THE GOLDEN RULE

The Golden Rule as applied to paper making in one of our large paper mills in the nature of a reward system shows that the ideas of those lines in charge are along the right lines.

About a year ago some discontent existed among the millworkers here but since the reward or bonus system was inaugurated some four to six months ago none, except possibly the disgruntled fellow who never can be satisfied no matter what is done for him, has anything but good words for the way matters of interest to the men are being handled.

The work has commenced on the new home of A. C. MacFarlane, which when completed will be one of the prettiest homes in this place. Mr. Keith, of Portland, is the architect, and Walter B. Beckner, of this place, is the builder. It will contain six large rooms.

H. C. Painton, of this place, has been engaged by the city of Gladstone to drill a test well on the banks of the Clackamas river.

Mrs. George Robinson entertained delightfully in honor of her son, George's third birthday on March 17. At the birthday table were seated Master George and his two chums, Sydney LaCure and Ormund Robinson. The floral decorations and candies were in green and white and the little guests did ample justice to the birthday cake and ice cream.

Senator Bailey has come out against woman's suffrage. We expected this of Bailey. It was the thing for Bailey to do. We'd have done it in Bailey's place. He couldn't hope to make women smell violets where it was coal oil. Neither could we. Bailey could put on a fleece, run about bleating and make men mistake him for a sheep. But a woman would spot him for a goat every time.

We are glad that Bailey is against the women. We are glad that he says he is. You can hunt up a lot of mean things to say against woman in politics. But you can't honestly claim that they are responsible for Bailey. He is the strongest argument for woman's suffrage that walks on two legs, and heaven knows there are a lot of such arguments that so perambulate in politics.

Be Ready. Every man and woman who has achieved a real success in any way whatever, from the turning of a horse shoe to the saving of a soul, succeeded through being ready when the call came.—Robert Coitner.

The Ozarks. The anx arcs was said to refer to the bends in White river and was applied to the Ozark mountains, through which the river pursues a wandering course—in other words, to the mountains at the bends of the river.

Milk and Apples. Though no one would think so from looking at a full glass of milk and a solid apple, the percentage of solids and water in apples and in milk is almost the same, apples being 85 per cent water and milk 86 per cent.

Stories from Out of Town

JENNINGS LODGE.

One of the most delightful affairs of the spring season was the afternoon of Wednesday, March 20, when Mrs. H. H. Emmons entertained The Circle at her home. Beautiful clusters of daffodils were used effectively in the dining room. The living room decorations being Oregon grape and pink hydrangeas. A delicious luncheon was served at the close of the business meeting. Mesdames Wm. Gardner and J. E. Seeley, of Melrum, and Mrs. Ed. Roethe were guests of honor. The members present were Mesdames Cora Shoop, MacDonald, Robinson, Trucoat, Morse, Jones, Webb, Thompson, MacFarlane, Painton, Emmons and Roberts, and Miss Scripture. Tastily decorated with early spring blooms and trailing blackberry vines was the home of Miss Mabel Morse Monday evening when she was the hostess to the Bithahs, an organization of the young women of the M. E. church of Oregon City. The usual business was transacted and the election of officers also took place. Games and daily refreshments were in keeping with the festive day. Miss Mabel Morse favored them with several piano selections and the Miss Kathleen Harrison and Nellie Swafford rendered a piano duet. Miss Morse was assisted in receiving and entertaining the members by her aunt, Miss Scripture. Those present were the Messrs. E. V. Johnson, Ada Hendrickson, Lute Horning, Hazel Humphrys, Grace Cox and the Misses Anah White, Adah Hulbert, Anna, Mabel and Wilma Meyers, Sadye Ford, Helen Painton, Nellie Swafford, Maude Smith, Kathleen Harrison, Mollie Rose, Lillian Miller, Carrie Scripture and Mabel Morse.

AGED PASTOR DIES AT HOME IN CARUS

Rev. R. H. Owens, one of the well known residents of Carus, died Saturday morning of stomach trouble, and the funeral services will be conducted at the family home at 1 o'clock this afternoon. The body will be taken to the Congregational Welsh church where services will also be held, and the interment will be in the Graham cemetery.

Rev. Mr. Owens retired from the ministry several years ago, and for the past two years has lived in Clackamas County, having come here with his wife from Nebraska. He lived for some time at Beaver Creek, where he had a 10 acre farm, and at the time of his death was in charge of a farm at Carus. Besides his widow he is survived by a nephew, John Hughes, also of Beaver Creek.

SHEAHAN WINNER OF FREE VOTES

(Continued from page 1) are not so particular and "win the prize" is their motto. The first three days this week will not bring about changes in the standing of the candidates but on Thursday the fun will probably start. Right now is the time for some of the entrants who are a little ways down in the list to quietly get to work and show themselves and their friends that they too are from "that state" and have to be shown when some one else says he will win the big touring car. The old story of the hare and the tortoise has its application to this contest. Some of the "hares" think that because they have a few thousand votes to the good, that the Enterprise Ford is already theirs and they might as well apply for the auto license at once. So right now is the chance for some of the "tortoises" who believe in the "slow and sure" policy, to hustle a little and get some more votes.

You can count on less than all your fingers and toes the thousands of votes need between now and Saturday to capture the special prize, unless some one makes a record-breaking run. This means that an average of only four yearly subscriptions a day between now and Saturday will win for you the \$15 worth of merchandise at the J. Levitt store. You can win if you really want to, and right now is your chance to make good.

GOVERNOR ADDRESSES CROWD AT ESTACADA

Governor Oswald West at the Garfield Grange Hall Saturday addressed one of the largest and most enthusiastic groups of farmers that has been assembled in Estacada for several months. The Governor arrived at 8:30 o'clock over the line of the Portland Railway, Light & Power Company from Portland, and was met at the depot by a special reception committee by the mayor. After a brief informal reception, during which the Governor shook hands with many old acquaintances as well as many new ones, he was taken, with members of the reception committee, consisting of Dr. H. V. Adix, W. A. Heylman, William Dale and R. A. Duncan directly to Garfield Grange Hall by automobile.

DETROIT MAN 'CALLS' SHORT CHANGE EXPERT

A "short-change" artist came to town Saturday, and worked at his occupation for a little while. He defrauded Edward Brady, the saloon man out of \$5, and tried to "do business" in the Gambrianus Saloon at Sixth and Main streets, but did not succeed. The proprietor of "The Gambrianus," William Trudell, hails from Detroit, "the home of the automobile," and consequently has an "automobile eye." So when the short change man visited his place Mr. Trudell got his lamps to working in fine shape. As the fellow was about to get away with a five dollar gold piece, which really belonged to Mr. Trudell, the erstwhile Detroit man exclaimed, "Stop, I have the goods on you! That's an old Detroit game. I'm next." And the fellow handed back the "five." E. L. Shaw meanwhile had been informed by Mr. Brady that he had been robbed of "five" and was looking for the "short change" man. So when the fellow made his exit from "The Gambrianus" he walked into the arms of a minion of the law, according to the city cop, but not according to Mayor Dimlick. Shaw was accompanied by Brady, and the prisoner when told to do so, handed the saloon man \$5, remarking nonchalantly "You made a mistake in giving me my change. How thoughtful I was not to have counted it." The man, who was jockeyed up on charge of larceny, refused to give his name.

MISS CLARA ZUMWALT IS GIVEN SHOWER

Miss Clara Zumwalt, whose marriage will be solemnized at the Congregational church, Wednesday evening, April 24, to Roy Armstrong, of this city, was tendered a miscellaneous shower at the home of her parents, Mr. and Mrs. Bruce Zumwalt, Friday evening, and a most enjoyable time was had. Miss Zumwalt was presented with many pretty and useful articles. The evening was devoted to games and music, and refreshments were served. Mrs. Zumwalt was assisted in entertaining by Misses Maybelle and Hazel Francis.

PARENT-TEACHER MEETING BIG SUCCESS

Mrs. Emily Shaw, supervisor conducted a parent-teacher meeting at Clackamas Saturday. The women of the district, instead of preparing the dinner, as has been customary, employed cooks and attended the exercises themselves. Mrs. Elvira Joy spoke on "Picture Study in Intermediate Grades," and addresses were made by Superintendent of County Schools Gary and Professor A. O. Freel. An excellent program was rendered by the children, singing being the feature. The teachers of the Clackamas School, Miss Crow, Miss Haycock and Miss Francis, were congratulated upon the excellent results they have obtained.

BITULITHIC PAVEMENT A Concise Description

The essential principles of Bitulithic Pavement are the durability and resistance of destructive traffic and other conditions, which can be only secured through the use of mineral ingredients so combined as to have a most perfect compactness and resistance of solid stone. However, the solid stone would not be suitable because of its lack of resiliency and the absence of elasticity, the tendency to abrade and thus wear away under the influence of traffic. In Bitulithic the desirable essential elements have been preserved and the weakness eliminated by the combination of various sizes of stone so mixed as to reduce the voids or interstices to minimum and those voids are filled with water proof elastic cement which produces the necessary most perfect traction and at the same time binds the mineral ingredients permanently together.

CONGREGATIONAL CHURCH TO HAVE SPECIAL MUSIC

The Organals numbers will be "The Prize Song" from "Der Meistersinger," "Vorspiel" to Lohengren, and Sullivan's "Lost Chord." All seats are free, and the non-church going people are especially invited. Ushers are instructed to seat people as they may be requested. The pastor will preach and the regular order of evening service will be followed.
