ASTRONOMICAL EVENTS. (From noon today to noon tomorrow.) Sun sets 6:21, rises 5:47; moon sets 4:56 a. m.; planet Mercury visible.

This county and state are among the greatest in the union. They have great exports and imports; they have great industries and great natural resources; they have great possibilities and greater expectations; great men and great women have been reared here and we have great wealth among our numbers, while poverty is very lightly represented.

In view of some of the oratory of the day Col. Bryan must begin to feel like a hard shell Conservative.

A quick-firing gun for aeroplanes has been invented in England. Ideas of this nature move faster than arbitration treaties.

Most of Col. Bryan's 52 years like the years passed by other public men, have been spent in a futile effort to attain something beyond his reach.

Ex-Senator Peffer of Populist fame, continues to work hard on an autobiography though one of his legs was recently amputated. Perhaps his object is to admonish some of the orators of 1912 not to steal all the populist thunder and add to it extravagantly.

SENATE COMMITTEE EXONERATES LORIMER

WASHINGTON, March 28.—The right of Senator Lorimer of Illinois, to his seat in the United States Senate was upheld today by the special investigation committee, which decided that the Senate's vote sustaining Lorimer in the last Congress on substantially the same charges, barred any further proceedings against him. The vote was five to three.

The committee not only adopted the "res adjudicata" resolution prepared by Senator Jones, of Washington, but other resolutions favoring the Lorimer contentions. The Jones resolution declared that the pending case already had been covered by the previous trial of Lorimer in the Senate and that again to place the Illinois Senator on trial would not be in accord with the principle of "res adjudicata."

Another resolution adopted exonerated Edward Hines, of Chicago, president of a large lumber company, of any wrong doing. By a vote of 5 to 3 the committee adopted a resolution declaring that if there was any corrupt dealing in connection with Lorimer's election, Senator Lorimer had no knowledge of it. There was no conclusive evidence of a "jacket" in the Illinois legislature, it was found.

On the resolution declaring that Lorimer had no knowledge of any corrupt dealings, Senators Kenyon, Kern, and Lea, who opposed Lorimer, refrained from voting.

For Lorimer—Dillingham, Gamble, Jones, Johnston and Fletcher. Against Lorimer—Kern, Kenyon and Lea. It is practically certain a minority report also will be made from the committee and a mangle debate is expected when the case reaches the floor of the Senate.

POLICE POWERLESS AT HOQUIAM MILLS

HOQUIAM, Wash., March 28.—After declaring that the trouble between the millowners and their employees and those who are on strike had reached a point beyond the control of the police, Mayor Harry Ferguson today was urged by many citizens to ask the Sheriff to take charge of the situation and preserve law and order.

This action was taken as the result of disturbances which occurred at the Little mill and the E. K. Wood mills this morning and again at the latter plant at noon.

After declaring he did not believe officers should be on hand and that he did not want to assume the responsibility himself of calling in outside help, the Mayor left the meeting to call the Sheriff by telephone.

Tonight Mayor Ferguson and Chief of Police T. M. Quinn held a conference in Aberdeen with the Sheriff, the result being a decision that the county officers should not take a hand in the trouble.

BEAVERS READY FOR OPENING TUESDAY

SANTA MARIA, Cal., March 28.—(Special)—Peace and quietness now prevail in the Beaver camp since Manager Walter McCreide made the announcement that Benny Henderson and Dan Howley would be the Portland battery in the opening game of the Pacific Coast League, against the Santa Maria Angels next Tuesday.

Until last night Kestner occupied first place as the ball manager's choice for the honor of twirling the first game in the Coast League season, but Benny Henderson made such a favorable impression on the Beaver boss yesterday afternoon that he was finally chosen for the honor of combat.

Big Dan Howley will be on the receiving end of Henderson's henders, and will be a surprise to the fans along the circuit. He is a tall, rangy with a beautiful peg to the bases and is quick to act. His chief forte is out-guessing the opposing batters and base runners.

The Beaver infield, with Bill Rapps at the initial sack, Rodgers at the second cushion, Bill Lindsey at the key-stone corner and Bancroft to hold down the short field position, the prospects for opposing batters securing many safe singles through what appears to be a stone wall defense is slim.

With Chadbourne in left, Krueger in center and Doan in right there is not much chance of anything getting away from the outsiders. If Krueger keeps up the form he has shown here in training practice he will be a few notches faster than his 1911 playing form, and with such chain-lightning men as Chadbourne and Doan on either side of the flying dutchman, they will gather in all the drives that come their way.

The boys will indulge in light practice both morning and evening until they stack up against the Santa Maria team Sunday afternoon.

The Beavers leave here Sunday afternoon on the 4 o'clock local for Los Angeles where they will take things easy until the battle wages Tuesday afternoon.

BIG HOTEL TO BE BUILT ON MT. HOOD LINE

A map of Arrah Wanna Park, section 5 township 3 south range 7 east, was filed in the county clerk's office Thursday. The park is on the Mount Hood Railway, which has been bought by the Portland Railway, Light & Power Company. The park is the property of the Mount Hood Hotel Company, and President C. W. Kern, of that concern, has announced that a large hotel will be built on the property. Work on the building will be started at once, and it is expected that it will be finished the coming summer.

SEATTLE SOLONS INSPECT BIG DAM

As guests of the Puget Sound Construction Company, Mayor Coterrell and members of the Seattle Council and board of public works, went to Estacada to inspect the Amburson type dam installed there for the Portland Railway, Light & Power Company. About a year ago a \$500,000 dam belonging to the municipal lighting system of Seattle was destroyed in a flood and the Puget Sound Company proposes to install a new one in Cedar River after the type of the Estacada dam. The visit of Seattle officials was to decide whether to adopt the type for their own project.

The party was entertained at lunch at the Estacada Hotel. All members of the party declared themselves highly pleased with the big dam at Estacada. The new dam to be constructed in Cedar River will cost about \$400,000 and it seems probable that a type of dam similar to that at Estacada—greater trust in our neighbor. We need, further, some strong, thinking, acting, wide awake, representative citizens in the State Legislature—real statesmen for our commercial-boles cannot alone bring greater prosperity. The acts of our Legislature have a great bearing. Do your duty April 19.

F. D. Hunt, general traffic manager of the Portland Railway, Light & Power Company had charge of the special car in which the excursion was made. Members of the party were: Mayor Coterrell, O. T. Erickson, John G. Peirce, Councilmen Max Wardell, E. L. Blaine, Robert Hesketh, Charles Marble, A. J. Goddard, and A. F. Haas; A. L. Valentine, L. B. Youngs, and A. L. Walters, of the board of public utilities; J. T. Dickson of the Seattle Post-Intelligencer, and M. M. Mattison, of the Times.

MIDDLE WEST STRONG BIDDER FOR POTATOES

The potato market situation is mixed but extreme strength is now showing in eastern Oregon. Reports from there indicate that the middle west is a strong bidder for supplies and as high as 62 per cent has been paid there for a bushel. This is the highest price ever known for the interior stock.

At Willamette valley points the market is getting more active after a few days of rest. Values as a rule range close to \$1.75 for extra choice stock and a number of deals have been reported at this figure during the past 24 hours.

There has been no improvement in the situation at San Francisco. The market there remains at the low level of last week. The buying of potatoes in the interior by the middle west dealers disproves the report given out by San Francisco speculators here that the east was shipping potatoes to California.

The market at Yakima has been rather weak recently, and some of the California speculators have gone into that territory and have purchased heavily, while doing nothing but talk of high prices here. If they can succeed in exciting growers here to hold while they unload the low-priced Yakima purchases they will win a big sum.

SCHOOL CHILDREN TO OBSERVE ARBOR DAY

The public school children of this city and county will observe Arbor Day, which is the second Friday in April. The state superintendent of public instruction will prescribe a course of exercises. An extract from the school law regarding the observance of Arbor Day follows:

"In order that the children of our public schools shall assist in the work of adorning the school grounds with trees and to stimulate the minds of children toward the benefits of the preservation and growing of our forests and the growing of timber, it shall be the duty of the authorities of every public school district in the state to assemble the pupils in the school building, or elsewhere, as they may deem proper, and to provide for and conduct, under the general supervision of city superintendents, county superintendents, teachers and directors, or other school authorities having general charge and oversight of the public schools in each city or district, to have and hold such exercises as shall tend to encourage the planting, protection, and preservation of trees and shrubs, and an acquaintance with the best methods to be adopted to accomplish such results.

The evening was spent in a most delightful manner, Miss Mulvey and her mother provided a fine entertainment and delicious refreshments. Among those present were Mrs. E. and Keatner Stanton, Mrs. W. L. Mulvey, Miss E. Hiatt, Miss Iva Harrington, Miss May Remmer, Miss Dona Shaw, Miss May Ericson, Misses Jackson, Miss Emma Quinn, Miss Ciss Barclay Pratt, Miss Myrtle Cross, Misses Clara and Mollie Mitchell and Mrs. Callahan.

WIRELESS EXPERT TO GIVE DEMONSTRATION HERE

Oregon City will soon have a modern wireless telegraph station in full operation. Contracts have been closed with Eastern managers to have complete apparatus, transmitting and receiving stations, batteries, etc., brought here and put in working order by an expert, William B. Patten. He will come on Wednesday, April 3 and on that night at the Shively Opera House will send and receive messages in full view of the audience, ring bells at a distance, start motors, manipulate signals and electric lights, and give a comprehensive demonstration of the present uses of this much talked of discovery, as well as explaining its future possibilities in warfare, train despatching, etc.

CHURCH SOCIETY TO GIVE ENTERTAINMENT

The social, "An old fashioned district school," to be given by the young people of the Christian Endeavor society of the Congregational church promises to be interesting. A great deal of fun can be got out of the idea. Every one attending is expected to come as a school boy or school girl. The girls are each to bring lunches for two. There will be remarkable recitations in "readin'" "ritin'" and "rimetin'" and "pieces spoke" that have not been heard for years in public. The duce cap and birch are expected to be used freely if necessary. An old fashioned spelling match will furnish some excitement.

Coined in Bedlam.

The phrase "to shun Abraham" was coined in Bedlam, or Bethlehem hospital, where there was at one time an Abraham ward, the inmates of which upon certain days were permitted to go out as licensed beggars on behalf of the hospital. These mendicant inmates were known as "Abraham men," and their success in invoking the pity of the charitable was such that they had many unlicensed imitators, who, when discovered, were said "to have shunned Abraham."

HOSPITALITY.

Hospitality must be for service and not for show or to pull down the host. The brave soul rates itself too high to value itself by the splendor of its table and its draperies. It gives what it hath and all it hath, but its own majesty can lend a better grace to banquet and fair water than belongs to grand city feasts.—Emerson.

REV. JONES HONOR GUEST AT SOCIAL

One of the most enjoyable social events that has been held in Parkville was Wednesday evening, when Rev. Jones and family, of Clackamas, the former being pastor of the Congregational church at Parkville, were tendered a reception, the affair being planned and carried out by W. A. Holmes, Emery French and D. H. Purcell. The reception was given in the assembly hall of the Parkville High School, and an interesting program was rendered the first part of the evening. George E. Frost, an attorney of Portland, spoke on "Christianity in a Community," and Rev. Jones on "Relation of Church to Home." A violin duet was given by F. E. Lucas and Miss Grace Barnett; piano solo, Miss Margaret Jones; vocal selection, Miller brothers; address, "Relation of Church to School," H. Peckover; violin duet, Miss Effie Lucas and Miss Grace Barnett. W. A. Holmes was chairman of the meeting, and he and his assistants who had it in charge, deserve much credit for its success. There were about 120 persons in attendance.

FINE SETTING MAKES LARGE EGG HARVEST

A joke is being told on a prominent young woman of Gladstone, who wishing to assist her mother, decided to feed the chickens. Upon returning from the chicken house she exclaimed, "My the hens have done wonderfully well today, just think they have laid thirty-two eggs." The mother, thinking this being impossible as the hens had never before been so busy started out to investigate and to her horror found that her daughter had robbed by mistake the nest of a setting hen. The setting cost about \$5 and the expression of the young woman's face changed when she was informed of her mistake. Luckily the eggs had been placed under the hen the day they were taken.
