Ford

THE UNIVERSAL CAR

From "here" to "there" and back again--one-third of the motoring world will go this year in Ford Cars.

Seventy-five thousand new Fords—all alike—put into service in twelve months—it's telling testimony to their unequalled service-ability and economy.

There is no other car like the Ford Model T. It's lightness, rightness—most economical. The two passenger car costs but \$590. F. O. B. Detroit, complete with all equipment—the five passenger but \$690.

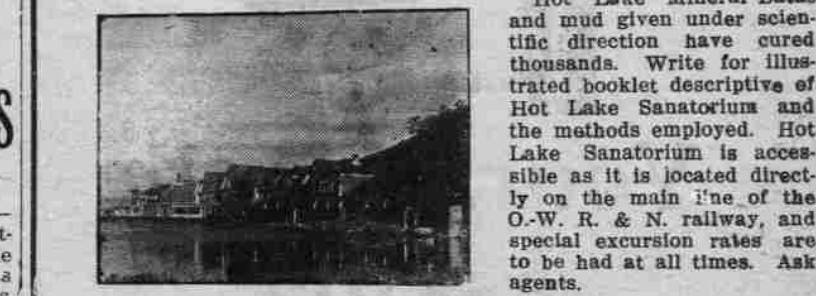

That's why C. A. Elliott is seven cars behind in his deliveries. If you are figuring on a Ford, order now and avoid a delay when the time comes when you will need your car.
