La Follette, accompanied only by his wife is speeding west today to personally get into the presidential primary fight in that state where the Taft, Roosevelt and La Follette forces are fighting for first blood in the fight for the Republican presidential nomination.

La Follette, against the advice of his physicians, left here quietly last night. He is almost entirely recovered from his recent illness and if his health permits may tour Nebraska and the western states after the North Dakota fight is settled.

The Wisconsin senator charges flatly that Roosevelt broke faith with him. He declares Roosevelt sent him word by Gifford Pinchot that in no circumstance would he be a candidate, and that he would not participate actively in the campaign, but would endorse La Follette. Friends of La Follette say the Roosevelt message was delivered at a conference between Pinchot, Walter Houser, La Follette's manager, Medill McCormick and La Follette himself.

To offset this the Roosevelt men deny that the Colonel ever declared he would not enter the presidential race and assert that La Follette was never informed by them to that effect.

La Follette's determination to actively take the field in North Dakota came to a head only when he learned that Roosevelt probably would stump that state. He declared then, against all medical advice, to risk his health and get actively into the fray.

## PITNEY CONFIRMED FOR SUPREME COURT

WASHINGTON, March 13.—Despite a flood of protests addressed to its members against the elevation of Mahlon Pitney of New Jersey to the United States Supreme Court the senate today confirmed his nomination by President Taft. Pitney, in many of the protests against his appointment, was alleged to have the "capitalistic mind." Bitter opposition to his selection was manifested by labor bodies from all over the United States. Pitney was confirmed by a vote of 50 to 26.

Mahlon Pitney was born in Morris-town, N. J., February 5, 1858. His father was Henry C. Pitney, vice chancellor of New Jersey. In 1879 he took the degree of A. B. at Princeton and in 1882 the degree of A. M. In 1891 he married Miss Florence T. Sheldon of Morrisston. He was admitted to the bar in 1882. In 1895 he was elected to congress and served until 1899, when he resigned. In 1891 he was president of the New Jersey senate, and following that time he was associate justice of the New Jersey supreme court for eight years. Since 1908 he has been chancellor of New Jersey.

## PAGET IS NOMINATED

The State Prohibition convention nominated officers Wednesday. B. Lee Paget was nominated for United States Senator. O. V. White, for Secretary of State. C. J. Bright, for Justice of Supreme Court, and J. A. Dunbar, for Food Commissioner.

## WOMAN INJURED IN WRECK GETS \$3000

A verdict of \$3,000 damages for the plaintiff was returned Wednesday by a jury in Judge Campbell's Court in the case of Fannie Heylman, of Estacada, against the Portland Railway, Light & Power Company. The plaintiff while riding on one of the defendant's cars August 23, 1910 was seriously injured in a collision. She alleged that her spine was permanently affected. George C. Brownell and C. D. Latourette represented the plaintiff and J. E. Hedges and Wilbur, Spencer, & Dibble the defendant. The plaintiff sued for \$30,000 damages.

## NEW REWARD SYSTEM BREAKS MILL RECORD

The reward system established by the Willamette Pulp & Paper Company continues to be a success and the best results are being obtained daily. The six machines of the company produced Monday more than 199 tons, netting the men in all departments ten per cent in addition to their regular wages and Tuesday all previous mill records were broken, 206 1/2 tons having been produced in twenty four hours, netting the workmen a reward of fifteen per cent. The system has made a material increase in the wages of hundreds of residents of this city. The men are enthusiastic over it, and all heartily approve the plan.

## FAIR SUPERINTENDENTS ARE NAMED BY GARY

County School Superintendent Gary has completed arrangements for the juvenile fairs to be given the latter part of August. Handsome prizes have been offered and the school children are taking the greatest interest in the prospective exhibitions. Mr. Gary has appointed the following district superintendents:

Molalla, W. W. Everhart; Clarks, J. J. Gard; Logan, Miss Mahala Gill; Oregon City, George Randall; Wilsonville, Mrs. M. C. Young; Estacada, H. M. James; Sandy, Miss Mina H. Marlar; Milwaukie, Miss Elizabeth Buck; Canby, C. F. Romig and Oswego, Mrs. Bessie E. Pettinger.

## TAXPAYERS EAGER TO OBTAIN REBATES

Tomorrow is the last day a rebate will be allowed taxpayers. The rebate is three per cent, and Sheriff Mass and his deputies are prepared for a big rush expected today and tomorrow. Tax collections have been better this year than ever before. Persons who desire may pay half of their taxes before April 1 and the remainder before October 1, but no rebates will be given. After April 1 a penalty of ten per cent and interest at the rate of twelve per cent a year will be charged.

## OPERATORS REJECT MINERS' DEMANDS

NEW YORK, March 13.—All the demands of the coal miners are rejected in the answer given out by the mine operators today. In the answer the operators suggest that the present wage scale, with certain modifications be continued for three years. A general strike of eastern anthracite coal miners April 1 is believed certain.

The miners' representatives say they are authorized to make concessions without the sanction of a convention of the men and they may refuse to frame a reply. This would force the operators either to renew negotiations voluntarily or to face a general strike April 1.

The operators were represented at today's conference by the president of the Clearview Coal Company, Alvin Markle, of Markle Brothers; Percy Maderia of Maderia, Hill & Co.; E. B. Thomas, president of the Lehigh Valley railroad; W. H. Truesdell, president of the Delaware, Lackawanna & Western railroad; F. D. Underwood, president of the Erie railroad; L. F. Loree, president of the Delaware & Hudson railroad; Joseph Dickson, of Dickson & Eddy; George F. Baer, president of the Philadelphia & Reading railroad; and Morris Williams, president of the Susquehanna Coal Company. This committee has been given full power to represent and act for all the operators of the anthracite district.

There is a general impression among industry circles that there will be a big coal strike, possibly affecting both the anthracite and bituminous mines, and many companies are laying in supplies of fuel.

John F. White, president of the United Mineworkers admitted that the situation looked threatening. He said: "Everything looks blue. The operators say they won't grant our demands. Well, the burden is on them. We will stick it out to the bitter end and force them to give us our due. There is no coal stored, and the miners are more united than ever before in their demands for more wages and better hours and working conditions."

## MC MONIES SPEAKS AT MEETING TOMORROW

A booster meeting for "Made-in-Oregon" goods will be held in the Commercial Club rooms tomorrow night. All residents of this city are urged to attend.

Among the speakers will be Colonel Hofer, of Salem; W. H. McMonies, president of the Oregon Manufacturers' Association of Portland; Leo R. Merrick, secretary of the Merchant's Association of Portland; J. C. Mann, president of the Portland Grocer's Association of Portland. The Oregon First Consumer's League will be organized at the meeting. Colonel Hofer will be in charge of the meeting.
