ASTRONOMICAL EVENTS. (From noon today to noon tomorrow.) Sun sets 6:22, rises 5:45; moon sets 5:20 a. m.; planet Mercury seen setting after the sun.

ELEVATOR A NECESSITY While the library association is working on a plan to elevate the standard of the literature read by the young, as well as the older folk of our city, and the other organizations within our limits, members of better the social and business conditions within our limits, members of the Live Wires Association of the Commercial Club have great plans for the elevation of our Hill residents from the business section of the city to the level of their homes. Something must be done soon in the way of repairs or rebuilding the present Seventh street steps from the overhead crossing to the upper Seventh Street and the expense of such work would go a long way toward first cost of an up to date system of elevators, putting Oregon City in a class by itself in another line of advancement. It is to be hoped that their plans will mature soon enough to be placed on the ballot at the first special city election unless the council should see its own way clear under rights granted by our charter, to pass an ordinance for the immediate placing of the elevator. If the citizens demand it the council will not be slow to act. Keep up the good work.

NO DIVISION OF COUNTY So Estacada and Oregon City are to join hands and to see that our county remains intact. That is the proper spirit to show and Oregon City, through its Commercial Club, will at its reception of the visitors show its appreciation of the broad minded manner in which the people in the Eastern end of our county look upon matters of mutual interest. If all our county's people are not being treated alike, they should voice their grievances. No favoritism is desired by Oregon City's citizens and if those living at or near Estacada think they are not receiving their proportion of the total county tax, we know it will only be necessary to prove their contention to those in charge of the county's affairs, for they are all fair minded, honest officials. Nothing but good can come of the meeting to be held Tuesday evening. The Enterprise extends welcome to all.

HEDGES TO BE FORUM SPEAKER TOMORROW

J. E. Hedges will occupy the open forum pulpit in the Methodist church tomorrow evening. His subject will be "What is the matter with the Preachers? Is the influence of the pulpit greater or less today than in former times? Why do not preachers attract larger audiences? Why do they not preach to more men? Is the program of the preacher today incomplete? Is the preacher sufficient for his task? Is he on his job?" Dr. Ford, pastor of the church opens the pulpit for the discussion of these questions, and wants to know the views of outsiders, and Mr. Hedges is the spokesman. The public in and out of the church is interested in this subject, and Mr. Hedges will no doubt have a large audience. Dr. Ford will preach in the morning and administer the sacrament of holy baptism.

BEAVERS REST BEFORE OPENING CONTEST

SANTA MARIA, CAL., March 29.—(Special.)—With the departure of Pitchers Vessey and Osborne for Nick Williams' training camp at Sacramento this morning there is not much of anything doing here today. The Beavers took a snort stroll this morning to keep themselves on edge and this afternoon will indulge in a light workout, and the same routine will be followed tomorrow. McCredie is keeping a watchful eye on the boys, because they are all in the pink of condition and Doc Schneider says they feel so frisky they are liable to try to move Santa Maria a couple of miles from its foundation. Sunday afternoon the Beavers line up against the Santa Maria locals in the last game before the Coast league season opens. The boys will leave immediately after the game for Los Angeles where they will arrive early Monday morning and will go to their quarters at the Roslyn hotel. Monday afternoon they will engage in a light workout at Chutes Park and Tuesday line up in the first game of the season.

Each member of the Beaver squad is confident of the outcome of the first game, and with Benny Heider and his fellow twirlers ready to fire 'em over the plate, the rest of the team will do their share towards bringing home the bacon.

RECKLESS AUTOISTS ENDANGER LIVES

Several pet dogs have been killed by careless automobile drivers and motorcycle riders, the past few days. Many of the drivers speed along the streets where children congregate to play, at a reckless rate and in several instances children have had narrow escapes. In all instances where the dogs were killed no alarm was given by the autoists and they were going at a speed not allowed in any other city. The speed limit in Oregon City is eight miles an hour, but it seems that some are not aware of the fact, and travel regardless of the lives they are endangering.
