THE ROAD TO MOLALLA

Latest reports from the Clackamas Southern Railway offices show a large portion of the new stock subscribed, and that at a very early date work will be commenced again in earnest, the road to be finished and operating before winter as far as Molalla. The officers of this company have been giving their valuable time to this missionary work no doubt losing much by being away from their own businesses, at the same time this is being done gladly by each and every one and success alone can be the result of such endeavor.

ing of a railroad without the issuance and sale of bonds—a railroad owned entirely by its stockholders and out of debt.

Knockers are continually working against the company—missionaries of evil have been operating along the line of the survey and some of them are our own fellow citizens, a fact hardly conceivable, but still a fact. What their motive can be we of course do not know, but in these days of corrupt practice and false teachings, we can only surmise, as also can the reader.

With such men as the road has at its head, business and professional men all above reproach, the Enterprise feels it unnecessary to print and deny the falsehoods which are being circulated. Oregon City people know and feel that their neighbors along the proposed route feel likewise.

PAY ROLL INDUSTRIES

And still our largest mill keeps up the good work for our fellow citizens. Ask a machine hand how he likes the reward system and you have "his goat." Everything runs smoothly when properly lubricated and this new departure from the time worn set daily wage, certainly acts like oil, for no one is dissatisfied with the treatment he is receiving while many are loud in their praises of their superintendent, and the management. The Willamette Mills have always been blamed for the few troubles, or differences between the employer and the employe, but it would appear that the blame should have been laid at other doors, for this new plan that mill stands alone, and everyone knows it employs three-quarters of the population's wage earners.

Over 500 men are now benefitted by the system and if the efforts of the men in the departments, just included, bring like returns to the rewards paid in the machine rooms, the latest pay roll of the city will be increased between \$50,000 and \$75,000 per annum. Pay roll and property.

Modest Abbe Delife.

It is said that the French Abbe Delife once had in his household a very quick tempered relative, with whom he sometimes had animated disputes and who sometimes went so far as to throw books at the abbe. The abbe must have been a person of great amiability and self control. Once, when a particularly large and heavy volume was thrown at him, he caught it gracefully and said:

"My dear friend, I must beg of you to remember that I prefer smaller gifts."

A Bootless Attempt.

"Ma," said Tommy Twaddles, looking up from his reading of "Terry the Tenspot," "what is a bootless attempt?" "It's the sort your father makes to get up without his bearing him when he comes home late from the club," answered Ma Twaddles inclusively. Pa doesn't stop to remove 'em at the foot of the stairs now. He knows it's no use.—Cleveland Leader.

BOOSTER EXHIBITION TO SET NEW RECORD

What will undoubtedly be one of the most successful Booster Day and Horse Shows ever held in this city under the auspices of the Oregon City Commercial Club will be held Saturday April 27. All the exhibits will be of an industrial nature and there will be no carnival shows. Many of the merchants will give demonstrations in their show windows. There will be a slide for life of the suspension bridge and three bands, Oregon City Concert Band, automobile band and the girls band of Oak Grove will play. There will be two parades, the horse and decorated vehicles parade in the morning and the automobile parade headed by an automobile band in the afternoon.

Platforms will be constructed on the side streets and addresses will be made by leading speakers on "Farming." Dr. James Withycombe, of the Oregon Agricultural College will speak on "Horses and Farming." There will be a demonstration train here from the Oregon Agricultural College. The Oregon City Publicity will have a special edition, and thousands of copies will be distributed throughout the county, giving the farmers the program of the day's exercises. Manager Lazelle is much encouraged over the prospects of subscription. Those who subscribed for last year's booster and horse show day doubled the amount of subscription this year.

TAFT AIDED BY WAR OF PROGRESSIVES

WASHINGTON, April 9.—All hope on the part of the progressive Republicans in presenting a united front against the nomination of President Taft when the Republican national convention meets in Chicago, June 18, was declared by leaders of the progressives to be abandoned today as a result of the publication by Gifford Pinchot of a letter which he wrote to Senator Robert M. La Follette on February 17. The letter was written after Senator La Follette had refused to see Pinchot, telling him over the telephone, "I never want to see you or speak to you again."

In this letter Pinchot declares that La Follette understood that the object of the fight of the progressives was for principle, and to defeat the nomination of a reactionary as the Republican standard bearer for the presidency. It declares that La Follette did not expect the nomination and desires that Pinchot give the Wisconsin senator any pledges of personal support. The letter adds:

"This policy was reversed by your order several weeks ago. I believe there is nothing to be gained by trying to nominate a man whose nomination is impossible. Your appearance in Chicago with a mere handful of delegates would seriously impair the cause."

First Society Famine—How are the accounts of the new open house? Second Society Darned—Two good! Some people in the faculty circles said they could hear every word spoken in our box.—Life.

CANDIDATE FOR REPUBLICAN

Nomination for District Attorney, Fifth Judicial District. Attorney for city of Astoria, also attorney by appointment for cities of Seaside and Warrenton and Port of Astoria.

the use? It takes space, means nothing more, and costs money. I am asking and seeking only for the INDORSMENT OF THE VOTERS at the polls on April 19th. My work as an attorney has been passed upon by FOUR municipal bodies of my home county by their electing me their attorney. The city government of my home city (Astoria) by resolution adopted a few months ago said that I had done for \$125.00 per month three times the amount of work that for two years prior to my term cost about twice as much. This is a matter of public record. Mr. Tongue has been in office FOUR years. Do you, Mr. Voter, want him another FOUR years? You, and not a small portion of the attorneys of this district are qualified to state who shall receive the Republican nomination, I am content to leave the matter in your hands." (Paid Adv.)
