

### IRELAND PLEASSED WITH HOME RULE BILL

DUBLIN, Ireland, April 12.—The Nationalist papers of Ireland, on the whole, consider the government's home rule bill as satisfactory, although some of them profess to regard it as not being final.

The Freeman's Journal described the bill as the greatest, the boldest and the most generous of the three home rule bills, and says:

"We should not be surprised to see it received with hearty welcome by the Irish party."

The Irish Times, Unionist says: "The measure will prove so utterly unworkable as to offer no middle course between a complete separation from Great Britain and a return to the status of the union."

The Irish Independent remarks: "It would probably be correct in describing the bill to say that it gives us three-quarters of what we expected and probably not so large a share of what we demanded. The measure cannot be regarded as final."

The Cork Free Press says: "The government's scheme is not a solution of the Irish problem."

The Dublin evening papers printed full reports of Premier Asquith's speech yesterday and so far as judgment is possible before the text of the bill is available the measure is regarded as unexpectedly favorable. There is no doubt that it will be accepted by the forthcoming Nationalist convention.

The bill is considered far better than either of Gladstone's from a legislative and administrative and, above all, a financial viewpoint. The power given to the Irish executive to appoint judges is a surprise, and is greatly appreciated.

### 23,000 ENGINEERS VOTE TO GO ON STRIKE

NEW YORK, April 12.—By a majority of more than 23,000 out of 25,000 votes cast, locomotive engineers on 50 railroads east of Chicago and north of the Norfolk & Western, have authorized a strike should further negotiations with the railroads for increased pay fail.

The count was complete at noon, and the result announced by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers and managers' associations of the railroads. The general managers have called a meeting here for April 15 to consider the result. The engineers' officers have notified Stuart they would remain here for "a reasonable time" to await the counter proposition. The original demands of the engineers for increased pay aggregating 15 per cent recently were rejected by the railroads.

Stone announced that 93.1 per cent of the engineers had voted to authorize a strike.

In his letter Stone asks if the railroads have any counter proposition to make and notifies Stuart that if none is received a strike on the 50 roads is subject to call at any time.

In addition to the 25,000 members of the Brotherhood, Stone said approximately 15,000 members of the Brotherhood of Locomotive Firemen also had voted. Their vote, he said, was overwhelmingly in favor of a strike.

"The result speaks for itself," Stone said. "The next move is up to the railroads."

"If the railroads do not make a counter proposition, will you call a strike?" he was asked.

"That is not a fair question at this time," he replied. "I cannot answer."

## LOWER ELECTRIC RATES

As a result of economic methods and the acquirement of additional facilities, the PORTLAND RAILWAY, LIGHT & POWER COMPANY takes a great deal of pleasure in announcing to the citizens of Oregon City and the surrounding territory an important reduction in its electric light and power rates.

### IMPORTANT

It has been the constant policy of the Company to give good service at reasonable rates. The Company is more interested than anybody else in building up a bigger, busier and better Portland, and it fully recognizes the important influence of low rates and good service. The new lighting rate is 9, 7 and 4c per kilowatt hour. Details of this reduction and the conditions involved can be secured upon application at any of the Company's offices. Several months will be required to change over the 31,000 accounts which this reduction in lighting rates will affect. In order that our patrons may be put to the least possible inconvenience, new contracts will be mailed beginning May 1st. The Company earnestly requests that these be signed, witnessed and returned to the Company's representative in Oregon City as promptly as possible, thus avoiding the possibility of waiting in line at the office.
