## COLONEL SCORES WASHINGTON VOTE

ROOSEVELT SAYS RESULT IS "SCANDALOUS" AND FRAUD WAS COMMITTED

## THIRD TERM CHARGE IS ANSWERED

Ex-President Declares Taft's Father and Brother Were Supporters of General Grant in Last Race

DEFIANCE, Ohio, May 16.—When Colonel Roosevelt learned the outcome of the Washington state Republican convention yesterday, as a result of which two sets of delegates are to be sent to the National convention, he denounced the action of the Taft supporters as "scandalous" and "fraudulent."

"The most scandalous thing our opponents have recently tried and failed in is to steal from the people of Washington the delegates of the state whenever we held primaries in that state we beat them. Where they were strongest we beat them 2 to 1. Where they were not so strong we beat them 8 to 1. They had no chance of any kind and so they have endeavored to steal what they could not earn, to try by theft to get what they could not get from the people."

Large crowds met Colonel Roosevelt during the day. At Lima while he was speaking a man called out: "What about the third term?"

Colonel Roosevelt whirled about and pointed his finger in the direction of the questioner.

"You can't ask me any question, you foolish creature, that I can't answer," he said. "I will answer you by quoting the words of President Taft's father about the third term."

He then read a letter written by Judge Alphonso Taft, the President's father, to the Cincinnati Enquirer. After quoting Judge Taft's opinion, in referring to Grant's candidacy for a third term, that the only danger lay in the use of Federal patronage for the purpose of procuring a third consecutive term, he said that Judge Taft's name headed the list of members of a Grant third term club.

"Down among the list of members comes the name of a bright young representative of the family, Charles P. Taft," he said. "The whole Taft family was in that movement."

"I will appeal from son to father and ask you to accept the sound common sense which the father spoke as to the ridiculous folly of raising any talk about a third term, when the terms are not consecutive and the man of power has no earthly means of influencing a single officeholder, a single privileged representative of the privileged class."

## DARROW JURY TO BE CHOSEN TODAY

LOS ANGELES, May 16.—Indications at the close of the second day of the trial of Clarence S. Darrow, the Chicago attorney indicted for jury bribery, pointed to the probable completion of the jury by tomorrow night. When court adjourned tonight eleven men had been tentatively passed by the prosecution and defense and one was under challenge for cause by the defense. Peremptory challenges are expected to be used by both sides tomorrow.

Homer Laughlin, Jr., a young Los Angeles millionaire, was the talesman challenged by the defense and he was locked up with the other prospective jurors tonight pending the ruling of Judge Hutton.

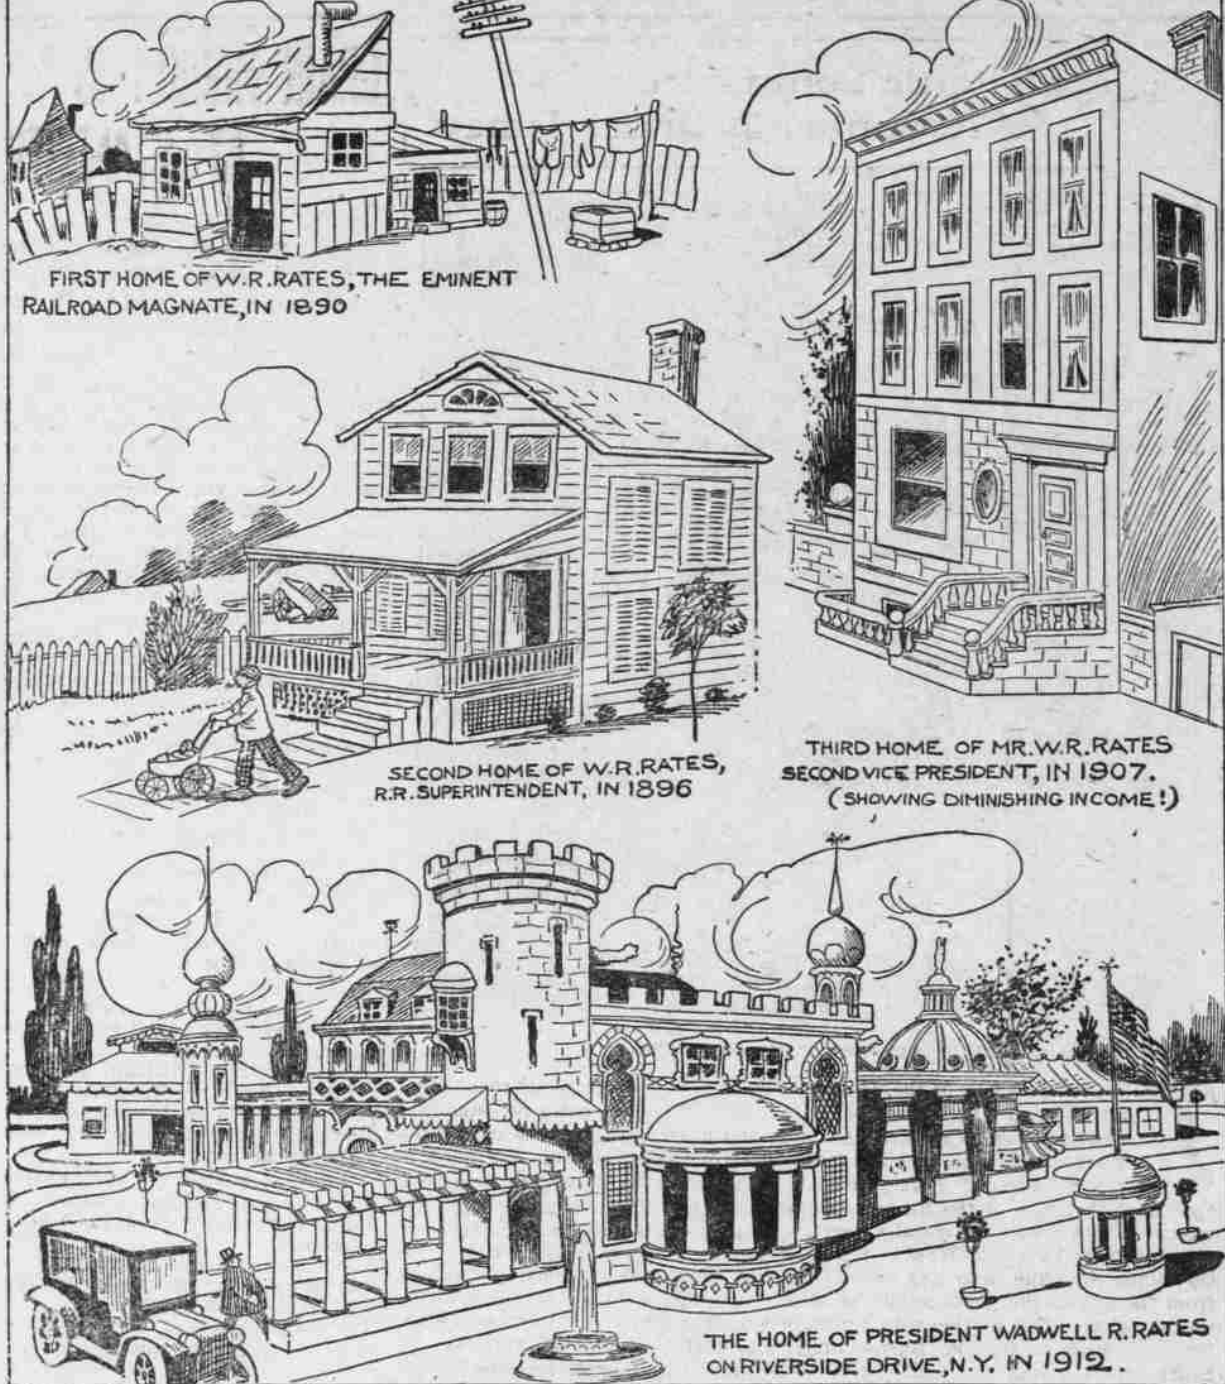

The time to read the Morning Enterprise is at the breakfast table or a little before.

## ALUMINUM TRUST FIGHT IS STARTED

GOVERNMENT SUES TO RESTRAIN CORPORATION FROM CONTROLLING BUSINESS

500 PER CENT DIVIDEND DECLARED

Company Owns Virtually All Known Deposits in This Country—Unlawful Compacts Alleged

PITTSBURG, May 16.—The Federal Government filed a civil anti-trust suit against the Aluminum Company of America, which will be the basis for an "agreed decree," designed to restrain the so-called aluminum trust from monopolizing the manufacture of aluminum and its products, including cooking utensils.

In a petition in equity to the United States Court for the Western District of Pennsylvania, the company is charged with being a monopoly restraining interstate and foreign commerce in violation of the Sherman law. It is declared to have acquired a substantial control of the aluminum industry of the United States, and to have charged unreasonably high prices and profits on its products. The dissolution of the corporation is not sought but, the court is asked to issue nine broad injunctions against alleged unlawful contracts, combinations, conspiracies and practices.

The Government concedes that the company's ownership of more than 90 per cent of the known deposits of bauxite (the base of aluminum) in the United States and Canada, suitable for the manufacture of the metal, is not "within itself," unlawful. It is charged however, that the practical monopoly in bauxite and the manufacture of aluminum, which the company legally enjoyed on the expiration of its patents for making aluminum in 1909 has been maintained by unlawful agreements and unfair methods towards competitors.

The extent of other bauxite deposits in the United States is not known at this time, but it is pointed out that there are inexhaustible quantities abroad, which could be placed at the disposal of competitors for aluminum manufacture if the restraints on the trade are removed.

The history of the aluminum cooking-utensil industry in the United States says the petition, "is the history of shipwrecks," caused chiefly or contributed to by the arbitrary, discriminatory and unfair dealings of the defendant.

The agreed decree, which will be entered within a few days will follow the Government's prayer for restraints on the company. This agreement, obviating a long battle in the courts, was the result of several weeks of negotiations between the Department of Justice and the corporation.

William T. Chantland, special assistant to the Attorney-General, is in charge of the case, which he developed for the Government. The bill also is signed by Attorney-General Wickham, Assistant Attorney-General

Fowler and United States Attorney Jordan, of Pittsburgh.

The Aluminum Company of America, incorporated in Pennsylvania, originally as the Pittsburgh Reduction Company, has grown, it is pointed out from a \$20,000 capitalization in 1888, until its assets now are estimated at \$27,000,000. A stock dividend of 500 per cent or \$16,000,000 was declared in 1909.

In addition to its extensive raw material (bauxite) holdings, the Government declares that the company produces practically 80 per cent and consumes substantially 100 per cent of the alumina used in making aluminum; manufactures substantially 100 per cent of the crude and semi-finished aluminum for the United States and Canada; more than 70 per cent of the aluminum cooking utensils in the United States; controls the manufacture and sale of over 50 per cent of aluminum casting for this country—used primarily in the automobile industry, and more than 70 per cent of all aluminum goods and novelties of general make in this country.

## NEWLY WEDS HAVE PICNIC IN COUNTRY

One of the most enjoyable events given by the Newly Weds of this city was held Wednesday evening. The party went to Clear Creek Park and a fine spread prepared by the brides was enjoyed. The husbands of course did justice to the good things, and enjoyed many dances in the pavilion until a late hour after the supper was served. The music was furnished by a large concert Victrola, which had been taken out for the dancing. Among the features of the evening were the selections from "The Pink Lady," by the Newly Wed Quartet composed of A. A. Price, George Hankins, (bassos.), H. E. Hendry, (mezzo-soprano) Dr. C. H. Meissner, tenor. The solos given by M. D. Latourette, who rendered "I Love It," responding to a hearty encore, "The Beautiful Doll," W. R. Logus, whose strong and musical voice sounded through the vale, was never heard to better advantage when he gave "Don't Wake Me Up I Am Dreaming," but he had hardly finished singing this when he was awakened by the hearty applause of his listeners, and he responded most graciously by singing "God Be With You Till We Meet Again." The Newly Wed Quartet sang before the start was made for home, their selection being "Put Your Arm Around Me."

To the surprise of the singers as well as the audience two farmers made their appearance hunting for cows, thinking the noise made by the quartet and the soloists was from a cow in despair. Apologies were offered by the farmers, and of course accepted by the singers the latter wended their way in another direction hunting for their lost stock. The party returned to Oregon City about 12 o'clock after having a most delightful time. The two farmers, who called on the party at the park, will be notified ahead of time that this quartet and the two soloists will be just in the vicinity, so it will be no occasion for them to interrupt the merry-makers' "musical" selection.

Those enjoying the trip were Mr. and Mrs. M. D. Latourette, Mr. and Mrs. W. R. Logus, Mr. and Mrs. Geo. Hankins, Mr. and Mrs. A. A. Price, Dr. and Mrs. C. H. Meissner, Mrs. Walter Wells, Mr. and Mrs. H. E. Hendry.

## POLICEMAN BARES SHEAHAN'S PLANS

GUARDIAN OF PEACE SAYS HIGH SCHOOL ATHLETE WILL WIN AUTO

MISS M'CORD, HOWEVER, IS LEADER

Wilson and Brown Also Are Candidates To Be Reckoned With—Second Prize Appeals To All Candidates

Have you noticed that the Morning Enterprise has been publishing real live news in this column—news of great thoroughfares that are planned and what great automobile companies expect to do. Not that his news is any more important than that relating to the candidates in the great automobile contest, but it is at least a change, and who does not relish a change? The contest manager, who is responsible for this department, does not want to surfeit the readers of the paper on what Miss M'Cord is doing, or what Joe Sheehan is doing, or what Kent Wilson is doing. As a matter of fact he does not know what any of them is doing except Miss M'Cord. She is leading by a goodly margin, and so far as the manager knows, she is depositing her ballots as she obtains them.

A policeman told the manager Thursday night—and if you have troubles you know the man to tell them to—is a policeman—that Joe Sheehan had come to him unsolicited and declared he would win the automobile hands down. According to the story which arrived in this office second hand, Joe has votes galore, and he is just as certain of being the owner of that \$785 Ford touring car as Superintendent of City Schools Toozee is of being reelected for the coming year, or that Mayor Dimick and the City Council will have another squabble before a fortnight. The manager hopes the young high school athlete is a contender in the race. And, furthermore, the manager believes that he will be. And then there is a second prize of \$100. If Joe should happen to lose the auto don't you—happen to lose the auto don't you—tickle to death to get that second prize? Of course you do, and of course you are going to help him just as much as you think he deserves helping. The race is anybody's as yet, but if Joe should get even busier than she has been. And in this little heart-to-heart talk Wilson, probably the most popular young man in Oregon City, and Brown the insurance agent, have not been mentioned. Watch them!

## E. STINSON PURCHASES MACDONALD FISH MARKET

E. Stinson, who recently purchased the Thomas Brown fish market, also has purchased the MacDonald fish market near the Southern Pacific station, and will operate both markets, his wife assisting him in the business. Mr. Stinson recently moved here from the East.

## BURNS' CASE IS HEARD BY EAKIN

JUDGE HOLDS PLAINTIFF CANNOT COLLECT SALARY UNLESS HE IS LEGAL CHIEF

## FINAL DECISION EXPECTED SOON

Plaintiff, City Recorder and City Treasurer Are Witnesses—Salary For "Reasonable Service" Refused

Circuit Judge Eakin Thursday took under advisement the suit of Charles E. Burns against the city for February salary as chief of police. If the decision is in favor of Burns it will virtually be a declaration that he is chief of police and not E. L. Shaw, also a claimant of the position. Should the decision be against Burns he probably will institute other legal proceedings and continue his fight for the place. Cross & Hammond represented the plaintiff and J. E. Hedges the defendant. City Recorder Stipp, City Treasurer Latourette, and Burns testified, after which the lawyers for the defendant filed a brief and Judge Eakin announced that he would take the case under advisement. The lawyers for the plaintiff asked six days in which to file a brief.

A contention of the lawyers for the plaintiff that if Burns was not declared chief of police, he was entitled to salary as a police officer, was overruled by Judge Eakin, who announced plaintiff was either chief or he held no office. He said the court could not under the circumstances fix a reasonable value for his services if he were not legally the chief of police. The judge is expected to render a decision in a few days.

## LAZELLE TO QUIT PUBLICITY WORK

POPULAR COMMERCIAL CLUB AIDE WILL ENGAGE IN BUSINESS

## SUCCESSOR HAS BEEN EMPLOYED

Booster Day Celebrations, Horse Shows And Entertainments Arranged By Him—Will Take Vacation

Marshall J. Lazelle, for two years manager of advertising and secretary of the promotion department of the Commercial Club has resigned. His resignation will take effect June 1, but he has agreed to assist his successor in becoming acquainted with the work. A successor has been named, but the department will not reveal his identity for several days.

Mr. Lazelle, although a young man, has done a fine work in Oregon City. The promotion work under his administration has been of the highest order, and he demonstrated that he had even more ability than many men serving in similar capacities in other cities in Oregon who were paid higher salaries. He was a faithful, conscientious and intelligent worker for the upbuilding of the city and county, and the members of the publicity department were loath to accept his resignation. Mr. Lazelle after being graduated from the Oregon Agricultural College engaged in farming, but was soon called to this city to become the manager and advertising agent of the promotion department. He also served as manager of the county fair for two years, and the fair was never more prosperous. In fact the association cleared \$1,000 each year while he was in charge.

Mr. Lazelle had charge of two booster days and two horse shows given in Oregon City and both of them were big successes. He originated and managed the first poultry show in this county, which was held last February and which gave an impetus to the poultry industry in this county. He later organized the Clackamas County Poultry Association, which will have an annual exhibition. He started "Oregon City Publicity," the Commercial Club paper, and has been its editor since its inception. The paper is a credit to Mr. Lazelle and the county. In addition to his other work Mr. Lazelle is the secretary of the Clackamas County Horticultural Society.

Upon severing his connection with the Publicity Department Mr. Lazelle will spend the remainder of the summer on a farm at Twilight, and in the Fall will assume the active management of a large business concern in Oregon City.

## PUPILS INTEREST VETERANS OF WAR

Meade Post No. 2, G. A. R. and the Women's Relief Corps went to Canemah Wednesday morning, where appropriate memorial exercises were held in the Canemah school. The principal, Miss Elizabeth Kelly, and primary teacher, Miss Lucille Rickabaugh, received much praise from the old soldiers for the excellent program given by the pupils under their supervision. During the morning session interesting talks were given by the members of Meade Post, who related the experiences they had during the Civil War, which were much appreciated by the pupils as well as the instructors of the school.

## FRIENDS PAY TRIBUTE TO GEORGE MILES

The funeral of George Miles, son of E. A. Miles, Deputy Sheriff, whose body was found near Columbia Beach Monday afternoon was held Thursday afternoon, Company G, of which the young man was a member, being in charge. The Rev. S. P. Davis conducted the service. A mass was held at the Holman Undertaking establishment, and the interment was in Odd Fellows' Cemetery. Mr. Miles disappeared August 14, 1911, the day the company broke camp, and although his comrades made a thorough search for him, no trace was obtained. His father later made an unsuccessful search. The body which was hardly more than a skeleton was found by a party of real estate men. Identification was made from the clothing, hair, teeth, etc. Members of Company G were the pallbearers. There was a large attendance at the funeral and Mr. Miles' friends desired to thank the members of Company G and other friends for their kindness.

## SCHOOL EXHIBITION TO BE GIVEN TODAY

The pupils of the Willamette school will have an exhibition a display of their work in the school building today. Work in grades from the primary to eighth will be shown. Miss Mattley is teacher of the primary grade; Mrs. Criser, of the third and fourth grades; Miss Genevieve Capen, of the fifth and sixth grades and Professor J. R. Bowland, principal, of the seventh and eighth grades. In order to give the parents a chance to view the exhibition the school house will remain open until 8 o'clock this evening.

## JUDGE BEATTIE WILL ATTEND GRANGE PICNIC

The announcement in the Morning Enterprise that County Judge Beattie would speak at the picnic to be given by the Farmers' Grange at Brown Station, on the O. W. P., tomorrow was an error. Judge Beattie will attend the picnic, but he has not been invited to deliver an address. He will meet his friends at the picnic, which will be of far more concern to him than if he distinguished himself as a speaker.

## SCHOOL EXHIBITION TO BE COMMENCEMENT WEEK

Superintendent of City Schools Toozee announced Thursday evening that the school exhibition would not be given until commencement week. It was originally planned to give the exhibition today and tomorrow, but Superintendent Toozee was unable to obtain a building. He thinks, however, that he will find one for commencement week. The exhibition last year was declared to be one of the finest ever given in the state.

## COMPANY TO INSTALL LIGHTS IN FEW DAYS

The arc lights ordered by the City Council will be installed in a few days. Councilman Burk, Chairman of the committee on streets, Thursday toured the city with a representative of the Portland Railway, Light & Power Company and showed him the locations that had been decided upon for lights. The Portland Railway, Light & Power Company man said that the lights would be installed as soon as possible. Mr. Burk will go with him today on a trip through the city. The demand for the lights is insistent, but the council would like the people to understand that it takes a little time to erect the poles and attach the burners.
