

# MORNING ENTERPRISE

WEEKLY ENTERPRISE ESTABLISHED 1866

VOL. III—No. 85.

OREGON CITY, OREGON, WEDNESDAY, APRIL 10, 1912.

PER WEEK, 10 CENTS

## T. R. AND CLARK CARRY ILLINOIS

ROOSEVELT'S MANAGER SAYS PLURALITY WILL REACH 150,000

## TAFT AND WILSON ARE FAR BEHIND

La Follette Makes Poor Showing And Men Favorable To Senator Lorimer Are Beaten

CHICAGO, April 9.—Incomplete returns from the Illinois primary election indicate that Theodore Roosevelt led President Taft about two and one half to one in the Presidential primary today and that Champ Clark's vote was approximately twice that for Governor Wilson, of New Jersey.

Colonel Chauncey Dewey, head of the state Roosevelt organization, gave out a statement declaring that the ex-President had carried Illinois by 150,000 and that while the proportion of his vote to that of President Taft was 2 1/2 to 1, in places it had been as high as 5 to 1.

Senator La Follette polled a small vote. Candidates known to be friendly to Senator Lorimer are indicated by asterisks returns to have lost in several contests. Chief of these was Sub-Treasurer Small, who appears to be defeated by Governor Deneen for the Republican nomination for Governor.

One-third of the vote in Cook county gave Deneen 18,681, Small 9,419 and Wayman 9,320 for the Republican nomination for Governor. For the Democratic nomination the same number of precincts gave Dune 34,890, Alschuler 14,280, Caldwell 3270.

In the Republican Senatorial advisory primary, one-third of Cook county gave Sherman 16,001, Cullom 12,526, Magill 7557.

Two-thirds of Cook county in the Presidential Primary gave Roosevelt 52,249, Taft 32,458, Clark 77,686, Wilson 33,385.

Returns from the Sixteenth Congressional District at Peoria indicate that Roosevelt will win four to one over Taft, and Clark three to one over Wilson.

Early returns from over the Fourteenth District, from Rock Island, indicate Roosevelt is winning three to one over Taft, and Clark two to one over Wilson.

Twelve precincts, in Vermillion County, at Danville, give Taft 387, Roosevelt 570, La Follette 114, Clark 278, Wilson 89.

STONTPLEIER, Vt., April 9.—Half of the Vermont delegates to the Chicago convention were chosen today and Taft and Roosevelt supporters split even in the struggle for control. The delegation will be completed at the state convention with the choice of the four delegates-at-large. Taft delegates were elected today in the First District by a majority of 78, while Roosevelt men won in the Second District by a majority of 30.

## FLOOD SUFFERERS FLEE FOR LIVES

MEMPHIS, Tenn., April 9.—Advices received at Memphis say the main levee has broken a mile and a half north of Golden Lake, Ark., about 50 miles north of Memphis. The water is spreading over a wide area.

Forty-five townships will be partly covered by water. Marked Tree, Ark., probably will be inundated. Warnings were flashed over the telephone lines to all portions of the section affected, in the hope that the residents would seek high ground before the water reaches them.

The slight crevasse in the subsidiary Giles Bend levee near Natchez makes little change in the Yazoo and Delta situation. Federal engineers in charge of the southern branch assert the few miles of territory to be flooded are not inhabited and the break will not affect Natchez or Vidalia.

Major pilots in charge of steamboats that have resumed operations between Memphis and points south say their jobs are anything but enviable in this flood period. When the river rises to a point that it laps the levee tops, a wave from the wake of a steamboat might produce sufficient force to smash the embankment. Before the grooms could be checked the flood might cause a serious crevasse.

The purser of the steamer Kate Adams told of an experience the boat encountered 30 miles south of Memphis. To avoid treacherous currents, the pilot had shifted his course near the Arkansas shore. Directly a party of men appeared at the top of the levee and shouted through a megaphone.

The pilot called back that he could not understand. In a minute a hail of bullets from repeating rifles cracked about the woodwork of the pilot house. Then the steamer's wheelman understood. He shifted his boat back into midstream.

Reports reacher here that the Millers' Bend levee above Greenville, Miss., had broken. Investigation showed there had been no crevasse. A sudden descent of the flood, however, caused a slight overflow.

Mayor George C. Burns, of Charleston, Mo., today sent additional appeals for aid for flood sufferers of state officials. Mississippi County suffered a great loss in livestock and growing crops when the Mississippi river topped the 80 miles of levees. Four-fifths of the county was submerged.

More than 1000 persons are being cared for at the Masonic Temple, at the Courthouse and in private homes in Charleston. Help is needed to feed and clothe the refugees at Charleston, Annonis and East Prairie.

## CHANCE TO DOUBLE VOTES IS OFFERED

CANDIDATES DEPOSITING BALLOTS THURSDAY OR FRIDAY TO BE GIVEN BIG AID

## EVERYONE HAS EQUAL OPPORTUNITY

Entrants Desirous Of Making Sure Of Double Count Should Cast Part Of Reserve Votes Each Day

STANDING OF CANDIDATES  
Ruly McCord ..... 71,000  
Joseph Sheahan ..... 47,200  
Kent Wilson ..... 28,600  
John Brown ..... 15,000  
Charles Beattie ..... 6,800  
John Weber ..... 6,800  
John Haleson ..... 6,000

Today the Enterprise makes the first announcement of the "double vote day" which will be Thursday and Friday which will be Thursday or Friday announced just which day has been selected as the special day, but it will be one of those days. All votes cast on the special day will have twice their regular value, that is every vote cast will be worth an extra vote on that day and here is an exceptional opportunity for some candidate to more than double his or her present standing. The only trouble about this great offer in the minds of the candidates is that it is impossible to tell which is really the special vote day as it may be either Thursday or Friday. So it will be up to the candidate to try to determine in his mind what day he will make his big deposit of votes.

Perhaps the best policy would be to cast a big block of votes both days for then one would be sure to get the benefit of the exceptional offer. This offer applies to any candidate now entered in the contest as well as those who are contemplating getting into the game right now for the first time, and of course the big double votes will help to decide the winner of the special contest now running which closes Saturday night. Every one out for the big black touring car wants to win the \$15 merchandise certificate on the J. Levitt store for this fine spring weather makes the thoughts of both men and women turn to things to wear. Fifteen dollars will certainly purchase beautiful shoes, gloves, hosiery, etc., for the women folk, or some new spring shirts, cravats and hats for men. The interest in this contest about to close will increase today on till 4 o'clock Saturday afternoon at which hour the polls close.

The "double vote day" as announced is the greatest offer for free votes made in the present contest. It means that every 1000 votes will "cash in" for 2000 votes and that a five year subscription to the Daily Enterprise will be worth 14,000 votes. Thus it will be seen that it is to the best interests of each candidate to poll every vote that he has saved for a rainy day for it is doubtful if such another great chance to obtain free votes will be presented during this contest. Of course, as stated, the candidate must make a guess as to which of the two days, Thursday or Friday, is the "double vote day" as all the information that can be given is that it will be one of those two days. Positive assurance is given that no one, whether a candidate or not will be informed as to the day chosen, and no candidate will receive a "tip" as to which day is the one selected. So it will be up to the candidate to guess which day is the day that counts. It may be that Thursday has been chosen and again possibly Friday is the lucky day. But it will be a matter of guess work on the part of the contestant, but the "one best bet" is to cast a big bunch of votes both days and then you will double your votes on one of these days.

The Enterprise contest managers have another startling surprise which they will spring in a few days. Exact information as to the nature of the announcement is not at hand but assurance is given that it will startle every person in the county who is now entered in the race for the auto and will interest every one who thinks of getting in the game. It will be a few days before the plans are fully worked out in a presentable shape but the announcement will please every contestant. Watch the Daily Enterprise closely every morning for further particulars regarding this new feature.

Thursday or Friday will be double vote day, all votes cast on that day will be counted double. Remember no one knows which day is THE day as is might be either of them, but the good guessers will get double votes on all the ballots they cast, provided they deposit them in the big ballot box the RIGHT day.

John Thomman, an employe of the Oregon City Manufacturing Company, was seriously injured Tuesday in a peculiar manner. While he was attaching a hook to a bale of goods to be taken up an elevator shaft the cable was started, the hook catching his left jaw. He says he was drawn up twelve feet before he freed himself. His face was badly lacerated and Dr. Meissner, the company's physician, took several stitches in the injury. Thomman declares the proper signal was not given by the men above, which resulted in the accident.

## BADLY LOCOED.

Uncle Sam: "Must I go over and break that cayuse, so a greaser can ride him?"

## SCHUEBEL WOULD TAX WATER POWER

CANDIDATE FOR REPRESENTATIVE SUBMITS COPY OF PROPOSED BILL

## FRANCHISE ASSESSMENT PROVIDED

Eight Hour Shifts in Mills and Factories Are Advocated—Fish Law Amendment Urged

Following is the corporation franchise and water power assessment bill proposed by C. Schuebel, candidate for the Republican nomination for representative:

Section 1. All appropriated water and water powers in Oregon shall be assessed as land in the county where they are situated, and the assessed value thereof shall be listed by the assessor in the assessment rolls separately from the value of the land on which they are situated.

Section 2. Every franchise and every right of way of a public service corporation shall be assessed and listed for taxation by the State Commission separate and apart from the assessed value of the property of the corporation consisting of buildings, improvements, rolling stock and all other kinds of real and personal property. The State Tax Commission shall consist of the governor, state treasurer and secretary of state only, and the governor has authority to employ such clerical assistants as may be necessary.

Section 3. The value of every public service corporation franchise and right of way shall be assessed by the State Tax Commission and listed separately from the assessed value of its necessary improvements and personal property legitimately and properly used by the corporation in the operation of its business.

Section 4. The value of all improvements on, in and under land shall be assessed separately from the value of the land and shall be listed by the assessor in the assessment roll in the columns headed "buildings and improvements."

Section 5. Natural growths, deposits and other natural resources not expressly provided for heretofore shall be assessed as a part of the land on, in or under which the same are situated.

Section 6. The name public service corporation within the meaning of the law includes every corporation which has a franchise from the state or any municipality, or which in fact serves the public as a quasi public corporation or which, to enable it to serve the public, is granted the right of eminent domain.

Section 7. No public service corporation owns or shall own a vested property right in its franchise, but every public corporation holds and exercises its franchises and all its corporate rights, powers, duties and privileges as a trustee for the people of Oregon and for the people of every county and municipality in which it operates or by which it is granted or allowed any corporate powers, rights, privileges or franchises.

Section 8. Every tax payers is exempt from taxes on three hundred dollars of the assessed value of his household goods and personal property.

Section 9. All laws and parts of laws in conflict herewith or with any part hereof and hereby repealed in so far as they conflict herewith.

Mr. Schuebel gave out the following statement: "A bill to require water powers to be assessed in the county where they are located, and by the county assessor instead of leaving it to the discretion of the State Tax Commission, will add at least \$12,000,000 to the tax roll in Clackamas County. Most of the water power in this county is owned by the Portland Railway, Light & Power Company, but it would

## CRAZED GIRL FOUND WITH MUSICIAN'S BODY

NEW YORK, April 9.—With a beautiful imbecile girl, who greeted him with wild laughter, gibbering on the bed, the coroner and several physicians found Professor Louis Parma, famous music master, dead in his room here today. Both the cause of the death and the identity of the woman, whom the professor is known to have guarded and protected for nine years, are shrouded in mystery.

The police are endeavoring to discover the woman's true relations with Professor Parma, who was director of the New York Conservatory of Music, and prominent in musical circles throughout the east. So far their efforts have proved unavailing. Although the girl raves in seven different languages, the only names which she articulates are "Alice" and "Heleen."

The secret of the professor's guardianship of the woman was discovered by Mrs. Margaret Clinton, Parma's housekeeper who made the ghoulish find of the corpse. She became worried because she had not seen the professor since last Saturday and found open the door of the apartment when the police arrived there tried to question the demented woman, became convinced that she was insane, and removed her to the Bellevue hospital. Miss Ethel Von Keller, Professor Parma's private secretary declared today her belief that the girl might prove to be his daughter.

DR. FORD ENTERTAINS METHODIST CONGREGATION

Dr. T. B. Ford, pastor of the Methodist church, assisted by officers of the congregation, entertained at a social in Willamette Hall Tuesday evening the married members of his flock. The attendance was large and everybody had a good time. Dr. Ford, as usual, proved a fine host, being ably assisted by Mrs. Ford and their daughters. Delicious refreshments were served.

Cue Contest Postponed

Announcement was made Tuesday night that the Commercial Club Billiard tournament would be continued next Monday night. Games will also be played Tuesday and Wednesday nights.

THINK SUSPECT HAS CONFESSED

ROBERTS REPORTED AS DENYING HE INTENDED KILLING MEN IN AUTO

SHOTS AIMED ONLY FOR MACHINE

## THINK SUSPECT HAS CONFESSED

ROBERTS REPORTED AS DENYING HE INTENDED KILLING MEN IN AUTO

SHOTS AIMED ONLY FOR MACHINE

Ex-Convict Alleged To Be Paving Way To Escape Jail—Sheriff Will Not Discuss Report

Breaking down before the mass of evidence collected by Sheriff Stevens and Mass, Jack Roberts is said to have made a confession of the fact that he killed George Hastings and Donald M. Stewart, as the two young men and three associates sped by him on the Whitehouse road.

While admitting that he killed Hastings and Stewart, Roberts, in his confession, is said to have insisted that he is innocent of deliberate murder. His explanation, it is believed, is that he intended to shoot low and had no intention of wounding or killing the young men who thwarted his attempt and Roberts' explanation of the shooting was made, it is supposed, in the hope of receiving a penitentiary sentence and escaping the death penalty.

Sheriff Stevens, his deputies and others connected with the case, declined to discuss the rumored confession. "I have nothing to announce," was the only answer Sheriff Stevens would give when pressed for an admission that Roberts had confessed his guilt. "You can say for me, however, that I am positive we have the right man. The evidence is so conclusive that there is no chance for a mistake."

DAUGHTER'S BLOOD SAVES MOTHER'S LIFE

A remarkable operation was performed Tuesday morning by Drs. E. A. Sommer, and Dr. H. S. Mount, when Mrs. D. A. Thompson, who lives about four miles from Barlow, submitted to the operation of blood transfusion. Mrs. Thompson's mother, Mrs. Edvard Hilton residing near Barlow, has been a sufferer of pernicious anemia for some time, and her condition Monday was critical. Mrs. Thompson offered to sacrifice blood enough for the operation, and the wrist of her mother, as well as her own were severed, and the blood allowed to flow from an artery of Mrs. Thompson to one of Mrs. Hilton. Mrs. Hilton shortly after the operation was much improved. Her cheeks soon showed color, and her pulsation increased. The physicians are much encouraged over the result of the operation, and have hopes of saving Mrs. Hilton's life, although she is sixty-two years of age.

ELECTRIC COMPANY ASKS PORTLAND FRANCHISE

PORTLAND, April 9. (Special).—An ordinance giving the Northwest Electric Company of Portland and San Francisco a 25-year franchise to engage in the business of distributing electricity in Portland for light, heat and power purposes will be presented to the City Council at its regular session tomorrow.

The company proposes to compete directly with the Portland Railway, Light & Power Company for light and power service but does not intend to operate railway lines.

POCAHONTAS DEGREE GUEST OF PORTLAND COUNCIL

About twenty-five members of Vachene Council, Degree Pochontas, were guests of a Portland council Tuesday night. A fine program was rendered and delicious refreshments were served. The Oregon City delegation went to Portland in a special car.

## \$4,000 ESTIMATED ELEVATOR COST

LIVE WIRES COMMITTEE WILL ASK CITY COUNCIL TO PROVIDE MONEY

## PLANS ARE SUGGESTED BY RANDS

County Court is Expected To appropriate \$10,000 Toward Fund For Building Armory

Ernest P. Rands, who has been investigating the practicability of building an elevator at the bluff, reported at a meeting of the Live Wires Tuesday that a concern in Portland had agreed to erect one for \$4,000. Mr. Rands said the proposed elevator would be of the latest model and would accommodate all the persons who wished to use it. He recommended the hydraulic type, the power to be obtained from the falls. A committee, consisting of Mr. Rands, W. L. Mulvey and B. T. McEain, was appointed to confer with the city council regarding the building of the elevator.

M. J. Lazelle, secretary of the Promotion Department of the Commercial Club, who has charge of the booster day arrangements, reported progress. The celebration will be held April 27, and Mr. Lazelle reported that it would be the biggest in the history of the county. He said the department had decided to have industrial exhibits instead of carnival shows as given last year. Mr. Lazelle reported that a big horse parade would be held in the morning of the celebration.

Dr. L. L. Pickens announced that he had conferred with the county court regarding the suggestion that the county appropriate \$10,000 for use in connection with the construction of an Armory. The state will give a similar sum, and the city already has donated a site for the building. The court has not made a decision, but it is believed the appropriation will be made for it would save the county a yearly expenditure of \$300 for rent of the building now used as an Armory.

REGISTRATION ABOUT SAME AS 2 YEARS AGO

County Clerk Mulvey said Tuesday night after the close of the books that the registration this year was about the same as two years ago. That at least 500 men of legal age have not registered is the opinion of the county clerk. He declared that it would be impossible to give out the totals until late this afternoon and possibly tonight. The number of Republicans registered is about four times that of all other parties. There is a slight increase in the registration of independent voters.

WOMAN SERIOUSLY HURT IN RUNAWAY

Mrs. C. Welsman, an elderly woman of Clarkes, who has been ill for some time, was seriously hurt Monday while coming to this city. Mrs. Welsman's horse became frightened and ran away throwing Mrs. Welsman out and rendering her unconscious. The horse ran at a terrific rate toward Oregon City and at the head of Seventh Street turned into Polk and then down Ninth where it fell. Mrs. Welsman sustained serious bruises and cuts. While near Mountain View the horse broke loose from the buggy. The animal was slightly injured.

Mrs. Welsman, as soon as she recovered consciousness, missed her purse. It was found, but the contents which included \$20 in money and valuable papers were missing.

WALTER M. PIERCE'S EXPENSES ARE \$781

Walter M. Pierce, one of the Democratic aspirants for the United States senate, has forwarded to the clerk of the United States senate his statement of expenses in connection with his campaign for nomination, showing a total expense of \$781.

His expense includes \$160 for postage, \$250 for stationery and printing, \$200 for two pages in the official campaign pamphlet, \$30 for clerical help, \$31 for circulating petitions and \$100 miscellaneous.

The federal law applying to these statements was passed August 19, 1911 and the section limiting expense reads as follows: "No candidate for representative in congress or for senator of the United States shall give, contribute, expend, use or promise or cause to be given, contributed, expended, used or promised, in procuring his nomination and election, any sum, in the aggregate, in excess of the amount which he may lawfully give, contribute, expend, use or promise under the laws of the state in which he resides"

Other parts of the act relate to states in which there is no state law governing the matter. In Oregon the law allows an expenditure equal to 15 per cent of the first year's salary, or \$125.

How strong are you going in the support of your candidate in the Enterprise automobile contest?

## S. P. SURVEYING WEST SIDE ROUTE

ELECTRIC LINE WILL CONNECT WITH McMinnville Branch AT OSWEGO

## ROAD NEAR THAT OF P. R., L' & P. CO.

Operations Reported To Be Result Of Trouble That Started Some Time Ago—Engineers Reticent

A force of fourteen Southern Pacific Railway Engineers began surveying a route for an electric line to extend fifteen miles south from Oswego on the West Side Tuesday morning. The line will connect with the McMinnville branch at Oswego.

Although the surveyors refused to say why the company planned building an electric line parallel with a line that is being built by the Portland Railway, Light & Power Company, it was learned that it was the direct result of the trouble that has been brewing at McMinnville for some time.

Despite the report regarding the length of the road to be only fifteen miles it is believed that the intention is to extend it.

The Southern Pacific has planned for several years building an electric line from this city to Portland to relieve the congestion on the main line, and give a quicker and more satisfactory service. However, it was reported that the plan had been abandoned because of the Portland Railway, Light & Power Company's operations on the West Side. The Portland Railway, Light & Power Company's road has been completed from Oregon City nearly to Bolton and treaties have been built between Bolton and Oswego.

SENATE CANDIDATES TO SPEAK AT DINNER

Arrangements have been completed for the banquet to be given Saturday night at Willamette Hall by the Democratic County Central Committee. The committee on arrangements, consisting of C. V. Evans, Dr. A. L. Beattie, Duane Ely, and J. E. Jack, announced Tuesday that the Democratic candidates for United States Senator, Dr. Harry Lane, Walter A. Pierce and O. P. Coshov would respond to toasts.

M. A. Miller, until recently a candidate for the Democratic nomination for United States senator also will deliver an address. An orchestra has been engaged, and the banquet promises to be one of the best attended and most interesting ever given in this city. Members of all political parties are invited to attend.

MRS. J. U. ROSS GIVEN BIRTHDAY ENTERTAINMENT

A surprise party was given Mrs. J. U. Ross Monday evening by her neighbors of Lawton Heights, the affair being in honor of Mrs. Ross' birthday. The evening was spent in games and a delicious supper was served. During Mrs. Ross' residence in Lawton Heights she has made many friends. Present were: Mr. and Mrs. Edwin VanWey, W. H. VanWey, Mr. and Mrs. Jubb, Miss Edith Jubb, Mr. and Mrs. William Troop, Miss Mildred Troop, Mrs. William Forward, Mr. and Mrs. J. C. Spaglie, Ruth and Camilla Spaglie, Mr. and Mrs. J. U. Ross, Edith Ross, Mildred Ross, Baby Ross, Little Amy VanWey and Mr. and Mrs. Hazen Bernard.
