OUR "RIVAL" TO BE

It has remained for a split-county booster to tell us through the columns of the Oregonian that we have a rival, or that we fear rivalry. The time is the future, the place is Estacada and the girl is the creation of a new county.

County division was pretty well settled two years ago, by the people of Oregon by an overwhelming vote, yet there are communities that have aspirations, and seek to convince their people that a separate county government can be maintained without an increase in taxation, already too high. The article referred to has its humor and follows:

"The movement for the division of Clackamas County and the formation of a new county out of the eastern part, with Estacada as the county seat, has been renewed. A meeting was held at Estacada Thursday night when a number of addresses were made favorable to the new county movement. Other meetings will be held at central points and if sentiment is favorable in Eastern Clackamas County, petitions will be prepared for circulation and a vote asked for at the general election. This is the second movement for county division, but the movement a few years ago was defeated by the influence of the Oregon City people, who do not want Estacada to become a rival. It is urged that Eastern Clackamas County is rapidly filling up and that it is a long distance to Oregon City to transact legal business, the only railway being by way of Portland.

A daughter of the late King Edward VII, is queen of Norway. In any case the British will have some share in the achievement at the South Pole.

Unforeseen.

"I notice that you courteously refrain from mentioning the name of your political rival in any of your speeches."
"I can't say my practice in that respect is so much a matter of courtesy as of prudence. I once started in to denounce a rival, but as soon as I mentioned his name the audience burst into deafening and continuous applause."—Washington Star.

UNCLE TOM'S CABIN

Children and Older Theatre Goers eager for big Production at Baker

Young and old alike find pleasure in a first class production of that greatest of all plays of the past generation, Uncle Tom's Cabin, which will be seen all this week at the Baker opening Sunday matinee. The Baker has offered several revivals of great plays such as Old Kentucky, Sis Hopkins and others this season and not one but has more than pleased the thousands who wait for such events. Uncle Tom's Cabin will doubtless prove the greatest success of them all as the company presenting it is one of the strongest ever seen here in it and the production is a complete one

in every respect. The children will revel in the delights of Little Eva and her pretty pany, Marks the funny Lawyer and his funny donkey, the fierce blood hounds, all the little colored folk singing, dancing and picking cotton, with Topsy in the lead always, while their minds will be turned to more sober thoughts by the cruelties against the slaves, the death of poor old Uncle Tom, Little Eva's grand ascension into heaven and many other well remembered scenes, characters and events, all of which will be beautifully and correctly portrayed at the Baker this week. The prices will be but fifty and twenty-five cents even-ings and twenty-five cents for all matinees. Matinees Sunday, Wednesday and Saturday. Get your seats in advance so you will have good ones.

Miss Ruby McCord is working hard for the automobile in the Enterprise contest. We wish her success.

Mr. and Mrs. Lazelle entertained Miss Justin, of Oregon City, at their home Tuesday evening at Mountain Ash Farm.

Regular meeting of the Community Club was held in Twilight hall Saturday evening with all the members present. There was so much business to be transacted there was little time for the social hour. There are only a few members but they are very enthusiastic in the work. Although being organized only a short time many things have been accomplished thru their efforts for the good of the community.

How strong are you going in the support of your candidate in the Enterprise automobile contest?
