## We're Dressing Up the Town

**STOP** where you are. Turn your good ear this way. Listen a moment

Men and young men like yourself are making a beaten path to our door. They're coming one by one, in pairs, in trios and occasionally in bunches. We're putting wonderful looking clothes on scores, and smiles of contentment on scores of faces. We're but the "bull's eye"—we've got the clothes, the styles and fabrics that "make good" with good dressers. We've got the correct and stunning Easter Clothes.
