CLACKAMAS SOUTHERN RAILWAY.

Again the people of the Willamette Valley have evidenced their approval of the work being done by the officers of the Clackamas Southern Railway Company, this time at Silverton, notwithstanding the efforts of some certain Clackamas County people to pour cold water on and dampen the enthusiasm of the people along the survey and right of way. The line is an assured fact; the money will all be subscribed within ten days to put the road through and when Molalla corners can boast of a real live railroad to Oregon City the road will proceed with its great work and should reach Silverton before winter.

Now Sublimity and Mount Angel demand recognition; in fact both places are willing and able to subscribe a sufficient amount to demand the attention of the officers of the road. What shall they do? What can be done? Oregon City people pass

by daily without hardly common knowledge of the work their fellow citizens are doing. Do we all understand or realize that we are about to connect a new country with our city as a distributing center? Our business men interested in the management of this road are willingly giving hours and even days of their time each week to this great work, and without even one cent of recompense or even reimbursement of their expenses. It would seem that more of us should aid by the purchase of a few shares of stock while it can be purchased.

BOOSTER DAY

Are we ready to welcome our guests on Saturday April 27? There will probably be 7500 to 10,000 people in town that day, the occasion being our annual event—Horse Show and Booster Day. Last year many unsatisfactory events were scheduled but this coming day of all Clackamas County days will be one long to be remembered, as the best and most satisfactory from every point of view. Hang out the latch cord and do all you can to make our visitors feel at home. They'll come again if you treat them as though you wanted them. Welcome to all.

HEROES OF THE TITANIC

The appalling loss of life on the Titanic almost makes ones flesh creep, when he thinks how almost all, if not all, could have been saved had there been provided a sufficient amount of life saving equipment. Inquiries will not bring back to life the hundreds of heroes who went to their doom as no such number of men ever did in the history of the world. All the efforts of those saved and of friends and relatives will not bring back the loved ones to those bereaved, absolutely without notice, or warning. There is only one consoling point and that is the words of praise coming from every mouth for those heroes, for such each and every one was who gave up his life that the women and children might be saved. May the name of each and every one be written in history

and held sacred from this hour. Another of our promising young men has suddenly passed away, Oben Tonkin, a trusted office employee of the Willamette Pulp & Paper Company, who has worked up through various departments, having started in the mills themselves, now to have his life ended at such an untimely hour—youth and ambitious and with prospects as good as anyone. He was a member of Oregon City Lodge 1189 B. P. O. E., loved and respected by all, having an unusual personality. He leaves a widow, having been married only about one year, also a mother and father, Mr. and Mrs. J. O. Tonkin of West Oregon City. His funeral will be in charge of his brother Elks.

GAMBLING ON BALL GAMES TO BE BARRED

PORTLAND, April 22, (Special).—All gambling on baseball games is prohibited by an ordinance drafted this morning by City Attorney Grant at the request of a number of ardent supporters of the National game, and recommended for passage to the Council. Not only does the measure clamp the lid on betting on games played in this city, but on betting here on all baseball games wherever played. The principals in the betting are not only held responsible but the ordinance specifies also that any stakeholder or bookmaker for betting on ball games is liable to arrest and prosecution. Recently several baseball fans interviewed the city attorney and informed him that it was a notorious fact that there was much betting in this city on baseball. They said they took a deep interest in the game and feared that unless some check was placed on the gambling over the results of contests that it would make the game unpopular and in the end deprive the sport of support of the true lovers of the game. He promised that he would prepare an ordinance and present it to the Council, and it will go before that body on Wednesday. In his communication to the Council the City Attorney said he was certain that the ordinance would meet with vigorous opposition from gamblers and other who bet on ball games, but that on the other hand it would receive the hearty support of all true lovers of the game and meet with the approval of the players. There is a state anti-gambling law, but it is general and in several instances where efforts have been made to punish those who bet on baseball games, the accused were successful in escaping punishment. The ordinance drafted is specific in its reference to baseball games and it is said, will stand the test in the courts. Violation of the ordinance is made punishable by a fine of not less than \$10 or more than \$200, or by imprisonment in the city jail of not less than five or more than 100 days. Eggs in China. At certain seasons of the year eggs are sold in China for 20 or even 18 cents per 100. The time to read the Morning Enterprise is at the breakfast table or a little before.
